Note: The reports contained within this document are for consideration and should not be construed as a decision of Council. Should commissioners require further information relating to any reports, please contact the hearings advisor.

WHAT HAPPENS AT A HEARING

Te Reo Māori and Sign Language Interpretation

Any party intending to give evidence in Māori or NZ sign language should advise the hearings advisor at least ten working days before the hearing so a qualified interpreter can be arranged.

Hearing Schedule

If you would like to appear at the hearing please return the appearance form to the hearings advisor by the date requested. A schedule will be prepared approximately one week before the hearing with speaking slots for those who have returned the appearance form. If changes need to be made to the schedule the hearings advisor will advise you of the changes.

Please note: during the course of the hearing changing circumstances may mean the proposed schedule may run ahead or behind time.

Cross Examination

No cross examination by the applicant or submitters is allowed at the hearing. Only the hearing commissioners are able to ask questions of the applicant or submitters. Attendees may suggest questions to the commissioners and they will decide whether or not to ask them.

The Hearing Procedure

The usual hearing procedure is:

- **the chairperson** will introduce the commissioners and will briefly outline the hearing procedure. The Chairperson may then call upon the parties present to introduce themselves. The Chairperson is addressed as Madam Chair or Mr Chairman.
- The **applicant** will be called upon to present their case. They may be represented by legal counsel or consultants and call witnesses in support of the application. The hearing panel may ask questions of the speakers.
- The **local board** may wish to present comments. These comments do not constitute a submission however the Local Government Act allows the local board to make the interests and preferences of the people in its area known to the hearing panel.
- **Submitters** (for and against the application) are then called upon to speak. Submitters' active participation in the hearing process is completed after the presentation of their evidence so ensure you tell the hearing panel everything you want them to know during your presentation time. Submitters may be represented by legal counsel or consultants and may call witnesses on their behalf. The hearing panel may then question each speaker.
 - Late submissions: The council officer's report will identify submissions received outside of the submission period. At the hearing, late submitters may be asked to address the panel on why their submission should be accepted. Late submitters can speak only if the hearing panel accepts the late submission.
 - Should you wish to present written evidence in support of your submission please ensure you provide the number of copies indicated in the notification letter.
- **Council Officers** will then have the opportunity to clarify their position and provide any comments based on what they have heard at the hearing.
- The **applicant** or their representative then has the right to summarise the application and reply to matters raised. Hearing panel members may further question the applicant. The applicants reply may be provided in writing after the hearing has adjourned.
- **The chairperson** will outline the next steps in the process and adjourn or close the hearing.
- If adjourned the hearing panel will decide when they have enough information to make a decision and close the hearing. The hearings advisor will contact you once the hearing is closed.
- Decisions are usually available within 15 working days of the hearing closing.

Please note

- that the hearing will be audio recorded and this will be publicly available after the hearing
- catering is not provided at the hearing.

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

I am supportive of the submission in it's entirety.

What are the reasons for your submission?

Eden Park has done a great job delivering the concerts to date as well as continuing to play an integral part as a community asset through the sporting events it delivers. It is our biggest venue, the kind of venue that the big acts want to play at who would often want more than one show. Let's keep NZ on the international stage for music.

What decisions and amendments would you like the council to make?

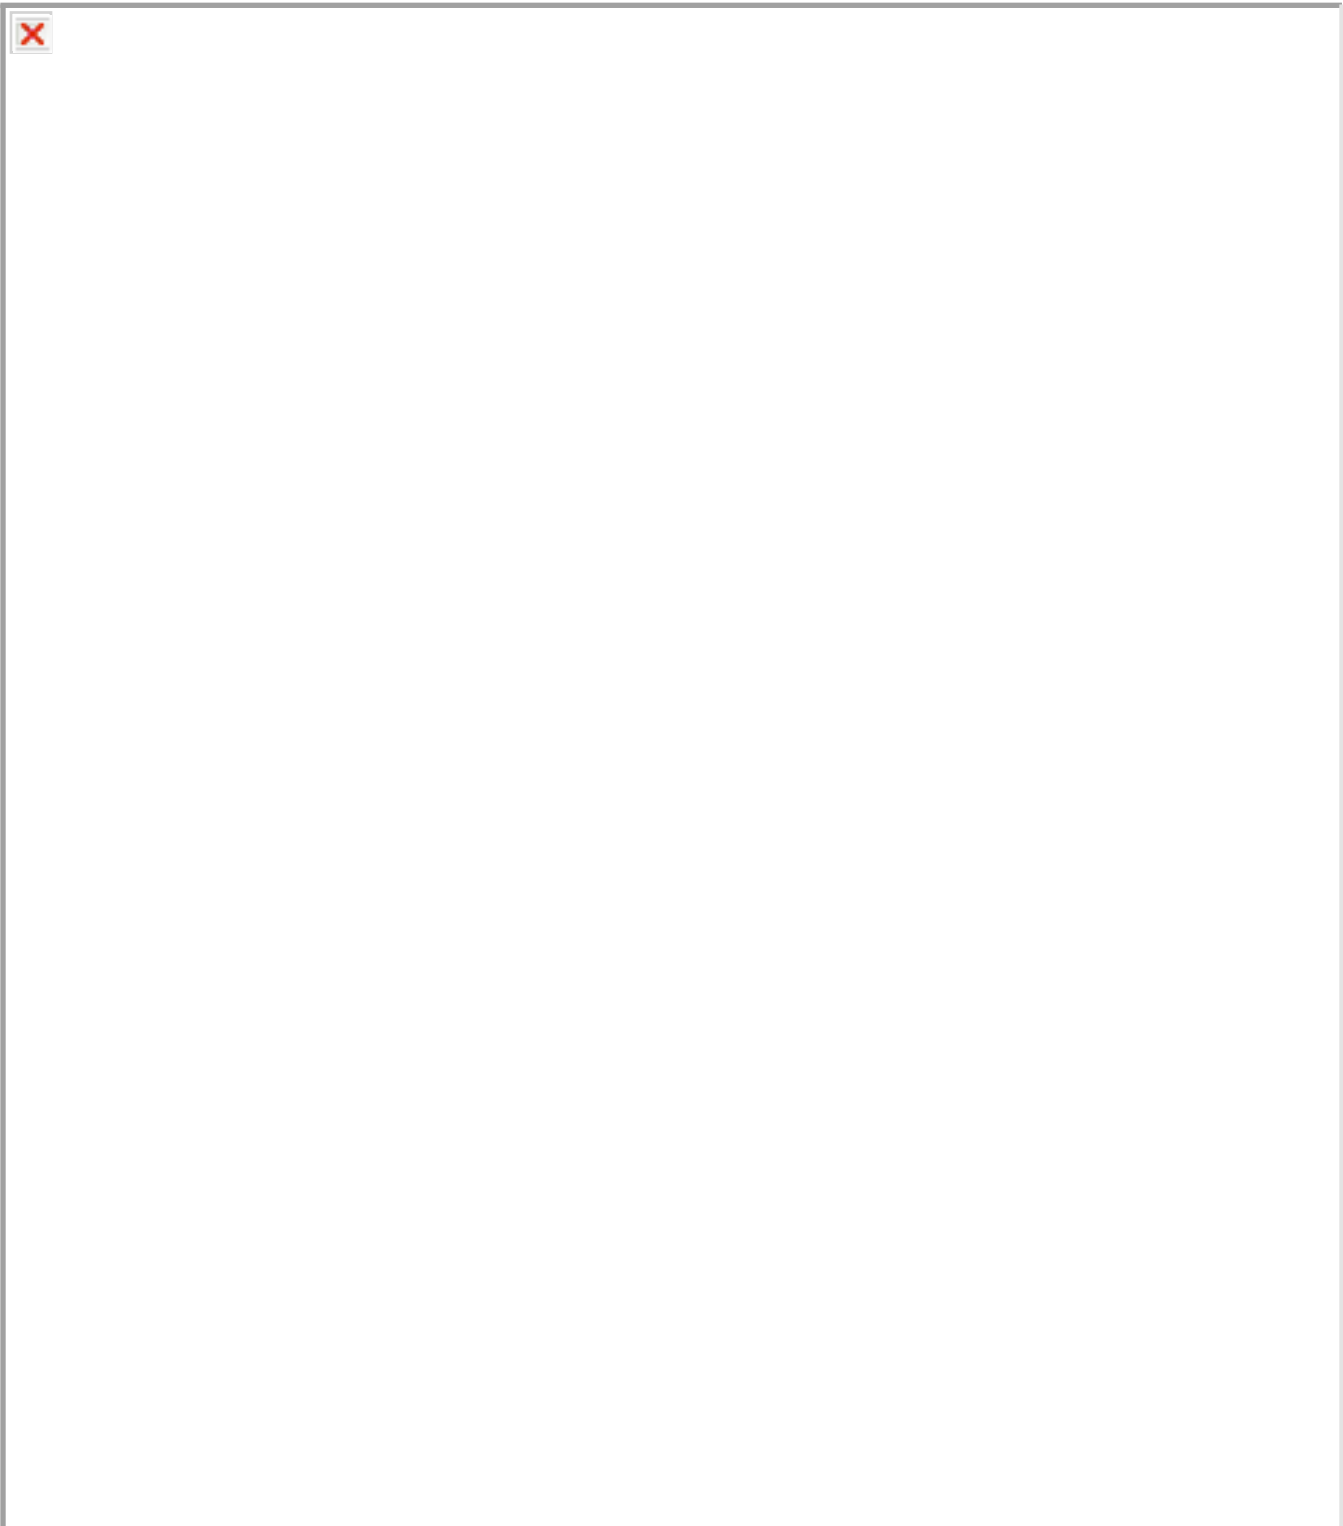

None

The proposed concert finish time of 11pm. I support the other changes.

What are the reasons for your submission?

What decisions and amendments would you like the council to make?

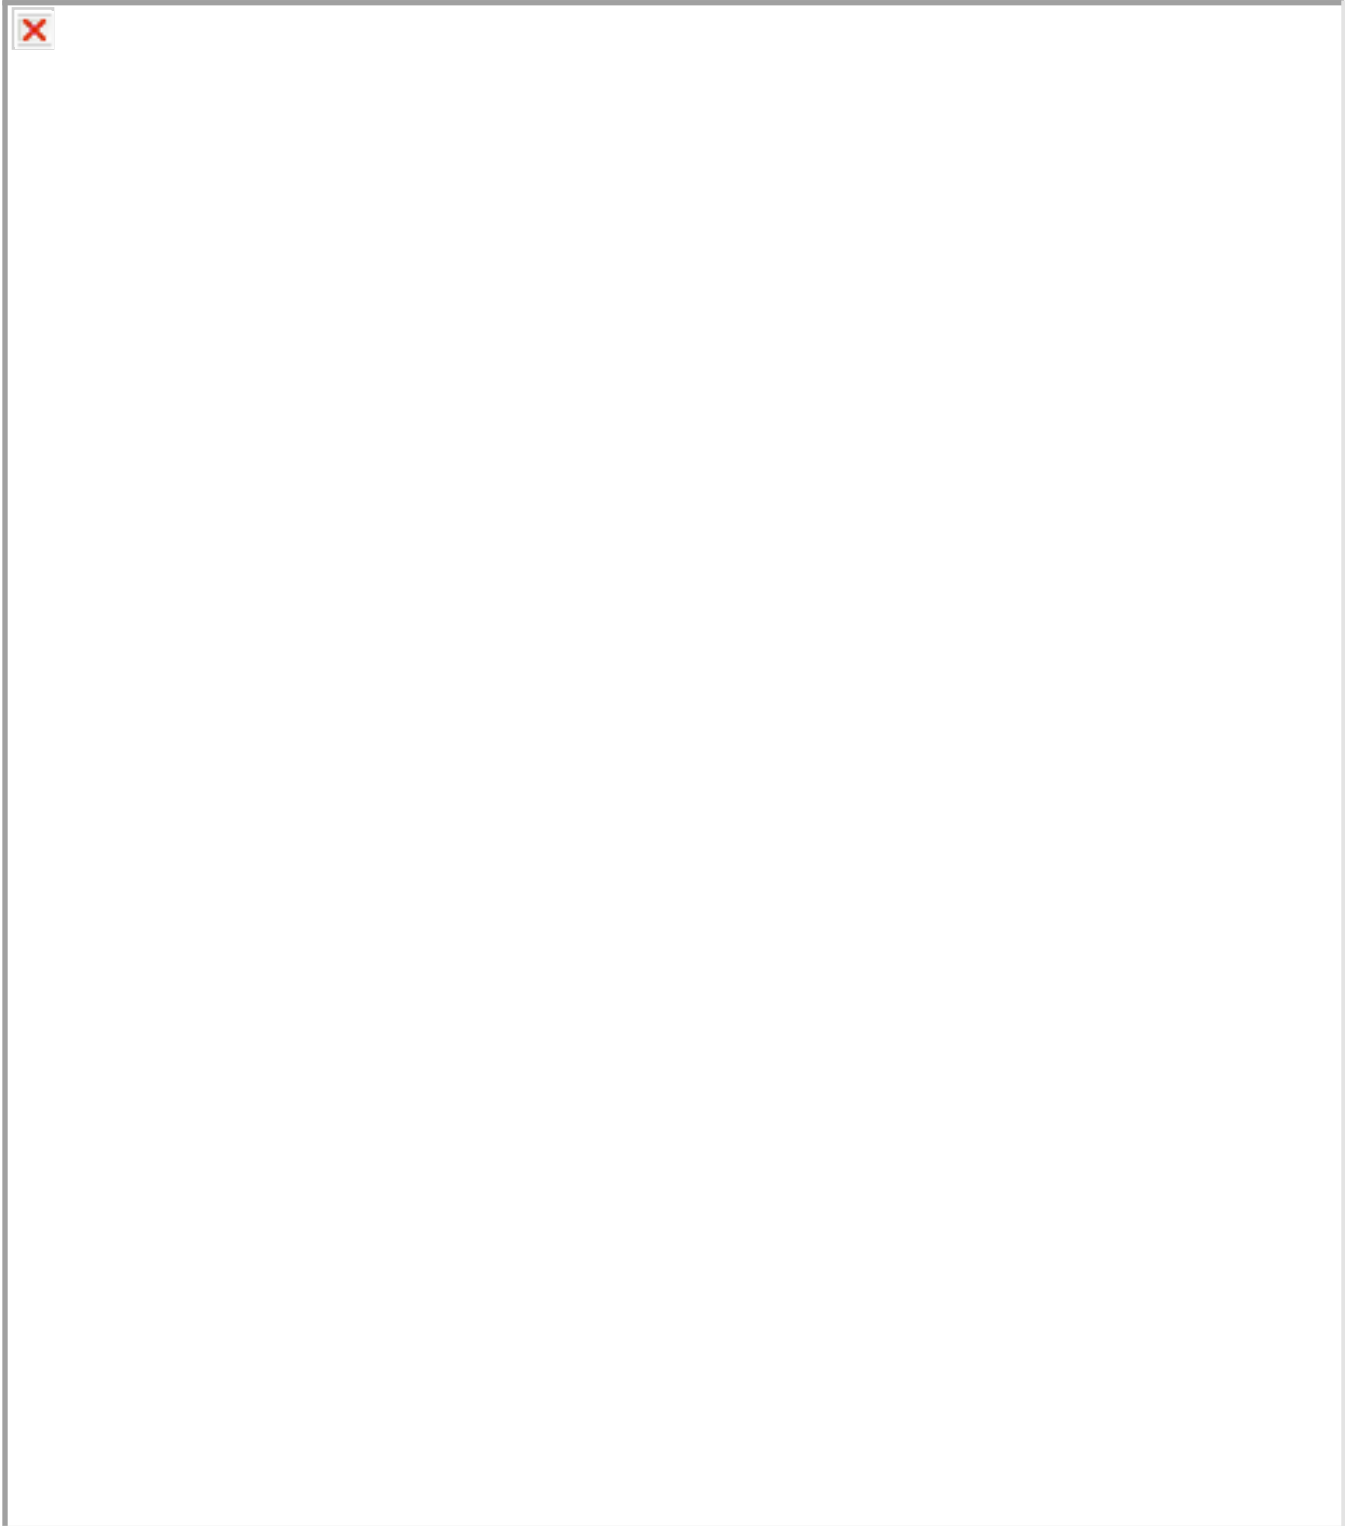

I would like the council to consider having the concert finish times being no later than 10.30pm (as is the case currently) rather than 11pm as proposed. I support all other aspects of the submission (e.g 12 concerts a year etc). I am fine to have the start times on week days move to 30 minutes earlier to accomodate the 10.30pm finish time.

Given there are families living round here. To have concerts until 11pm on a Sunday would be very unsettling for them. Recommendation for Friday and Saturday to hold these concerts

More bins as the rubbish left is not fair on local residents close to the venue

What are the reasons for your submission?

Just for you to reconsider days of concert

What decisions and amendments would you like the council to make?

Change the days to Friday and Saturday

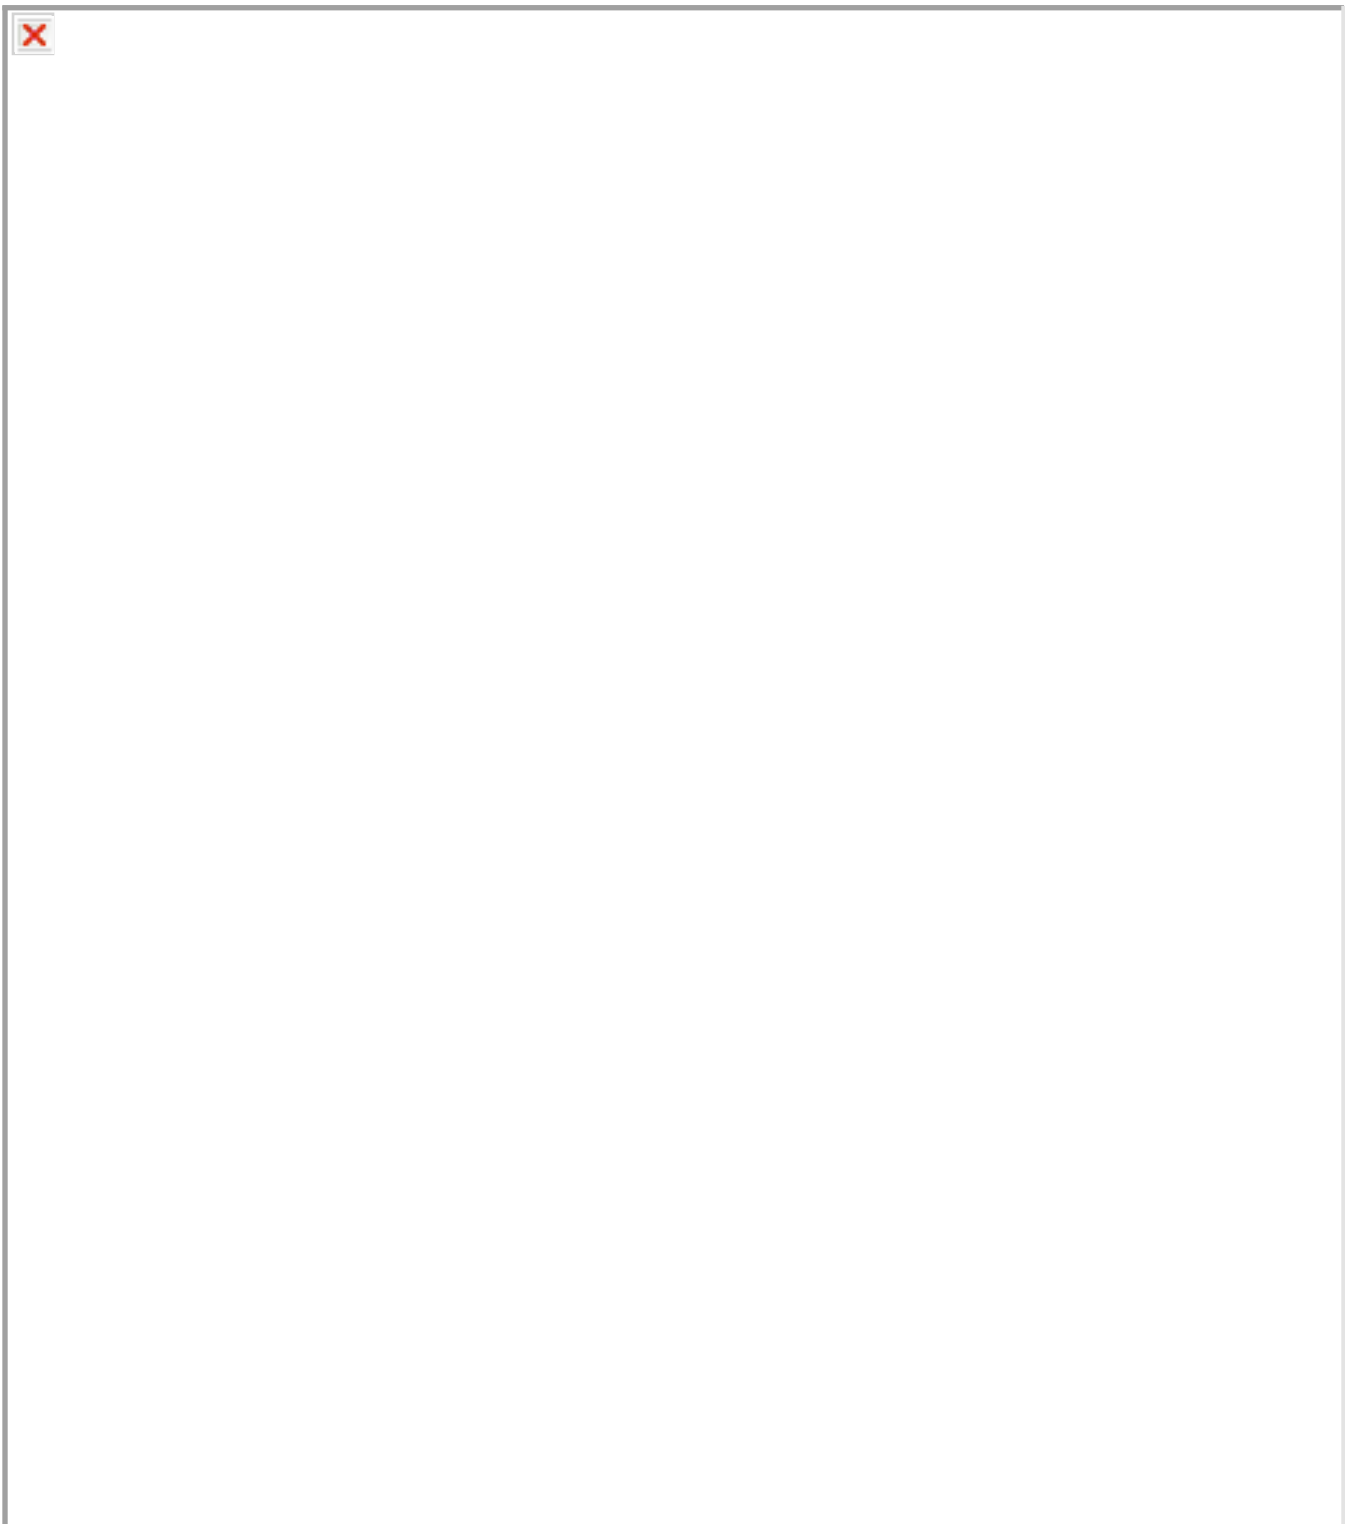

Sunday is going to be loud and unfair to those with young children

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

I am wanting to wholeheartedly support the resource consent submission from Eden Park to Auckland Council for an additional 6 concerts per year at Eden Park.

What are the reasons for your submission?

I am regular attendee of all events at Eden Park and I consider the venue my spiritual second home. In recent years I have been fortunate to experience a number of iconic moments in NZ history at Eden Park. The 2015 cricket world cup and Lions tour rugby decider. The FIFA woman's football world cup. The woman's and men's rugby world cup final victories in 2023 and 2011 respectively. Matariki in 2023. And more recently, the victorious woman's and mens Blues

teams of 2024. I have also been fortunate to attend recent Six60 and Pink concerts at Eden Park. These events will all live long in the memory of those who attended. They are iconic moments that cannot be forgotten by those who experienced them. Adding 6 more concerts at Eden Park allows more kiwis more opportunities to experiences these breath taking occasions that have the ability to transport us away from our every day lives or a few hours. The impact this can have a person's well being cannot be under estimated. A venue like Spark Arena and indeed Mount Smart Stadium simply cannot provide the atmosphere that Eden Park can. I have not even mentioned the economic spinoffs these concerts would create for our wonderful city. I acknowledge the impacts these additional concerts would create for residents in the immediate vicinity of the stadium, however I know the stadium does its utmost to mitigate those impacts. On balance, the benefits of an additional six concerts per year, far out weigh the negatives.

What decisions and amendments would you like the council to make?

I would like to encourage the council to accept the application from the Eden Park Trust board for an additional 6 concerts per year, not just for the sake of music lovers but for the economic benefits to our amazing city and the people who call it home.

Are you a trade competitor of the applicant? I am not a trade competitor of the applicant.

Do you want to attend a hearing and speak in support of your submission? No

If other people make a similar submission I will consider making a joint case with them at the hearing: No

I fully support Eden Park's application to hold more concert events at the park. These events bring economic stimulus into the city, and are key to assisting the park to become self sufficient and costing less to ratepayers and taxpayers.

What decisions and amendments would you like the council to make?

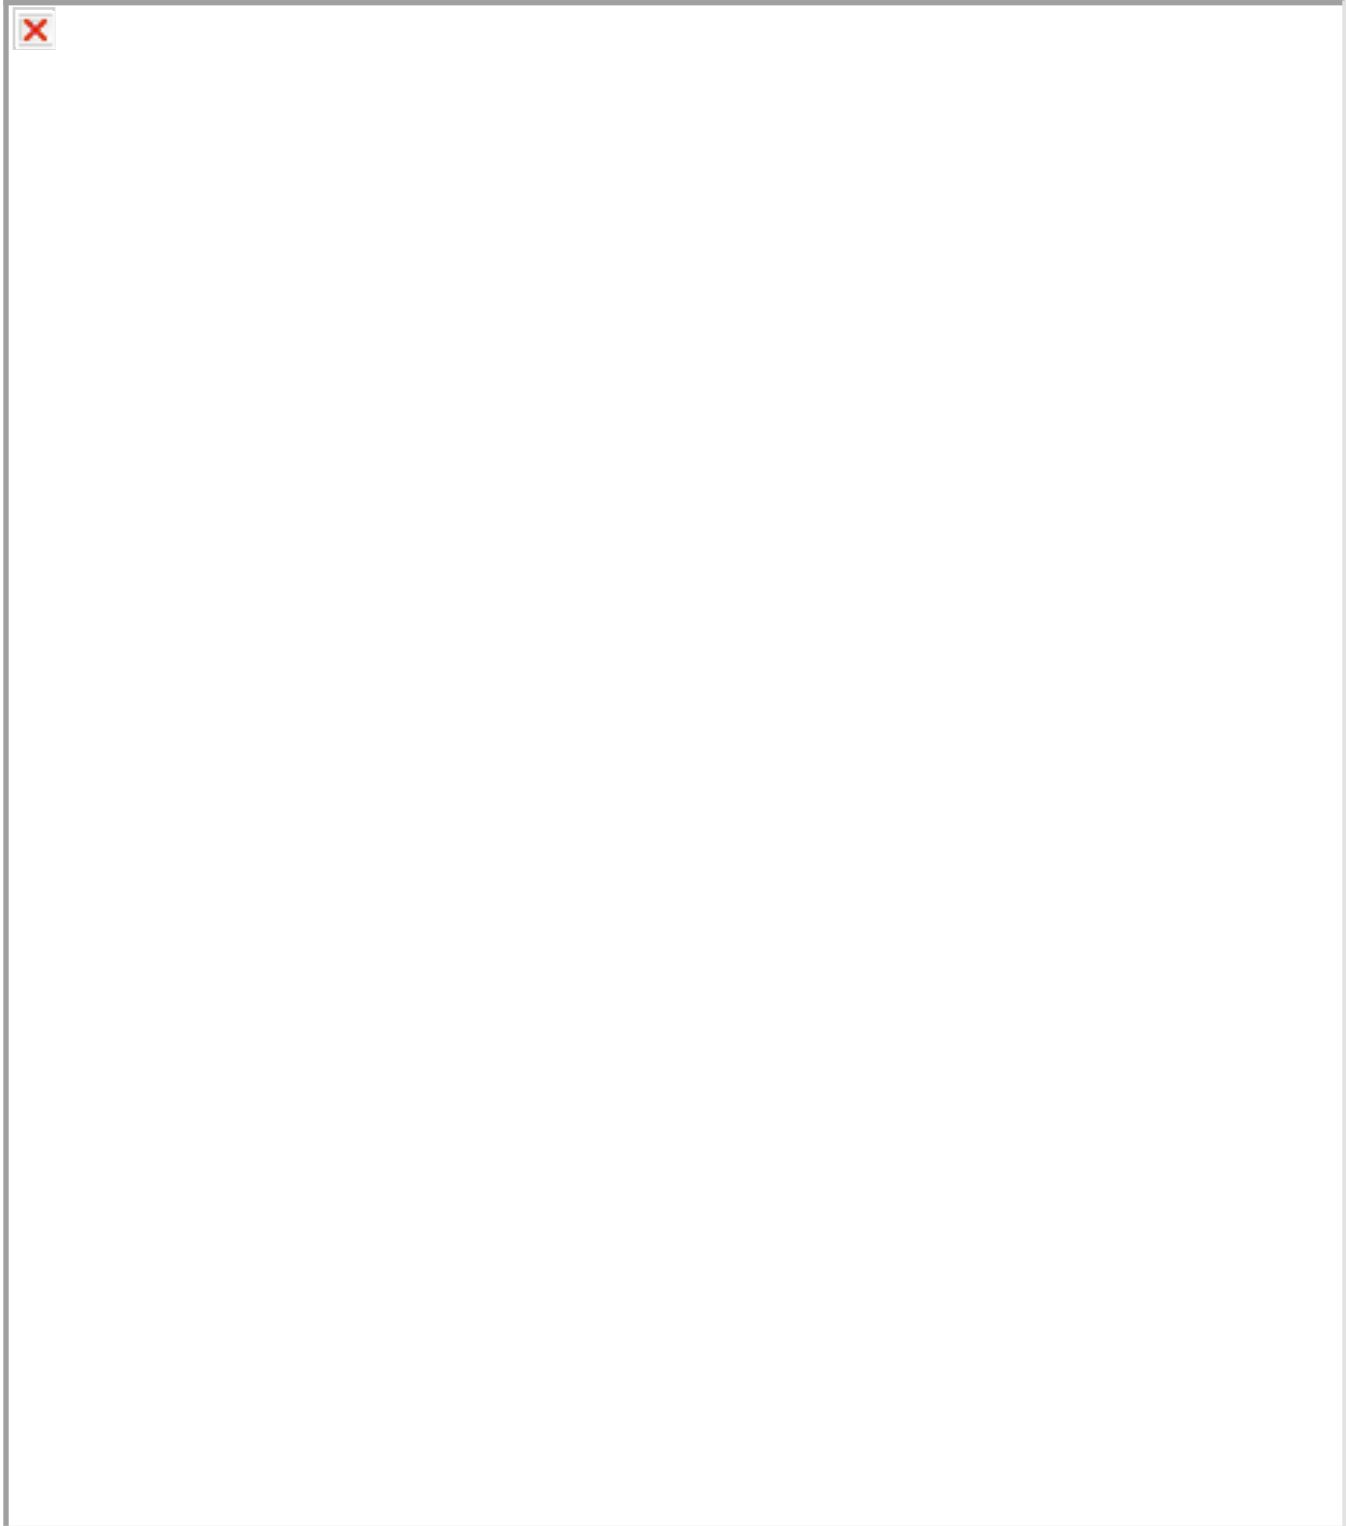

I would like council to support and approve the application.

Are you a trade competitor of the applicant? I am not a trade competitor of the applicant.

Do you want to attend a hearing and speak in support of your submission? No

If other people make a similar submission I will consider making a joint case with them at the hearing: No

Support the use of the Eden park stadium to a fuller capacity

What are the reasons for your submission?

Support use of regional infrastructure to encourage range of social and economic benefits within sustainable framework make most effective use of resources while minimise actual or potential effects.

What decisions and amendments would you like the council to make?

Grant consent as sought subject to change of conditions to give effect to the following:

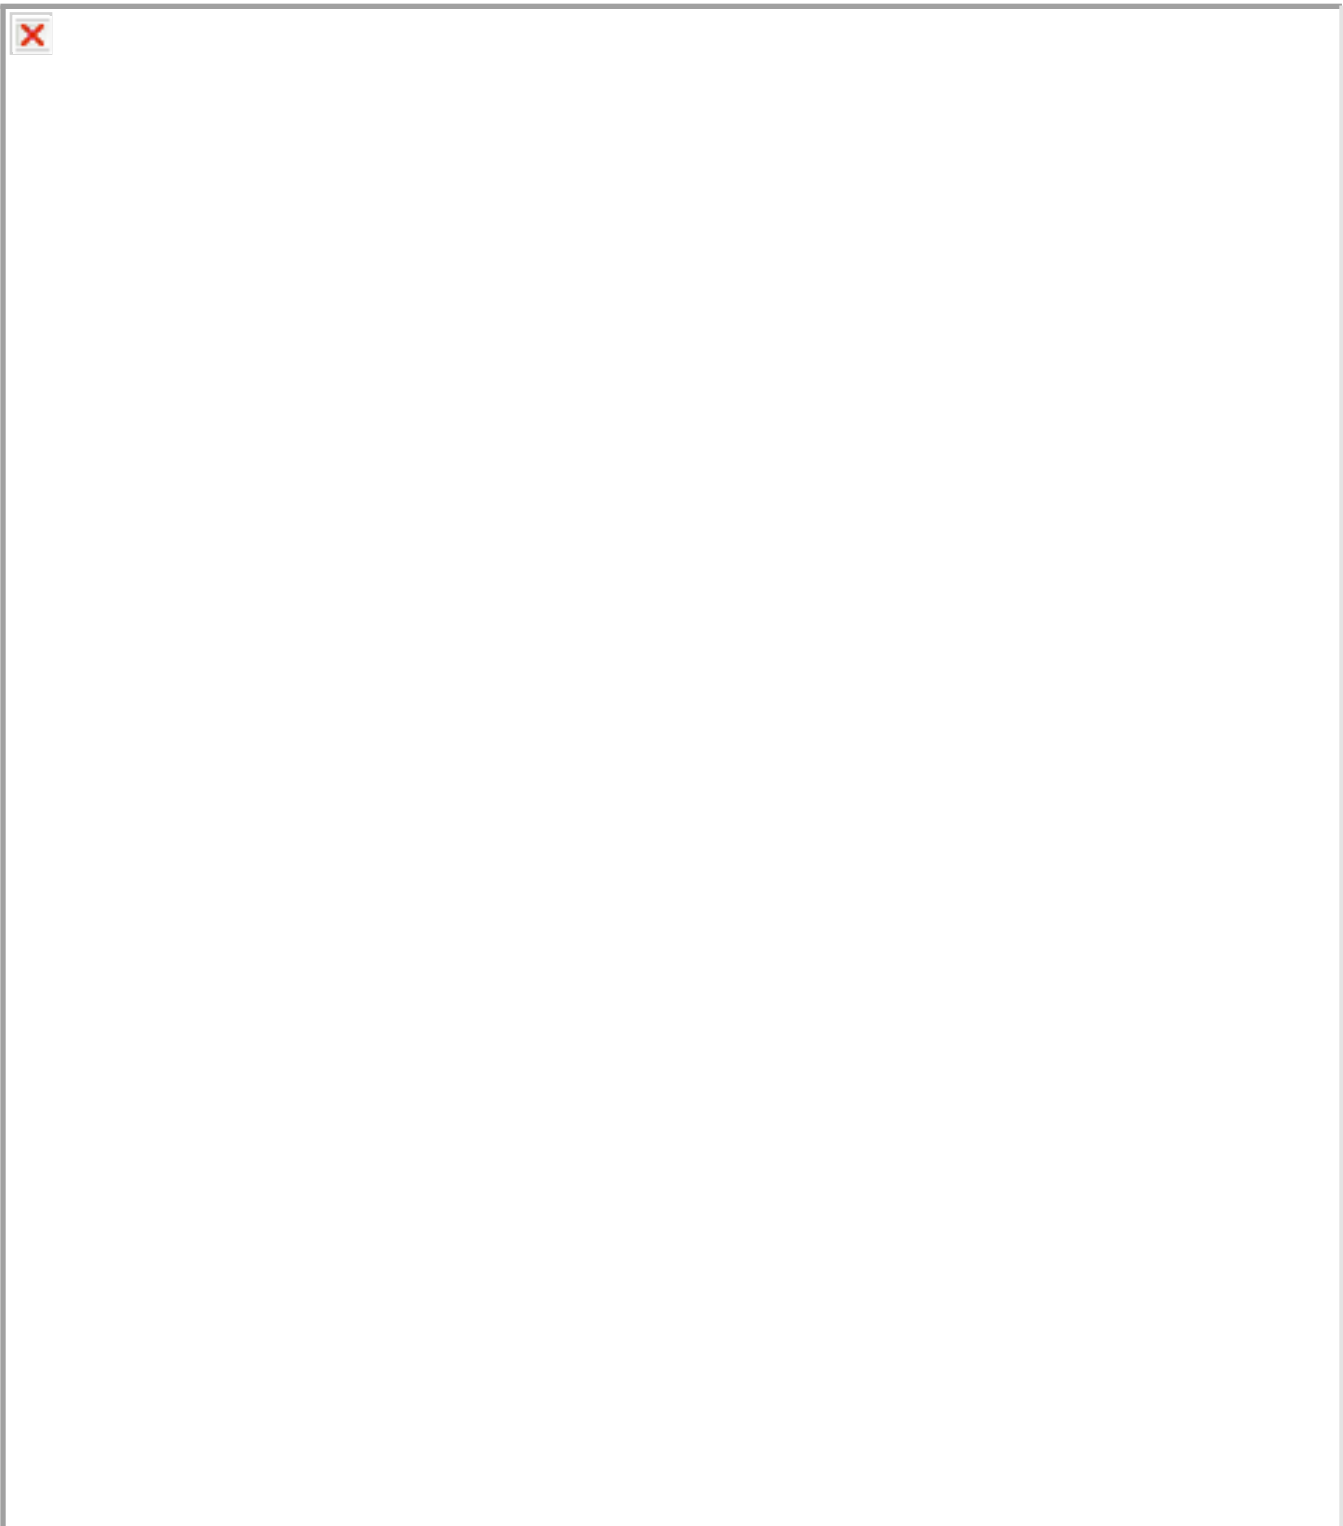

1) traffic management should only be set up 2hrs (or less) before event (explanation - traffic management generally works well around the event area, however traffic management is sometimes set up too early before event causing unnecessary disruption / effects. this will require larger Traffic management team to complete install quicker over shorter period, rather than a small team doing it over longer period).

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

Allowing up to 12 concerts each year, up to a total of six different artists/acts, excluding support artists.
Allowing concerts to take place on Sundays.
Extending concert end times to 11pm.

What are the reasons for your submission?

The Auckland Business Chamber fully supports Eden Park's consent application to host up to 12 concerts per calendar year. We believe these amendments will greatly benefit the Auckland region.

The main reasons we support this application:

- These amendments will provide Eden Park with the flexibility needed to attract multiple international tours, significantly enhancing the stadium's event schedule.
- Eden Park is integral to Auckland's sporting and cultural scene, delivering world-class entertainment and vital economic support.
- Concerts at Eden Park draw tens of thousands of visitors to Auckland, boosting our hospitality, accommodation, retail and tourism and employment sectors. According to Tātaki Auckland Unlimited's Auckland Economic Monitor 2024, domestic tourism accounted for nearly half of tourism expenditure before COVID-19. Domestic visitors are particularly attracted to Auckland by major events, concerts and festivals that they may not otherwise be able to experience in their own regions.
- Supporting this application will enable Eden Park to attract thousands of domestic and international visitors, create thousands of employment opportunities and generate millions of dollars in new revenue. It's worth noting, P!NK's concerts in March 2024 contributed an estimated \$4.26 million to our local GDP.
- Allowing for more concerts at Eden Park reinforces Auckland's status as a modern, vibrant city and strengthens its appeal as a premier destination for domestic and international tourists and artists.

Your favourable consideration of this application is greatly appreciated.

We look forward to the positive impact these events will bring to our region and economy.

About the Auckland Business Chamber:

The Auckland Business Chamber is part of New Zealand's largest business network organisation and part of the New Zealand Chambers of Commerce network.

We have worked with business within NZ for more than 160 years – they are there when start-ups emerge and work with established businesses, trading locally and on the world stage.

We are a membership-based organisation and part of a network of more than 13,000 Chambers of Commerce internationally.

What decisions and amendments would you like the council to make?

The Auckland Business Chamber fully supports Eden Park's consent application to host up to 12 concerts per calendar year. We believe these amendments will greatly benefit the Auckland region. Your favourable consideration of this application is greatly appreciated.

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

Concerts attract thousands of visitors to our city who fill our hotels, local cafes, restaurants and bars.

What are the reasons for your submission?

With over 2,000 people working at each concert event, they create job opportunities and showcase our city as a modern, world-class destination for both tourists and performers. As an example, P!NK's two concerts in March generated at least a \$4.26 million increase in GDP for our community and region through tourism, accommodation, hospitality, and employment.

What decisions and amendments would you like the council to make?

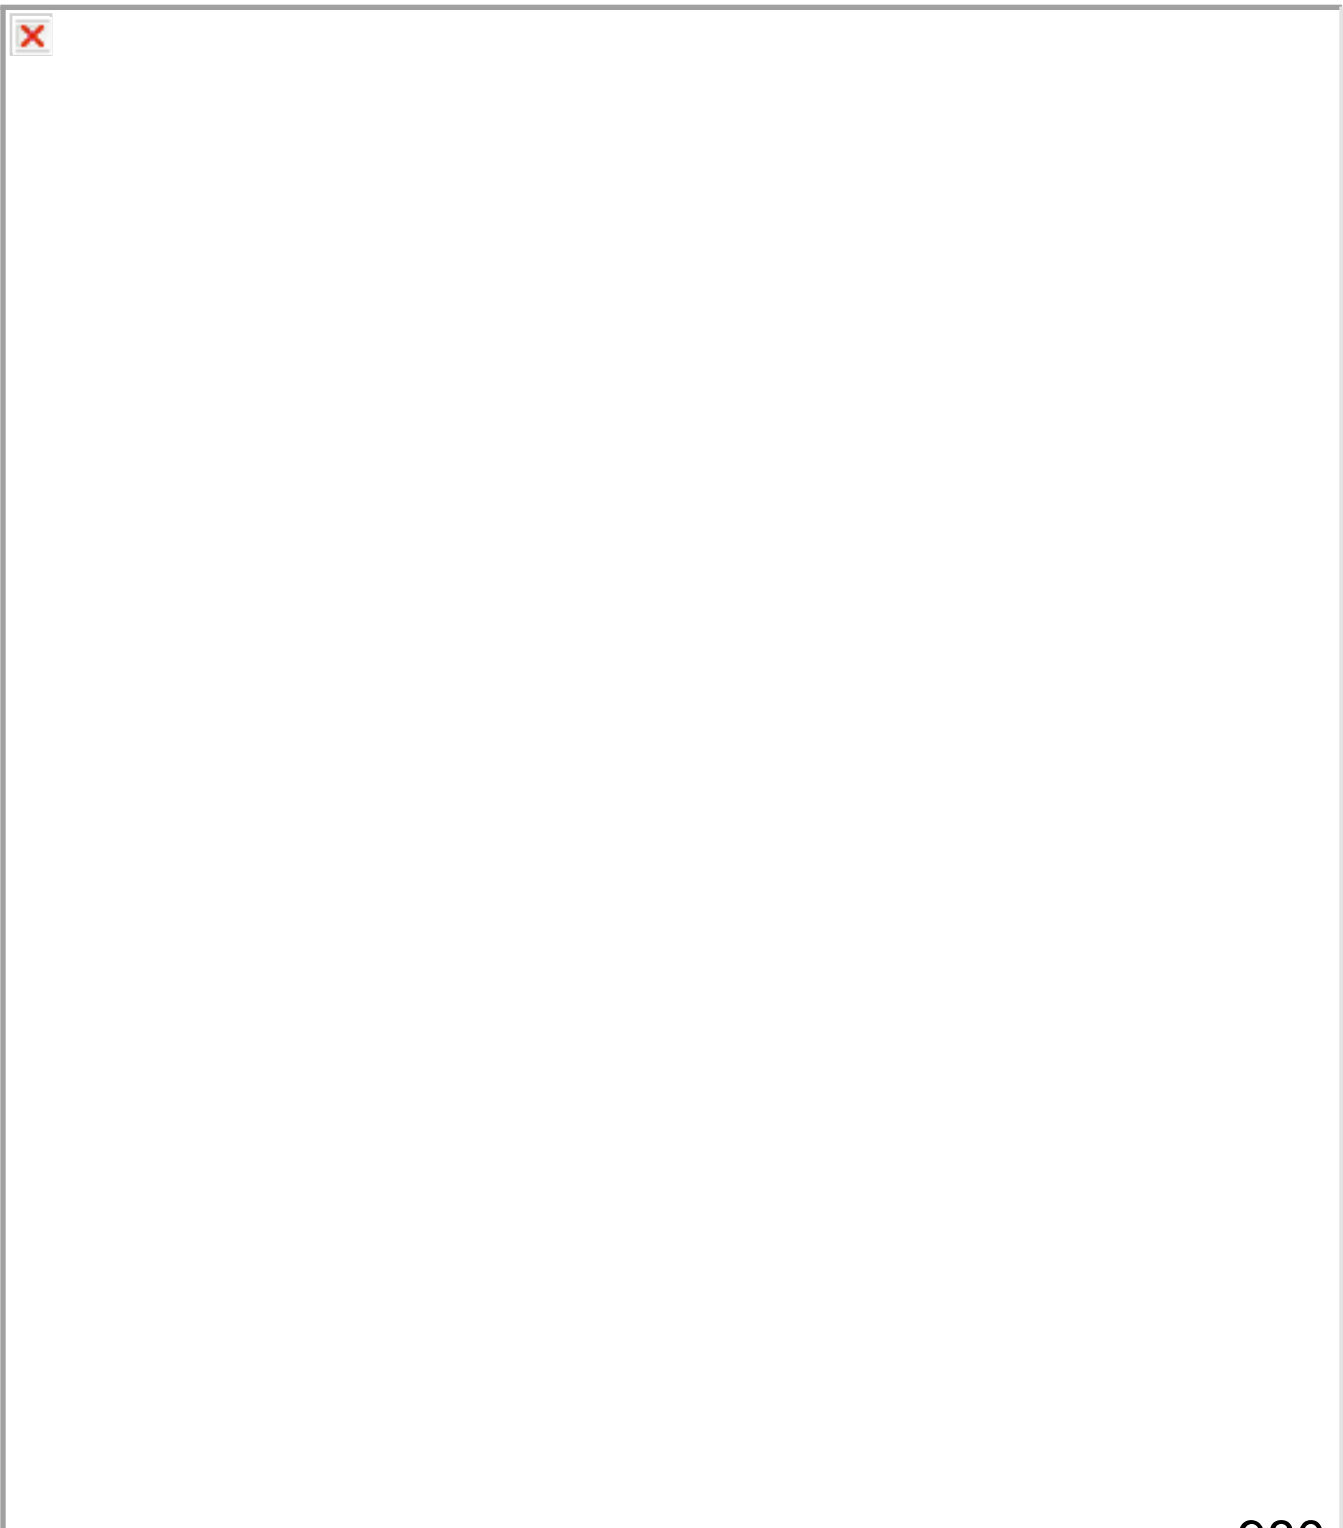

- Allow up to 12 concert events in a calendar year where these events are performed by up to a total of six different artists/acts, excluding support artists

The entire applications

What are the reasons for your submission?

I am a young person living in Tāmaki Makaurau, deeply invested in the growth of our city and excited about the prospect of more world class events in our town!

What decisions and amendments would you like the council to make?

I would like the Council to accept Eden Park's submission (and I would support even more events at Eden Park). It's

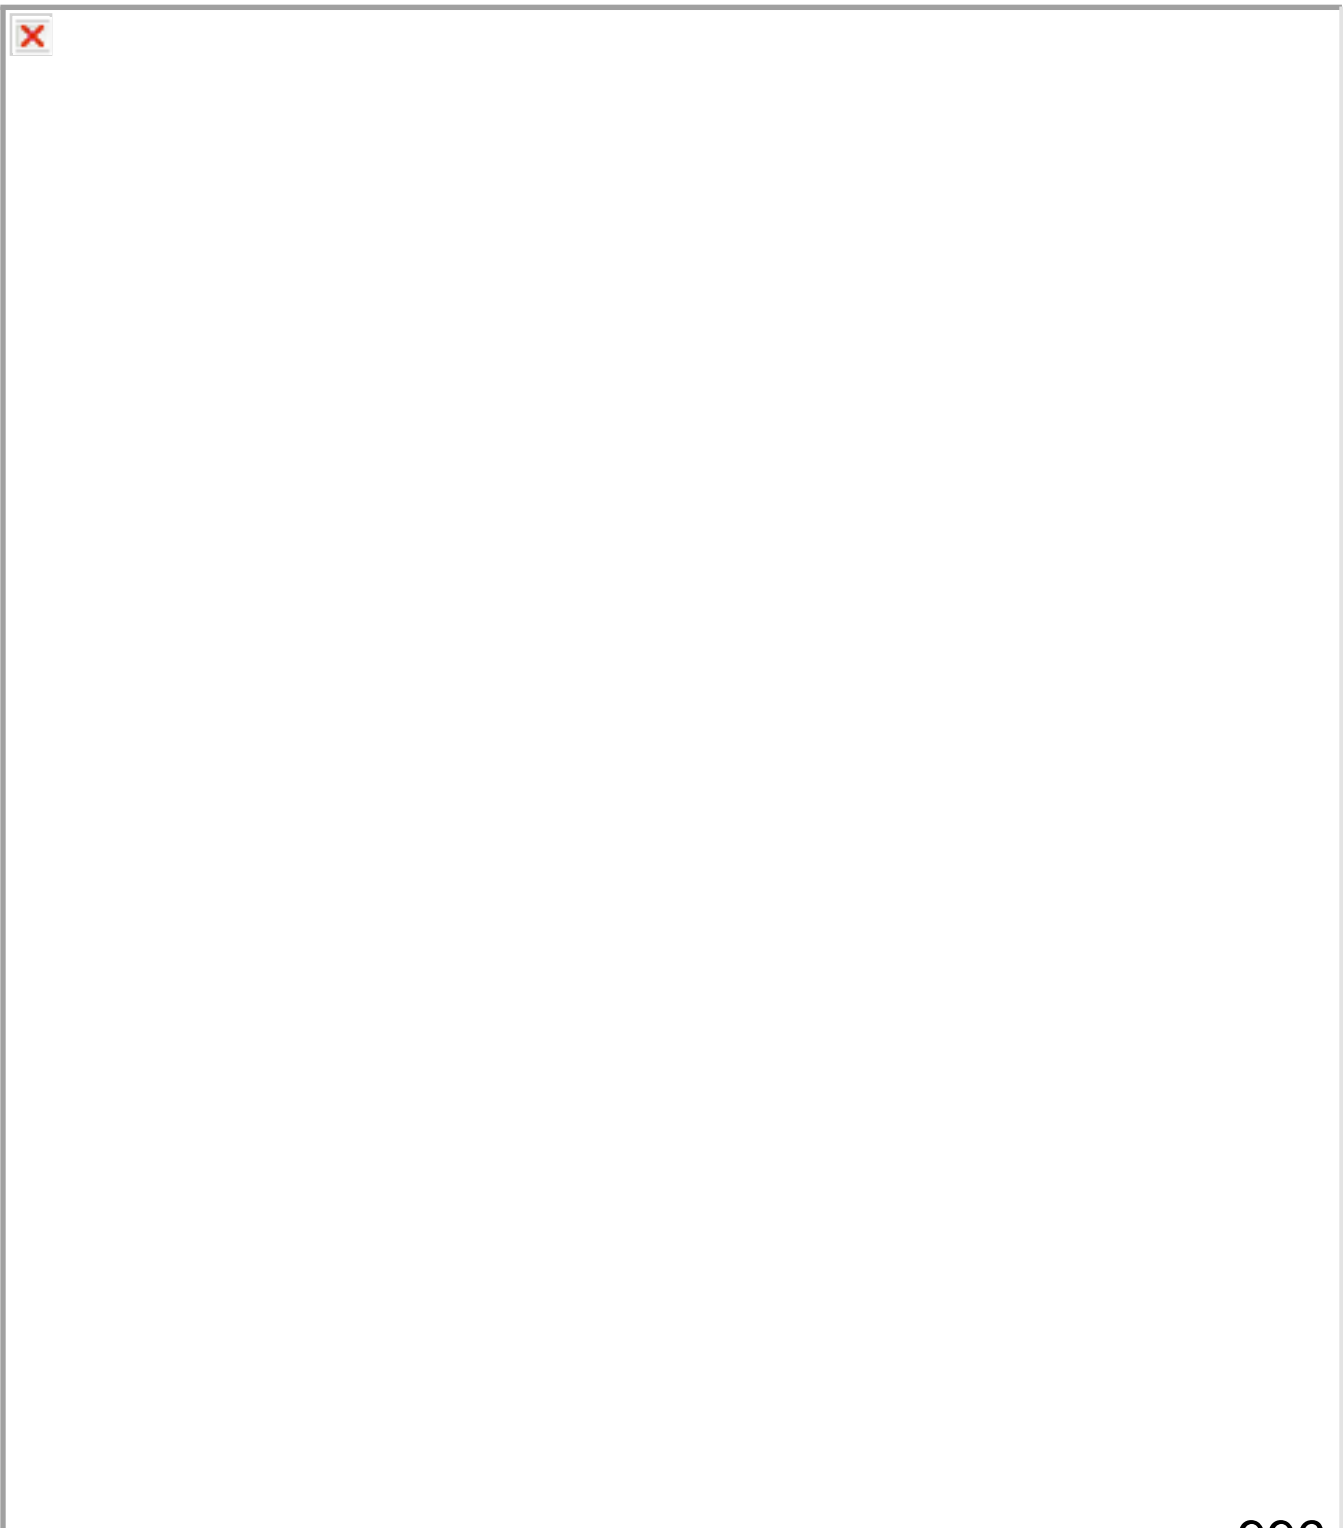

awesome for the economy, Eden Park has the capacity to manage noise and clean up, and it makes the city a great place to live. I am certain that the excitement of cities in Australia and Europe contributes to my peers leaving NZ, and I think Auckland can and should be fighting back through taking on more opportunities like this. It's a shame to think we wouldn't have had the Travis Scott concert later this year if The Weeknd hadn't cancelled - we should obviously have as many as we can!

The Eden Park Trust now seeks resource consent to hold up to 12 concert events at Eden Park in any calendar year performed by no more than six different artists or acts (excluding supporting acts).

What are the reasons for your submission?

I think Eden Park has successfully proven its ability to manage these concerts to date and deserves to the opportunity to expand on this success. The location is perfectly centralised for all Auckland, and the venue is substantially better than alternatives. In addition, they are very proactive in their desire to make Auckland city better so it would be great to see them enabled to take the next steps and grow

What decisions and amendments would you like the council to make?

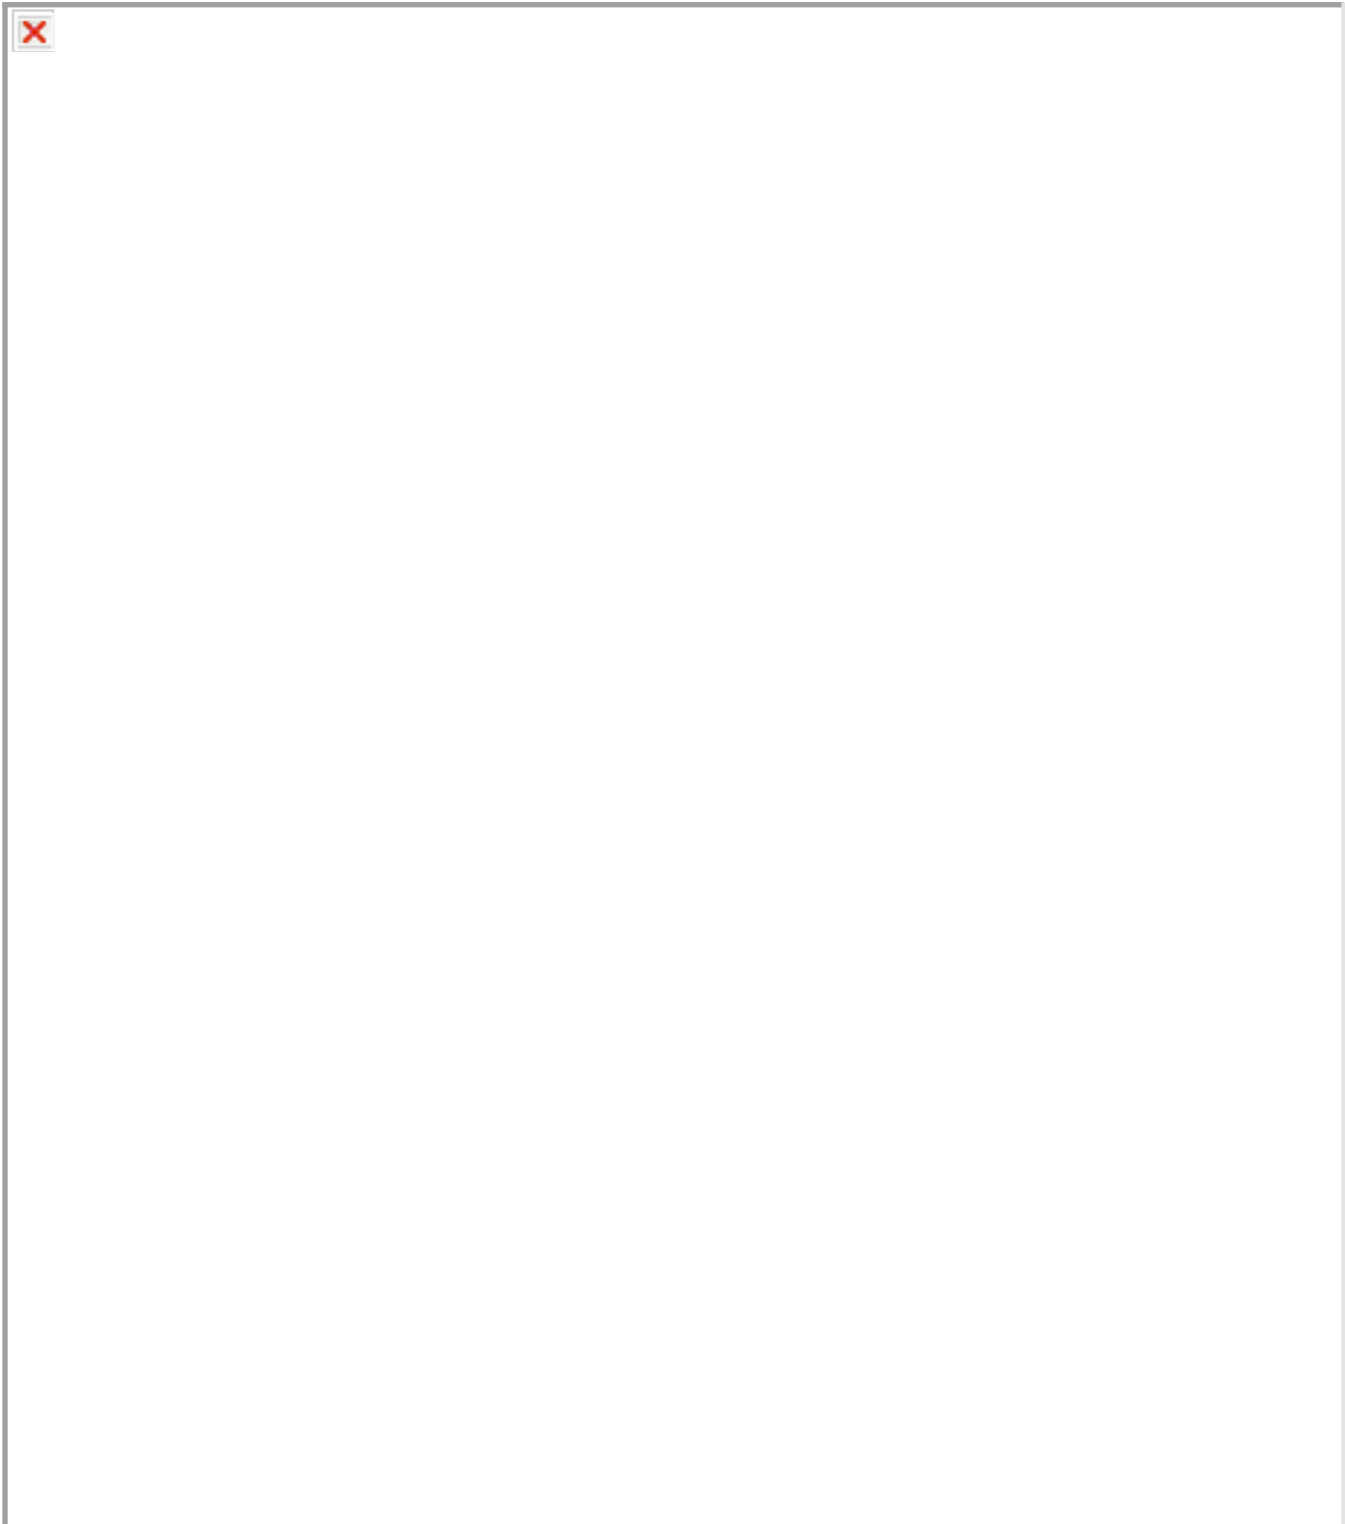

A positive decision to support the applicant and grant up to 12 concerts, as per the proposal

This submission: opposes the application in whole or in part

Specify the aspects of the application you are submitting on:

Allowing more concerts at eden park event

What are the reasons for your submission?

Livenation ticketmaster are bullies from america who believe they are above the law.

Their business practices are predatory. They are the only company that will be using the extended concert allowance at the stadium, as evident by the previous concerts.

Livenation should not be allowed to force law changes that negatively impact the residents nearby. 1011

locals nearby said 6 per year. after livenation begged for years. once it becomes accepted they then try bite the hand that feeds them and say 12?

when will you pull their leash?

no matter how much public benefit to local bussinesses they say there is, it is deception. concert goers who attend livenation/ticketmaster events have to pay more. as shown with the \$80 price difference in fred again wellington (not livenation) and auckland spark arena. all nearby businesses get is noise and rubbish pollution.

the deal that was done between livenation and the council in regards to spark arena is the biggest scam to the tax payer that has ever been done. WE the tax payer paid most of the bill for construction. but the THUGS at livenation get to run, and VULTURE profits for the next 40 years. and we get the arena back once its been run down.

it is time to tell live nation no.

What decisions and amendments would you like the council to make?

not allow live nation to host any more than the allowed events at eden park.

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

Hosting a greater number of concerts at Eden Park will have multiple benefits. It can enhance the stadium's commercial viability and contribute to the local economy by creating jobs. Moreover, it can revitalise the city's image, bringing a sense of excitement and community through music. Such events can also bolster the music industry, providing artists with opportunities to perform and fans with memorable experiences. Overall, the multifaceted advantages make a strong case for supporting increased musical events at the venue.

What are the reasons for your submission?

Because my family and I love music and events.

What decisions and amendments would you like the council to make?

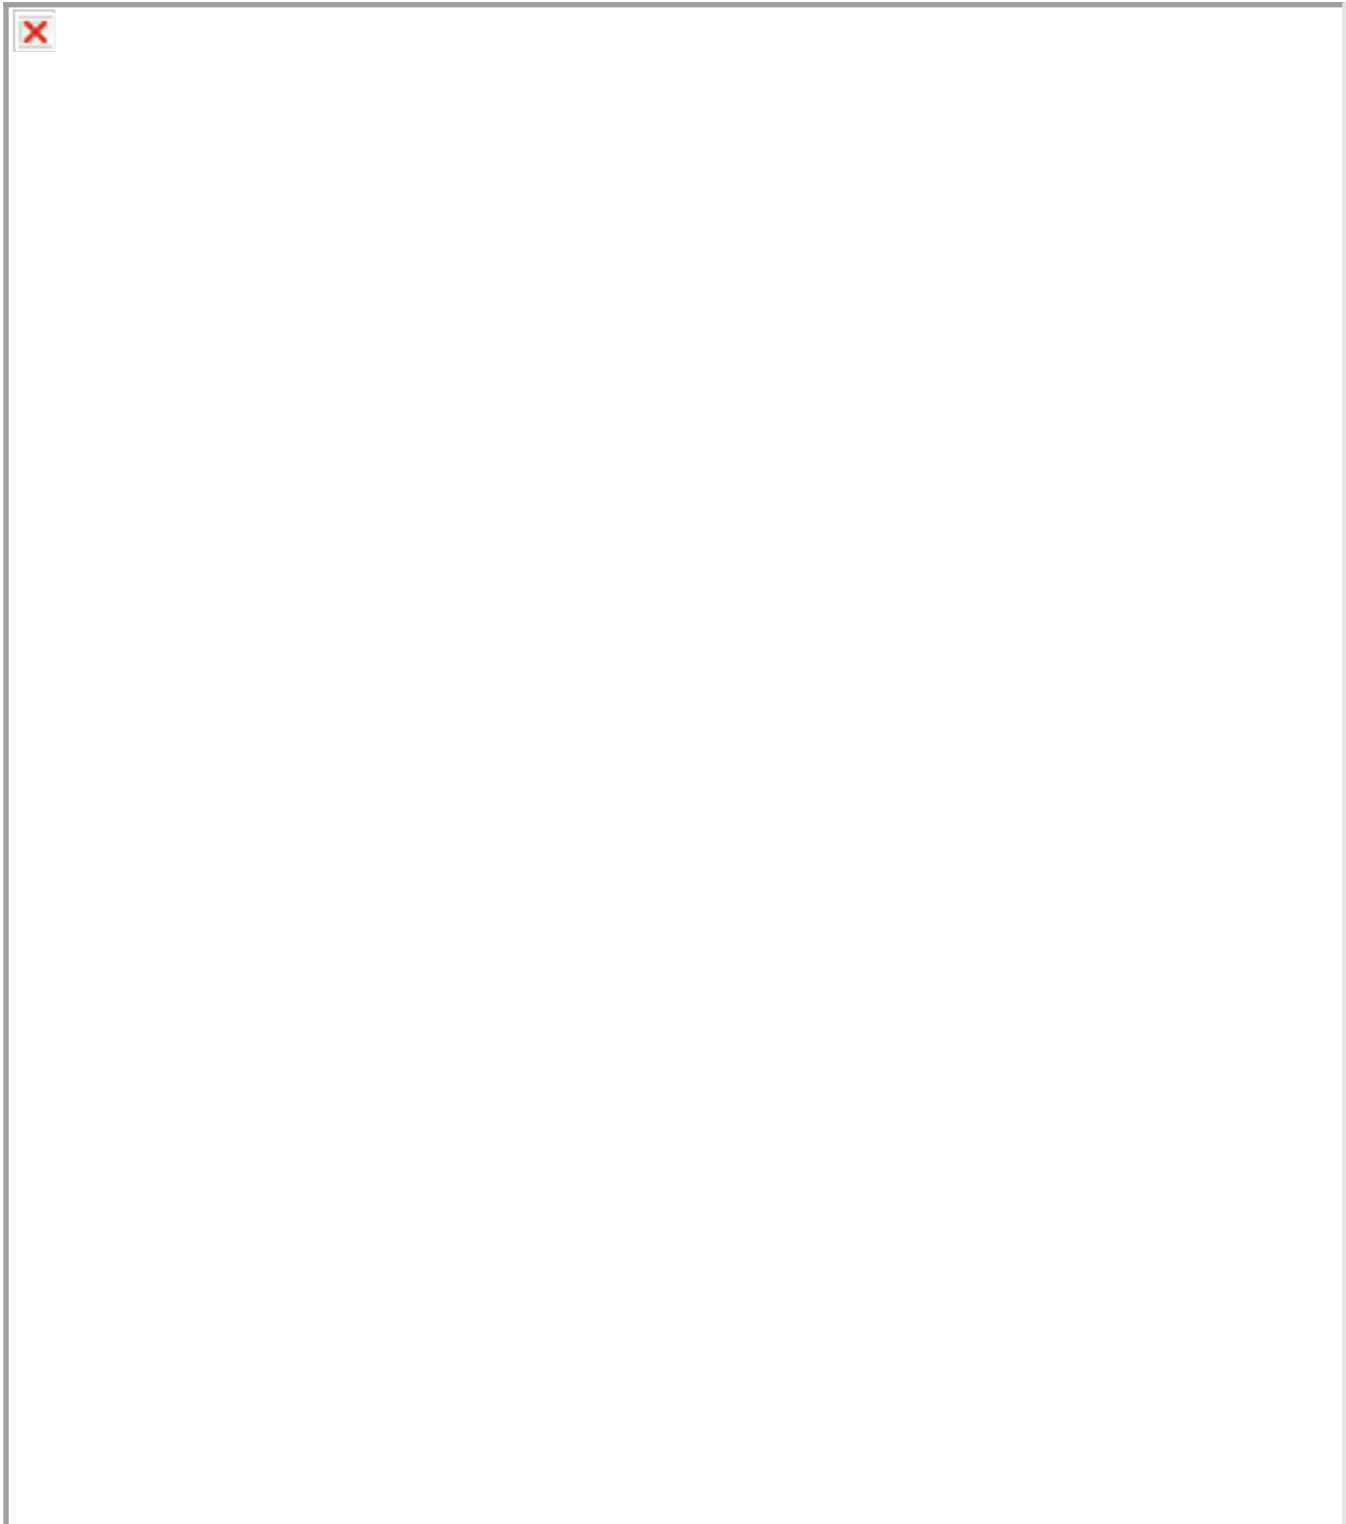

Allow more than 12 concerts per year & add a roof to the stadium.

Specify the aspects of the application you are submitting on:

Weekday concerts and additional concert days

What are the reasons for your submission?

- 1- this was exactly as we predicted when the first submission was put in
- 2-concerts are really annoying as is the early pack in and pack outs with all the traffic noise
- 3 - long term disruption with a lack of residential traffic management is very annoying

What decisions and amendments would you like the council to make?

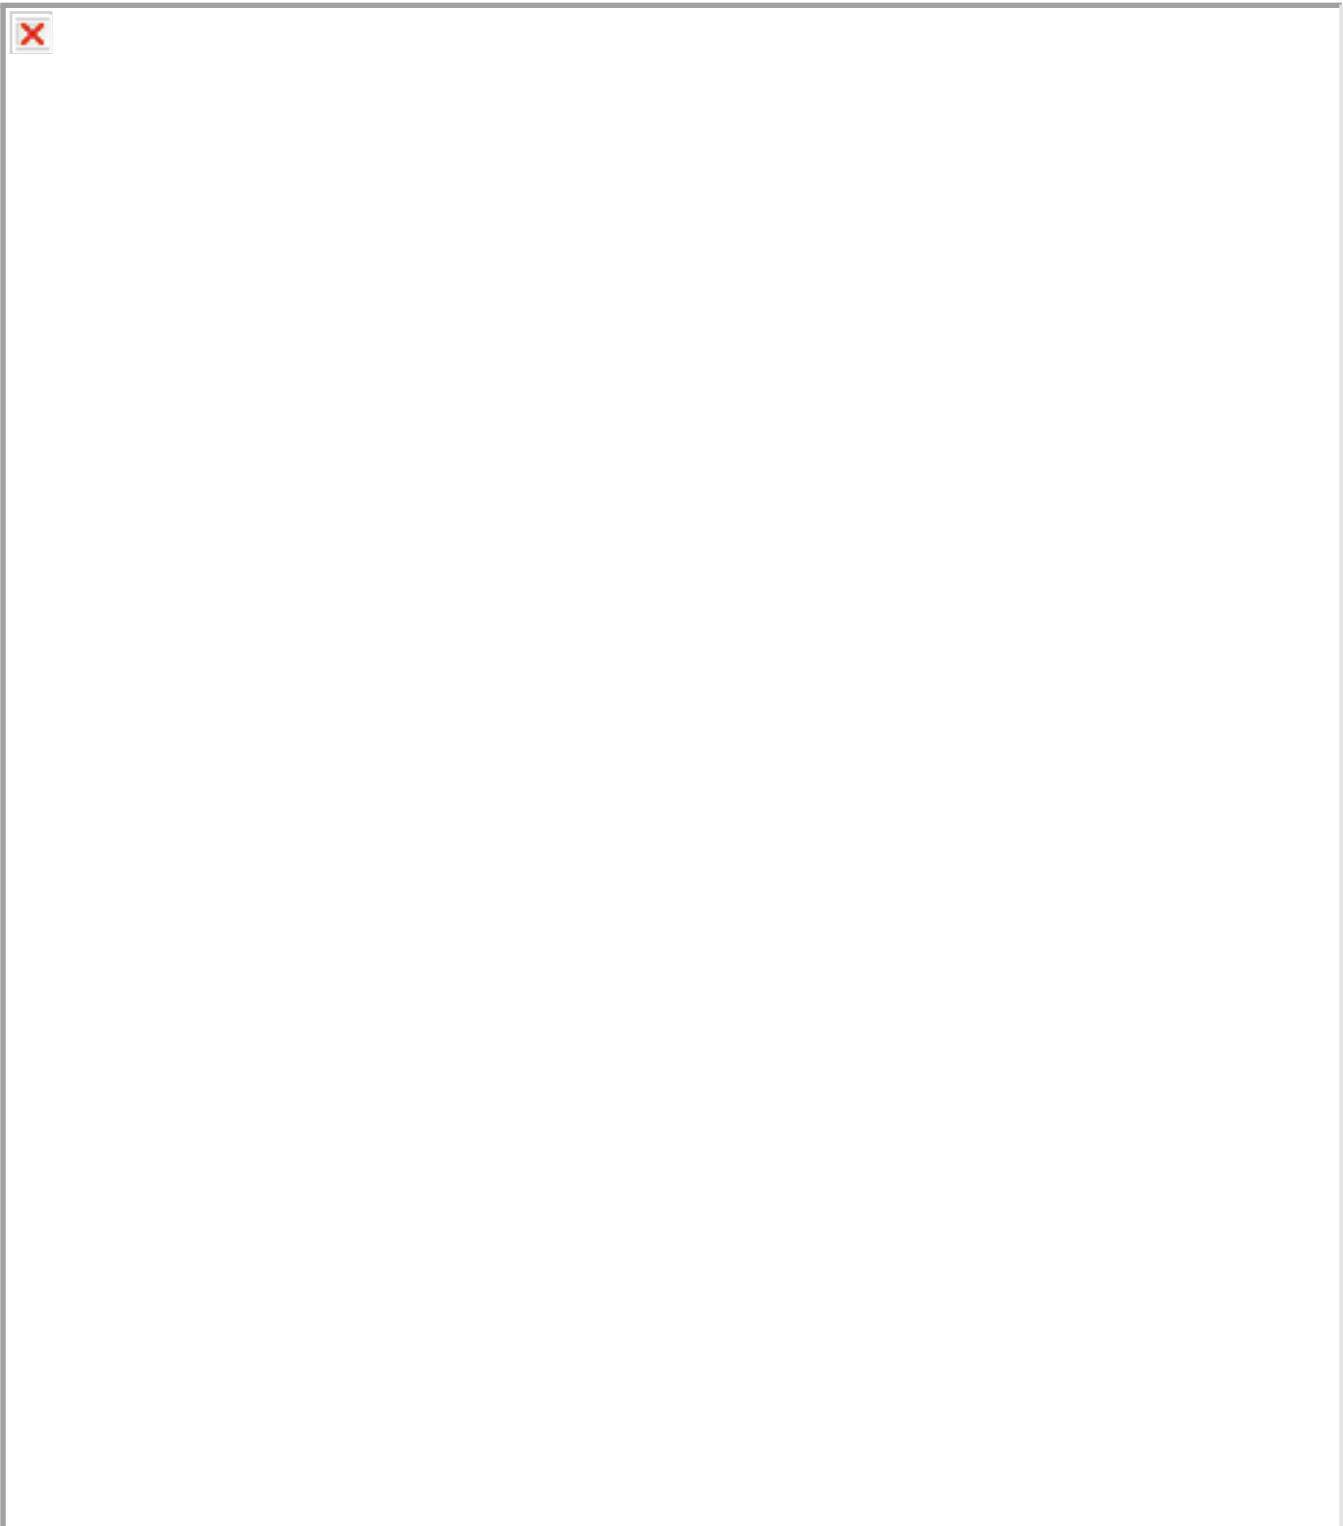

Keep as currently approved only.

Specify the aspects of the application you are submitting on:

Eden Park is a great venue for concerts and it seems a waste to have spent so much tax payer money but only have 6 concerts a year. This will also help to attract big names to Auckland, which most people want. I support increasing the number of concerts to 12.

What are the reasons for your submission?

What decisions and amendments would you like the council to make?

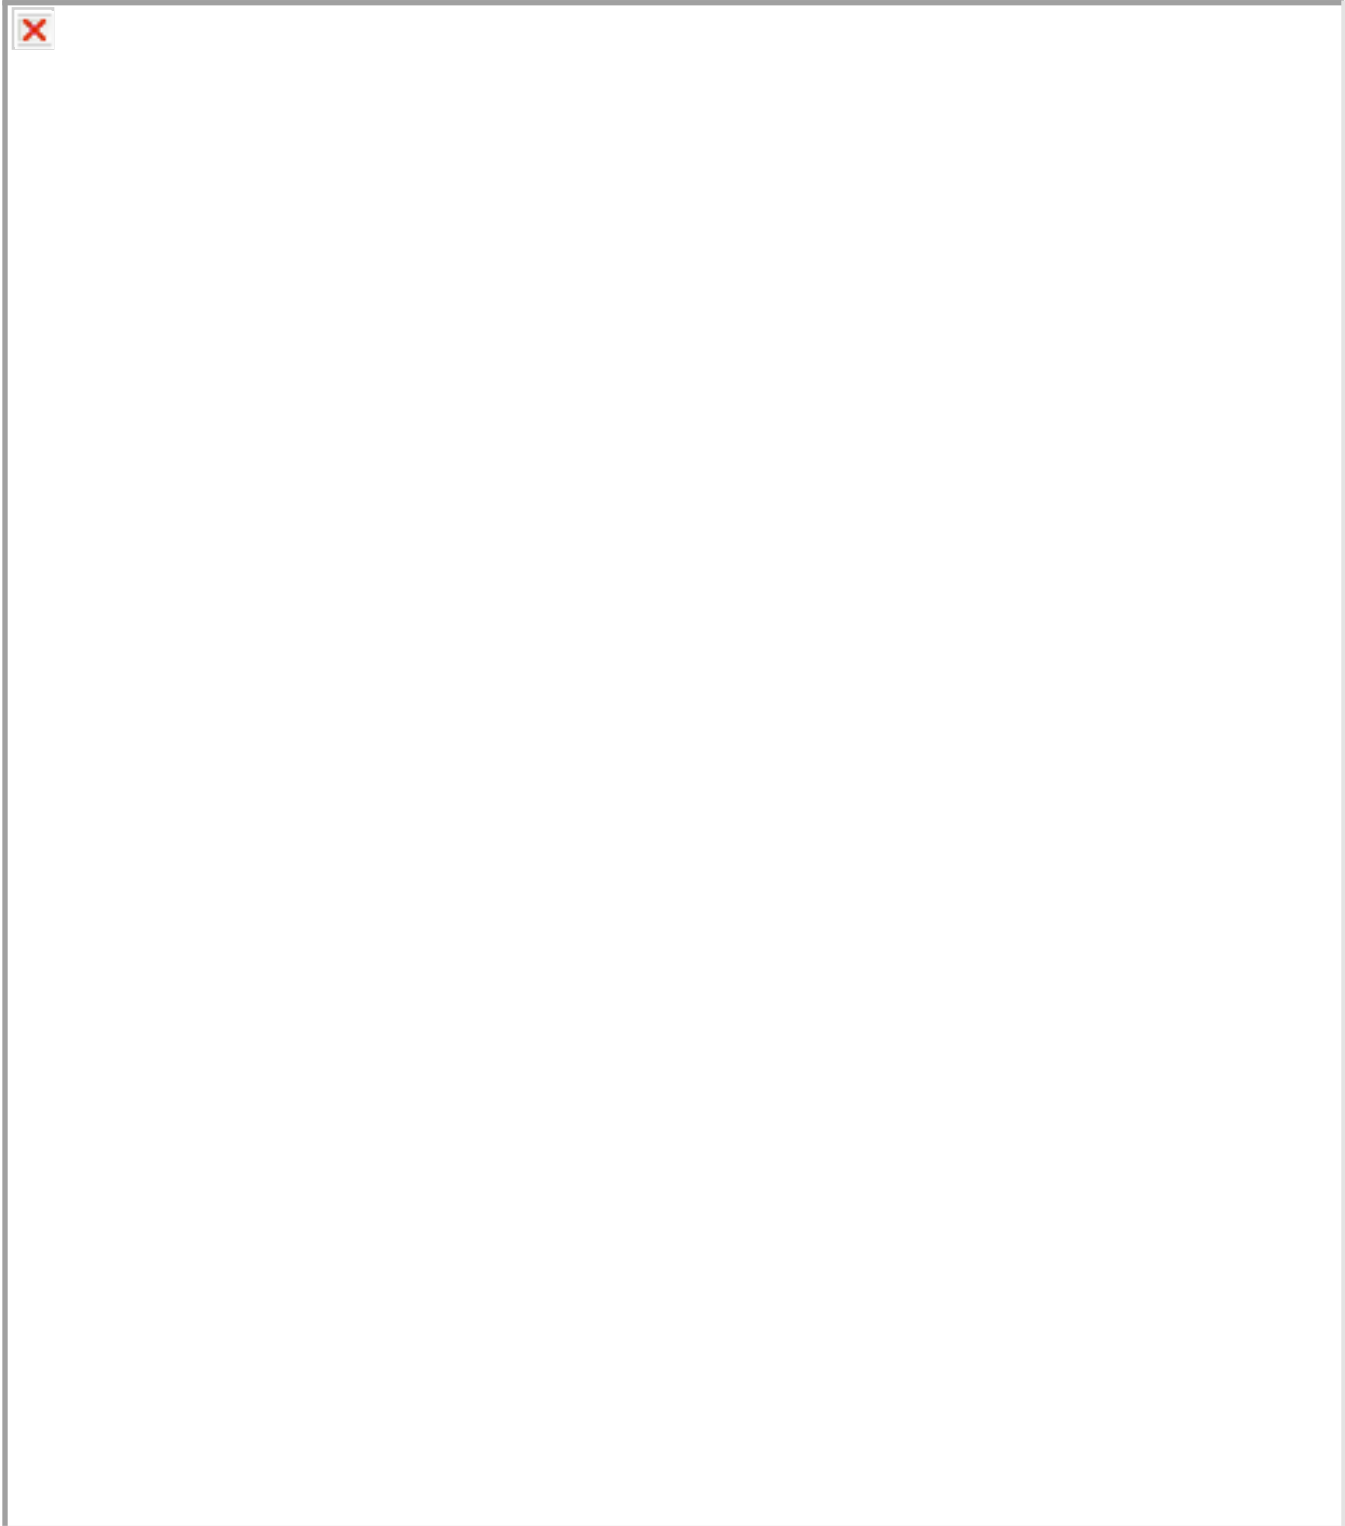

Allow 12 concerts per year.

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

I am in support of Eden Park being able to host 12 concert events per year rather than just 6.

What are the reasons for your submission?

Having attended both the Six60 & Pink concerts at Eden Park I've been so impressed with it as a live music venue. Having a major venue like this so central to the city is brilliant and also benefits the hospitality businesses of Mt Eden, Kingsland, Morningside and others. If Eden Park is only allowed 6 concerts then they are quickly used up if a band like Coldplay plays 3 nights. This could mean Eden Park could only host 2 bands of that stature in a year. 12 concerts would mean potential for a bigger variety of acts.

What decisions and amendments would you like the council to make?

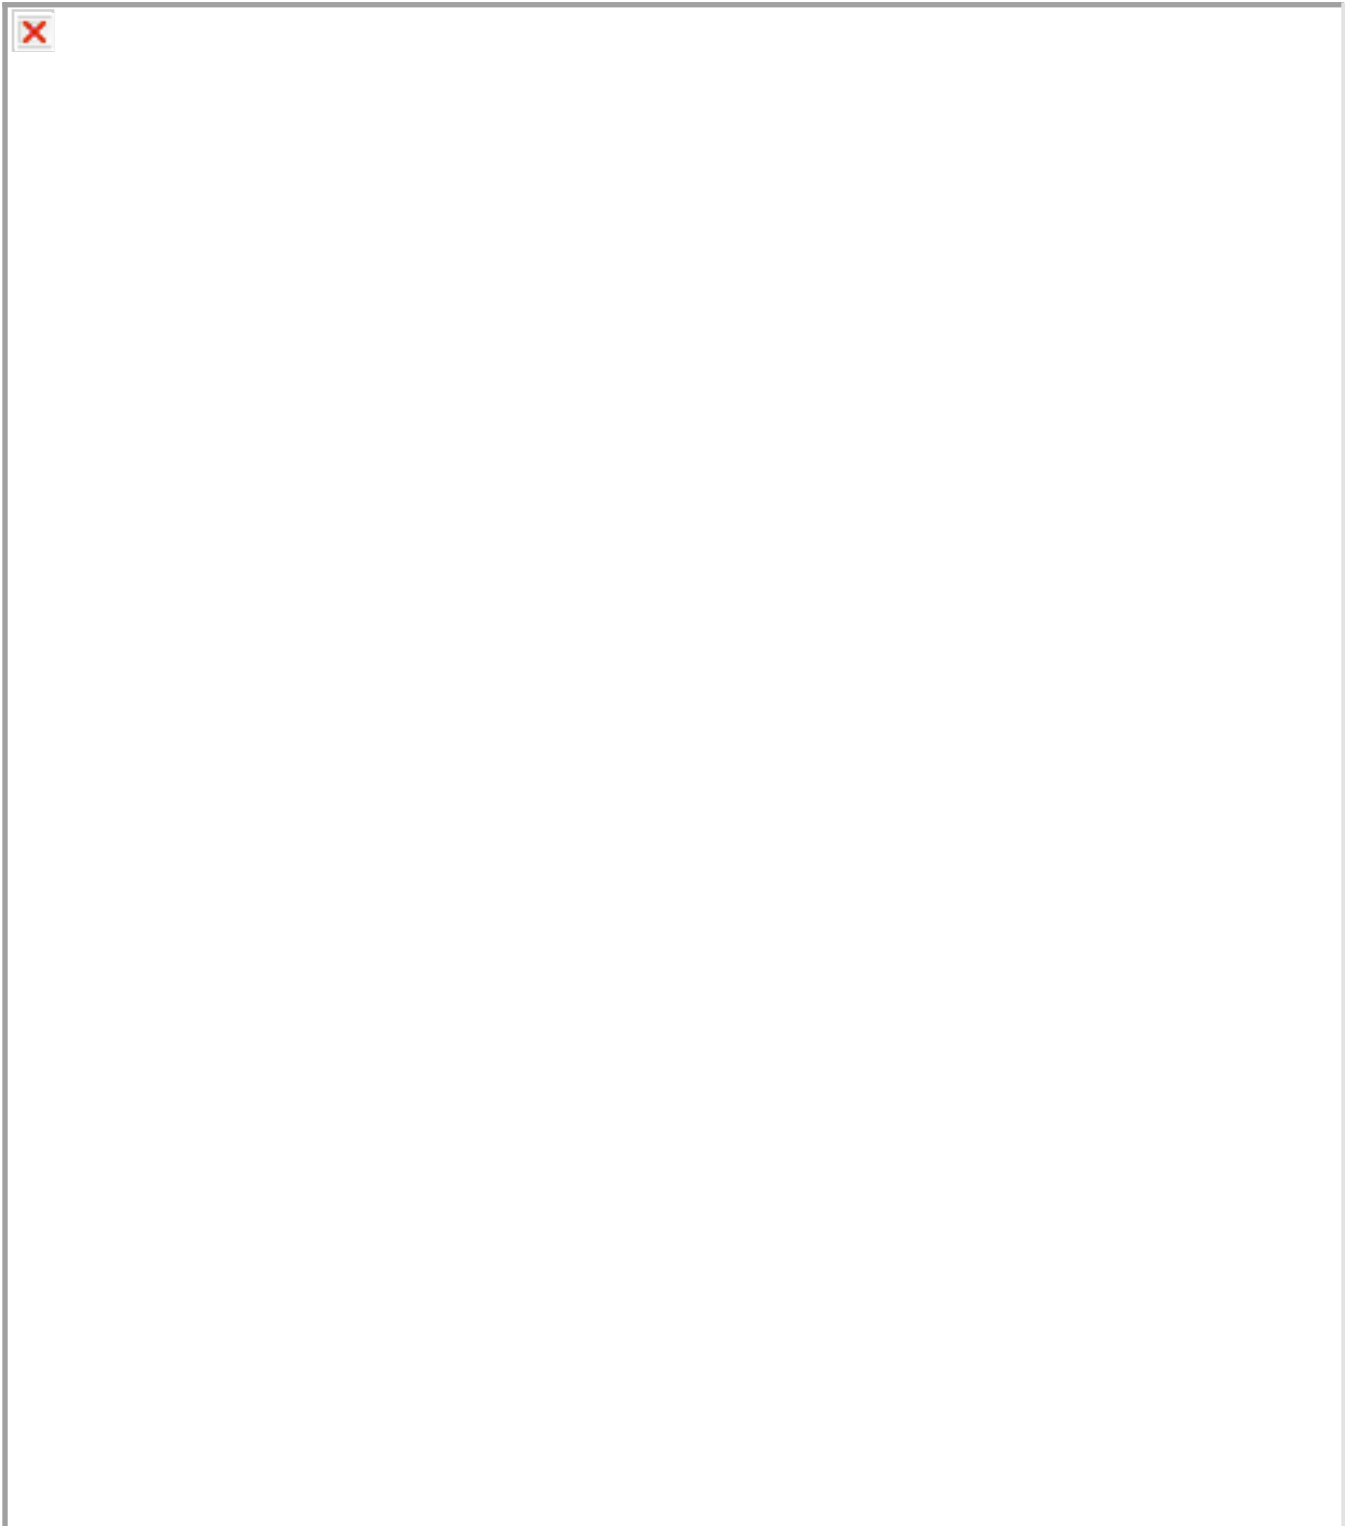

Please increase the number of concerts Eden Park can host each year to 12. Thank you.

I support Eden Park holding 12 concerts a year

What are the reasons for your submission?

It makes great use of an incredible community venue that helps keep it economical. It is the best central location for concerts in auckland with great transport options and huge benefits to local businesses.

What decisions and amendments would you like the council to make?

Allow the park to hold 12 concerts with while maintaining clear parameters of events finishing at 11 pm. Concerts

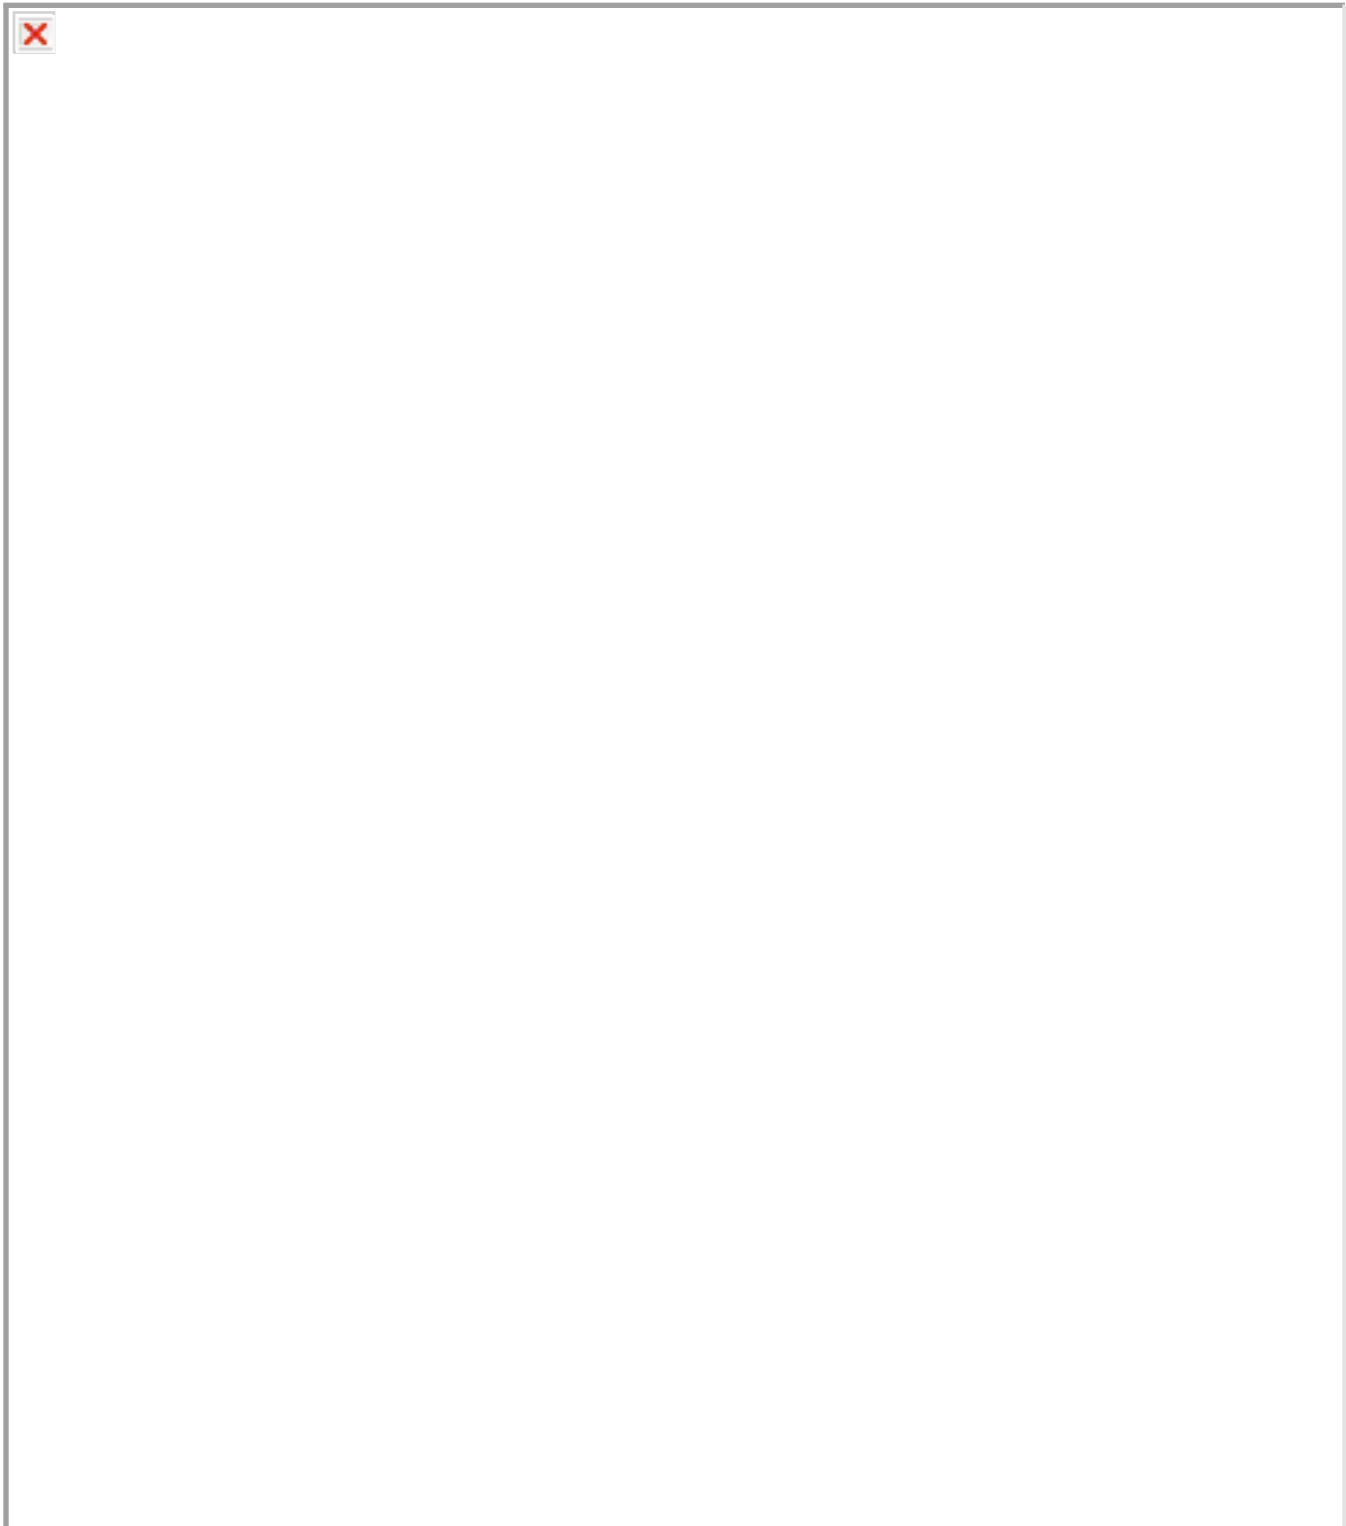

should not be held on Sunday or Monday nights.

Supporting the application as a whole.

What are the reasons for your submission?

Positive impact on the economy & more jobs for people. Would be awesome to have these major artists that are currently missing out due to not being able to do multiple shows at the stadium because of the limited resource consent be bought to NZ.

What decisions and amendments would you like the council to make?

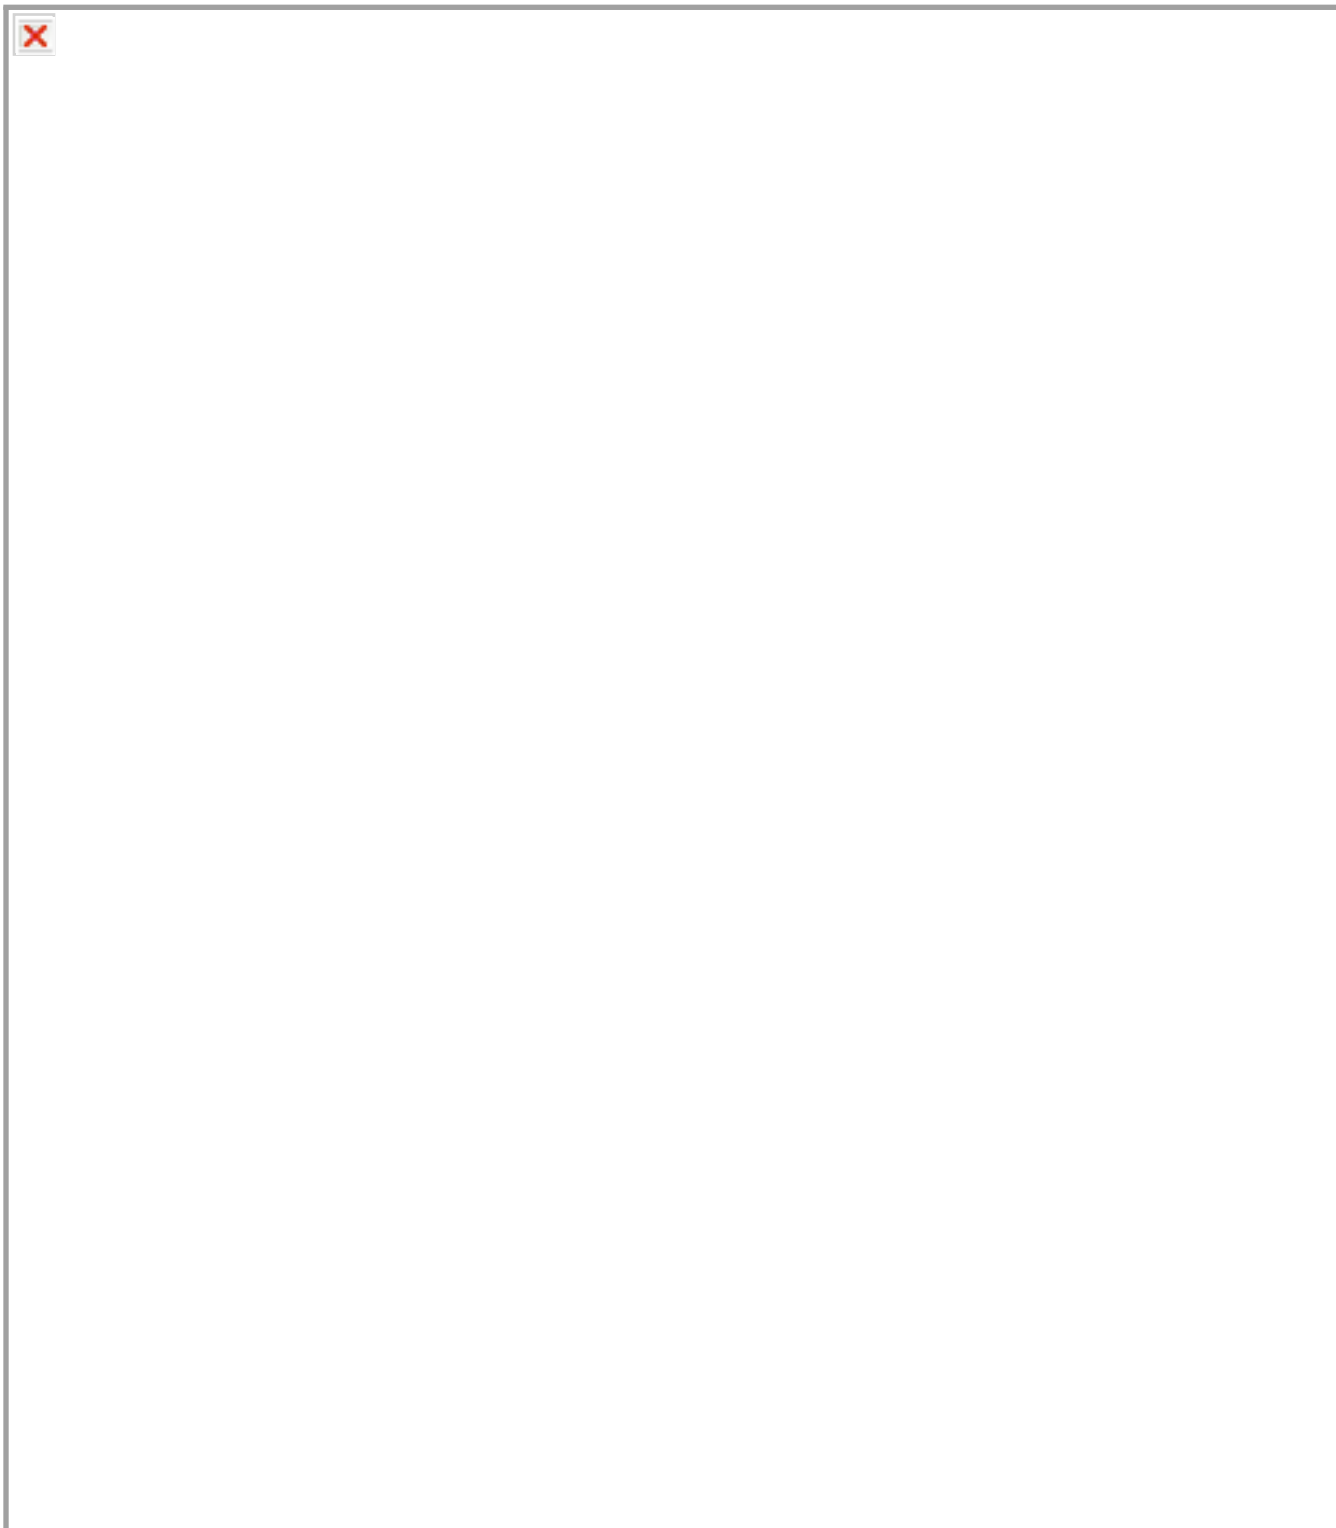

Would like to see them get the 12 concerts per year they are aiming for.

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

Allowing up to 12 concerts per year, including Sundays as an optional day.

What are the reasons for your submission?

Eden Park is an excellent venue that needs to be better utilised. Managed well, it has minimal negative impact on local residents and in fact has much beneficial value for many locals. We have attended several concerts already and also attend sporting and other events held there. Auckland cannot afford a new stadium so we should make better use of this one -Eden Park.

What decisions and amendments would you like the council to make?

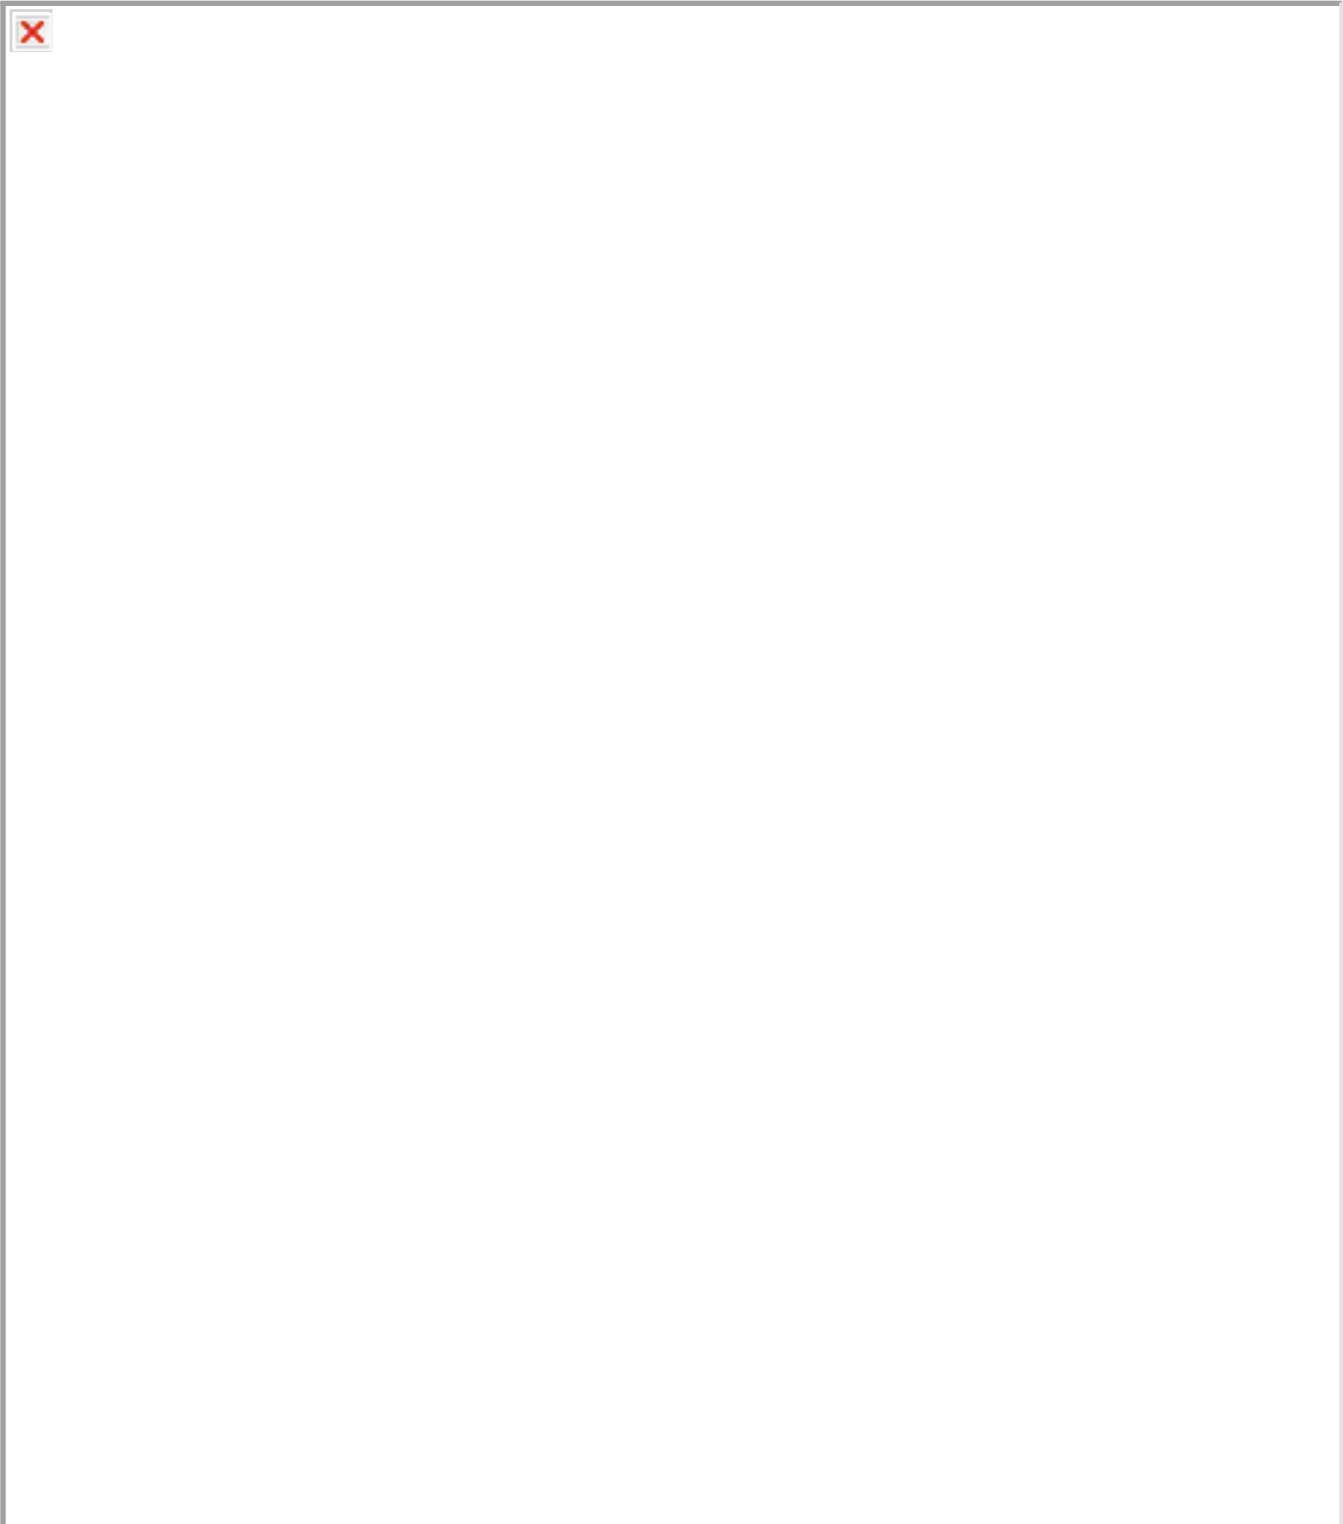

Allow up to 12 concerts including optional Sundays.

Specify the aspects of the application you are submitting on:

I am in support of using Eden Park significantly more to host 12 concerts per year, including on a Sunday and up to midnight.

What are the reasons for your submission?

I have lived locally for 10 years and have always been a fan of Eden Park and all the events they host. I want to see utilisation of existing infrastructure increase so that it doesn't sit empty as often going forwards.

What decisions and amendments would you like the council to make?

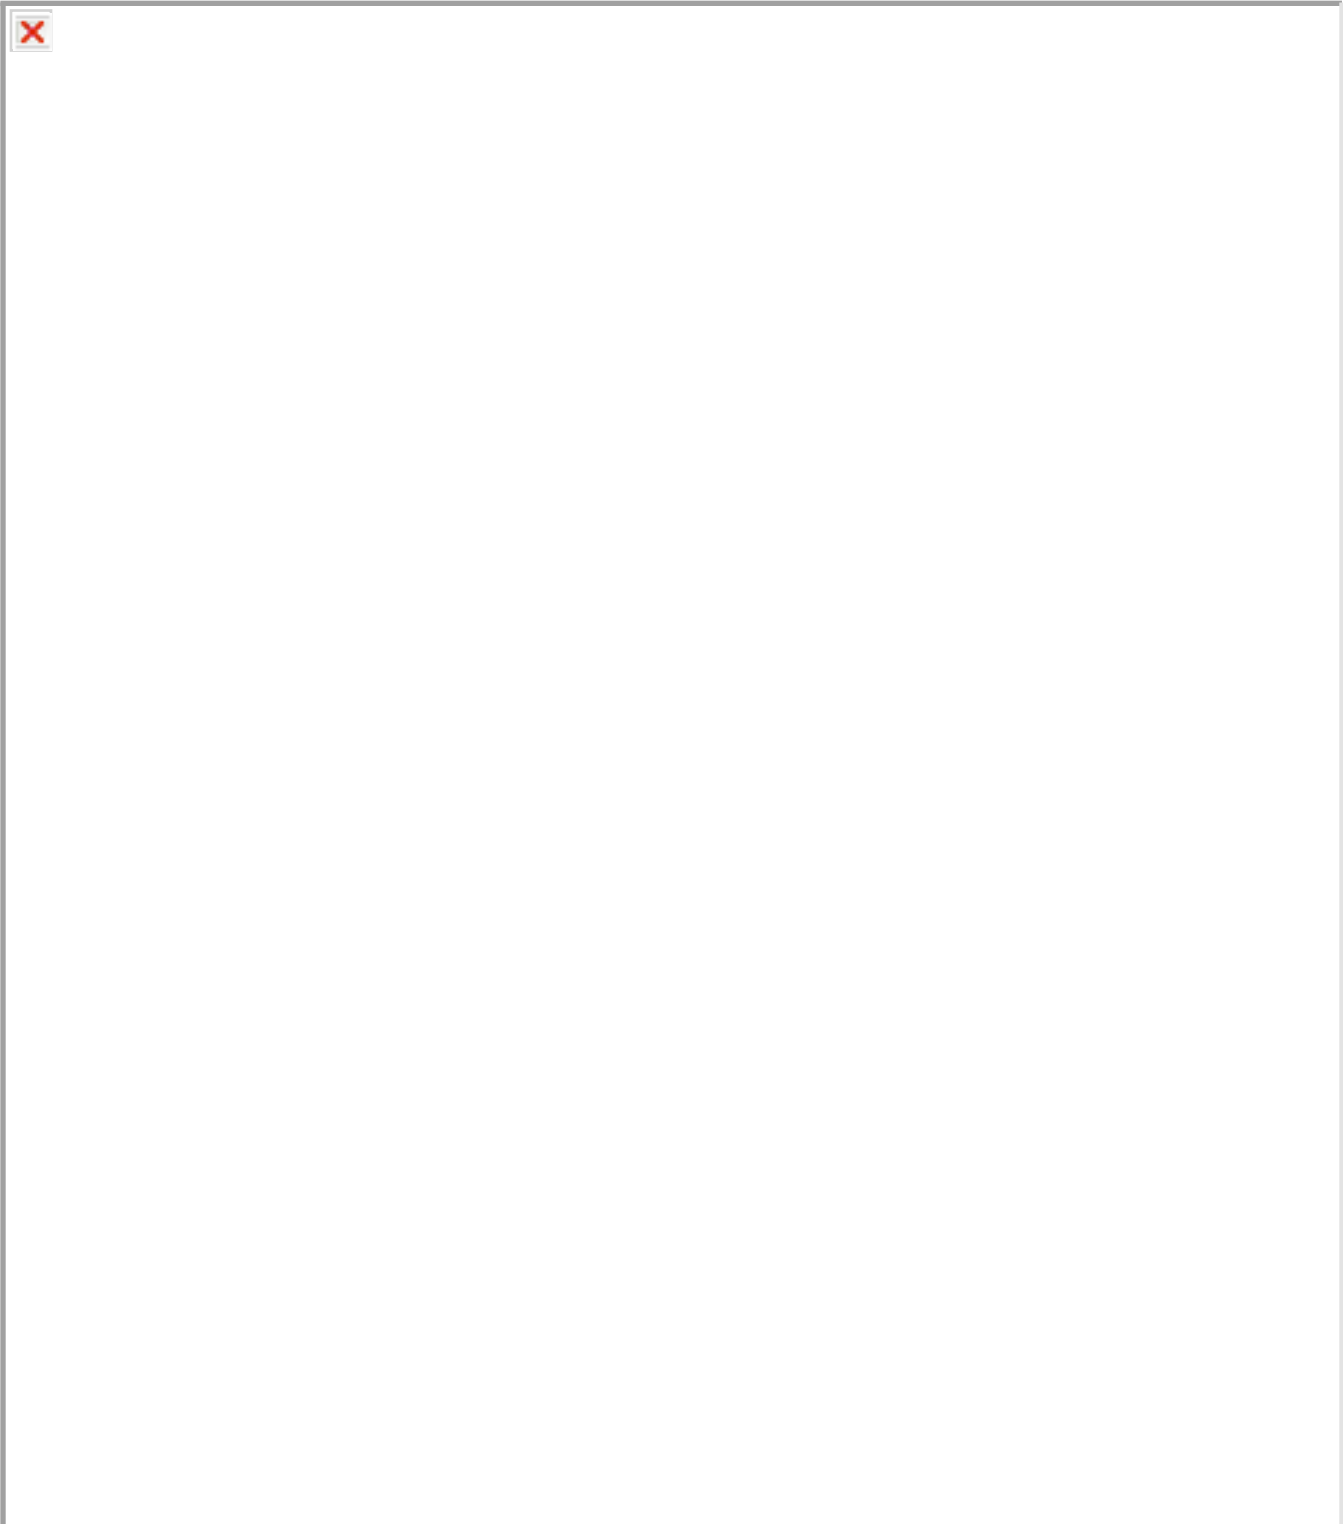

Full support for all 12 concerts on any day of week and finish time at midnight. Recommend full approval as it has my full unwavering support.

Are you a trade competitor of the applicant? I am not a trade competitor of the applicant.

What are the reasons for your submission?

We are neighbours to Eden Park

What decisions and amendments would you like the council to make?

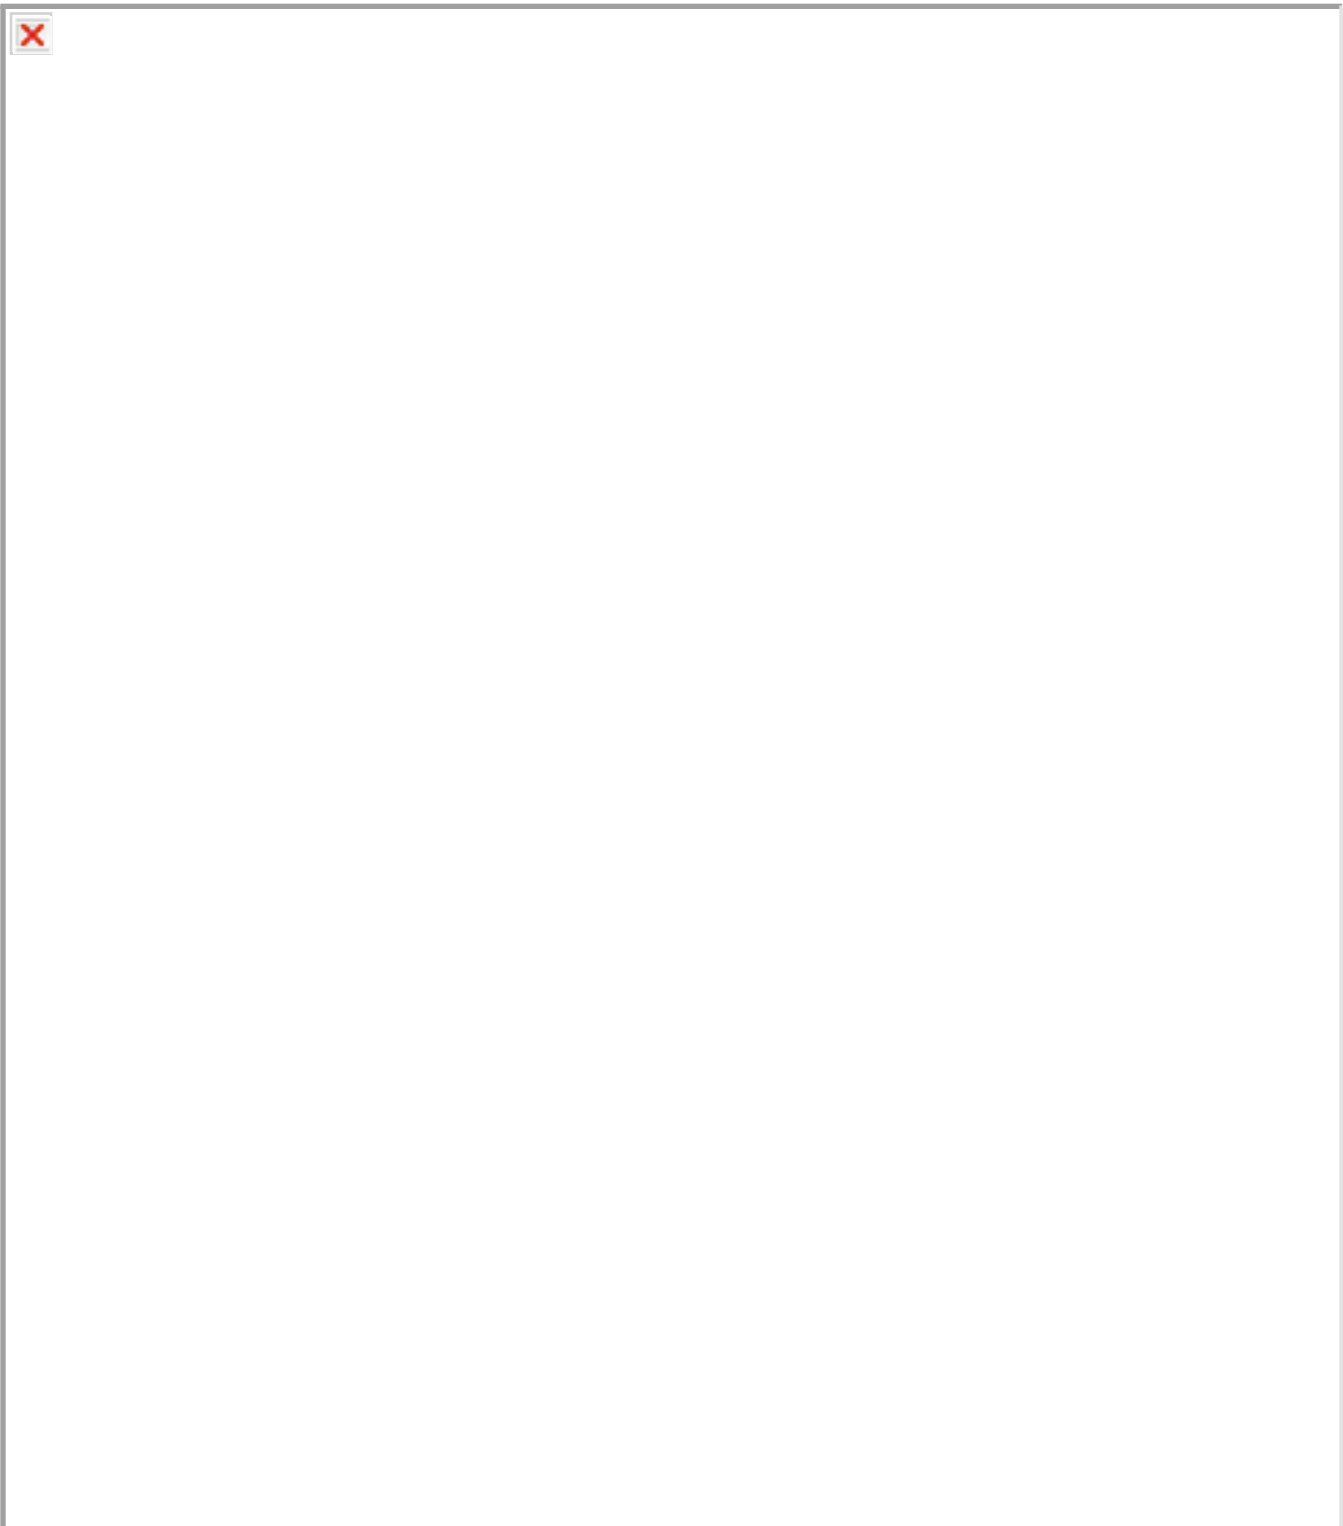

We support the variation to Eden Park's consent to allow 12 concerts per annum. We believe the council should support and approve the application on the basis of the economic benefit to the city and that the majority of residents support Eden Park's long term survival and need to be financially sustainable. We also enjoy the events both sporting, musical and cultural and believe the city is richer for the experience

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

I support Eden Park holding up to 12 concerts a year from 6 different artists. This will be of great benefit to Auckland, local businesses and all New Zealanders who likes music and having fun. I have grown up and lived most of my life a few streets away from Eden Park, and never once had a problem with people passing by on their way to a sporting fixture or concert.

What are the reasons for your submission?

What decisions and amendments would you like the council to make?

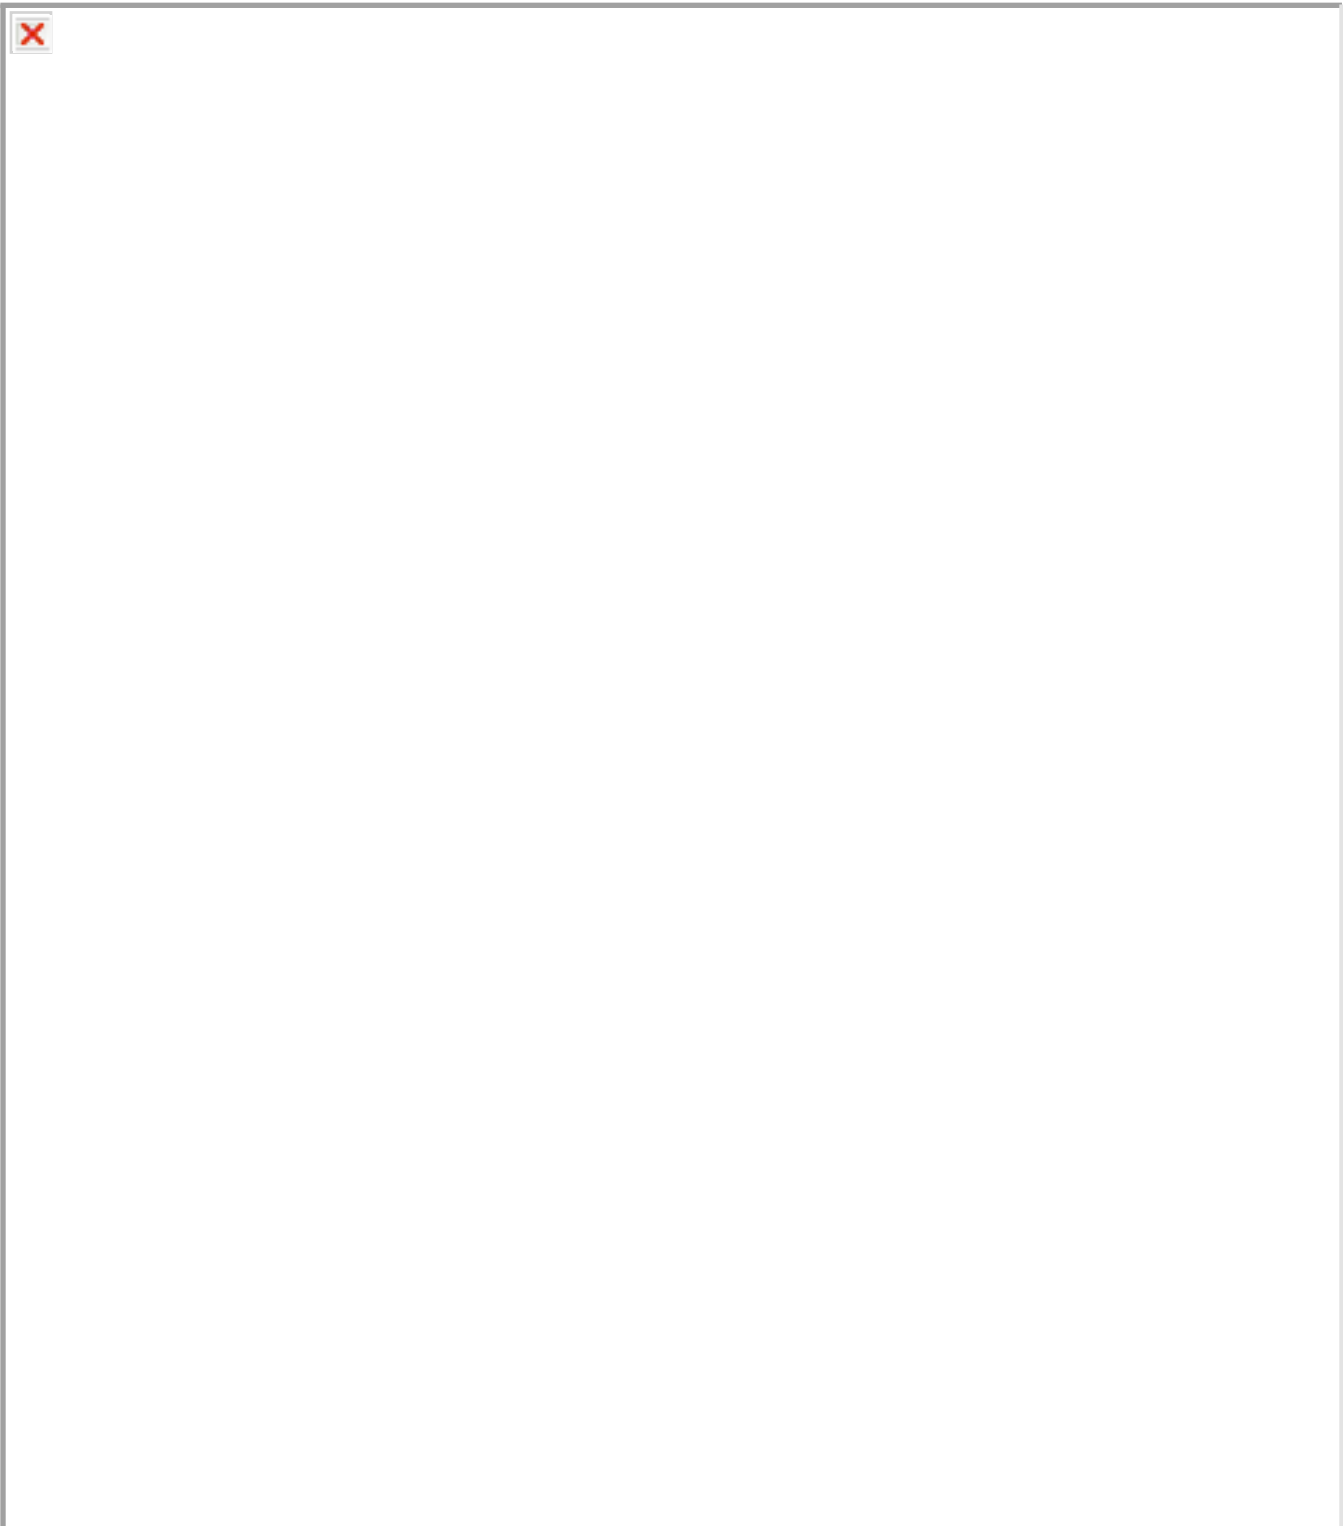

None, if anything I would support hosting even more concerts/events a year than the proposed 12.

Are you a trade competitor of the applicant? I am not a trade competitor of the applicant.

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:
Strongly support Eden Park's application to adjust their resource consent.

What are the reasons for your submission?

Even though I currently live in Pokeno, all my commitments including work, my children's school, family, and church are in Auckland. I was born and raised in Tamaki Makaurau, and I am a strong advocate of Auckland's lively cultural and entertainment scene. I believe that increasing the number of events at the stadium will not only enrich the city's cultural landscape but also make a substantial contribution to its economic growth and tourism sector.

What decisions and amendments would you like the council to make?

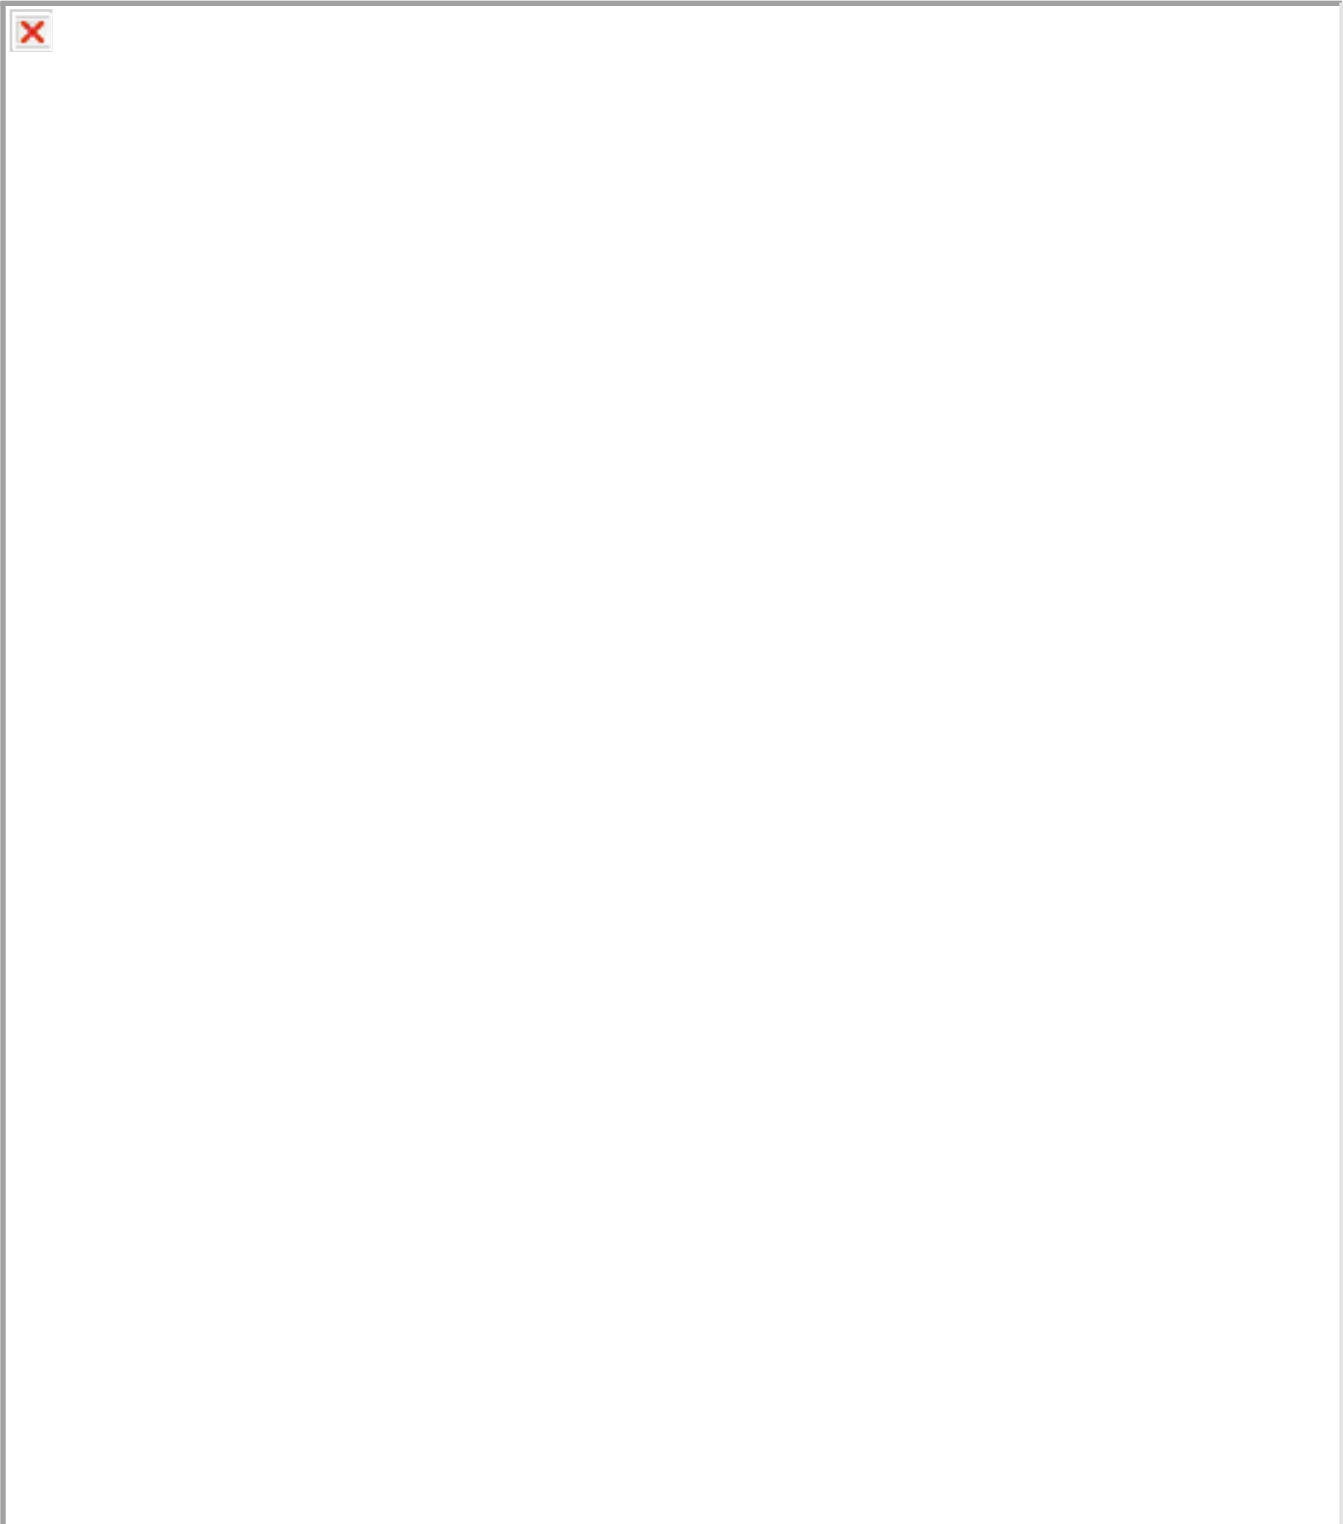

Please allow Eden Park to host more events by removing limitations on the number permitted annually.

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

Increasing and amending dates and times that Eden Park allows concerts.

What are the reasons for your submission?

Concerts attract thousands of visitors to our city who fill our hotels, local cafes, restaurants and bars. With over 2,000 people working at each concert event, they create job opportunities and showcase our city as a modern, world-class destination for both tourists and performers. As an example, P!NK's two concerts in March generated at least a \$4.26 million increase in GDP for our community and region through tourism, accommodation, hospitality, and employment.

What decisions and amendments would you like the council to make?

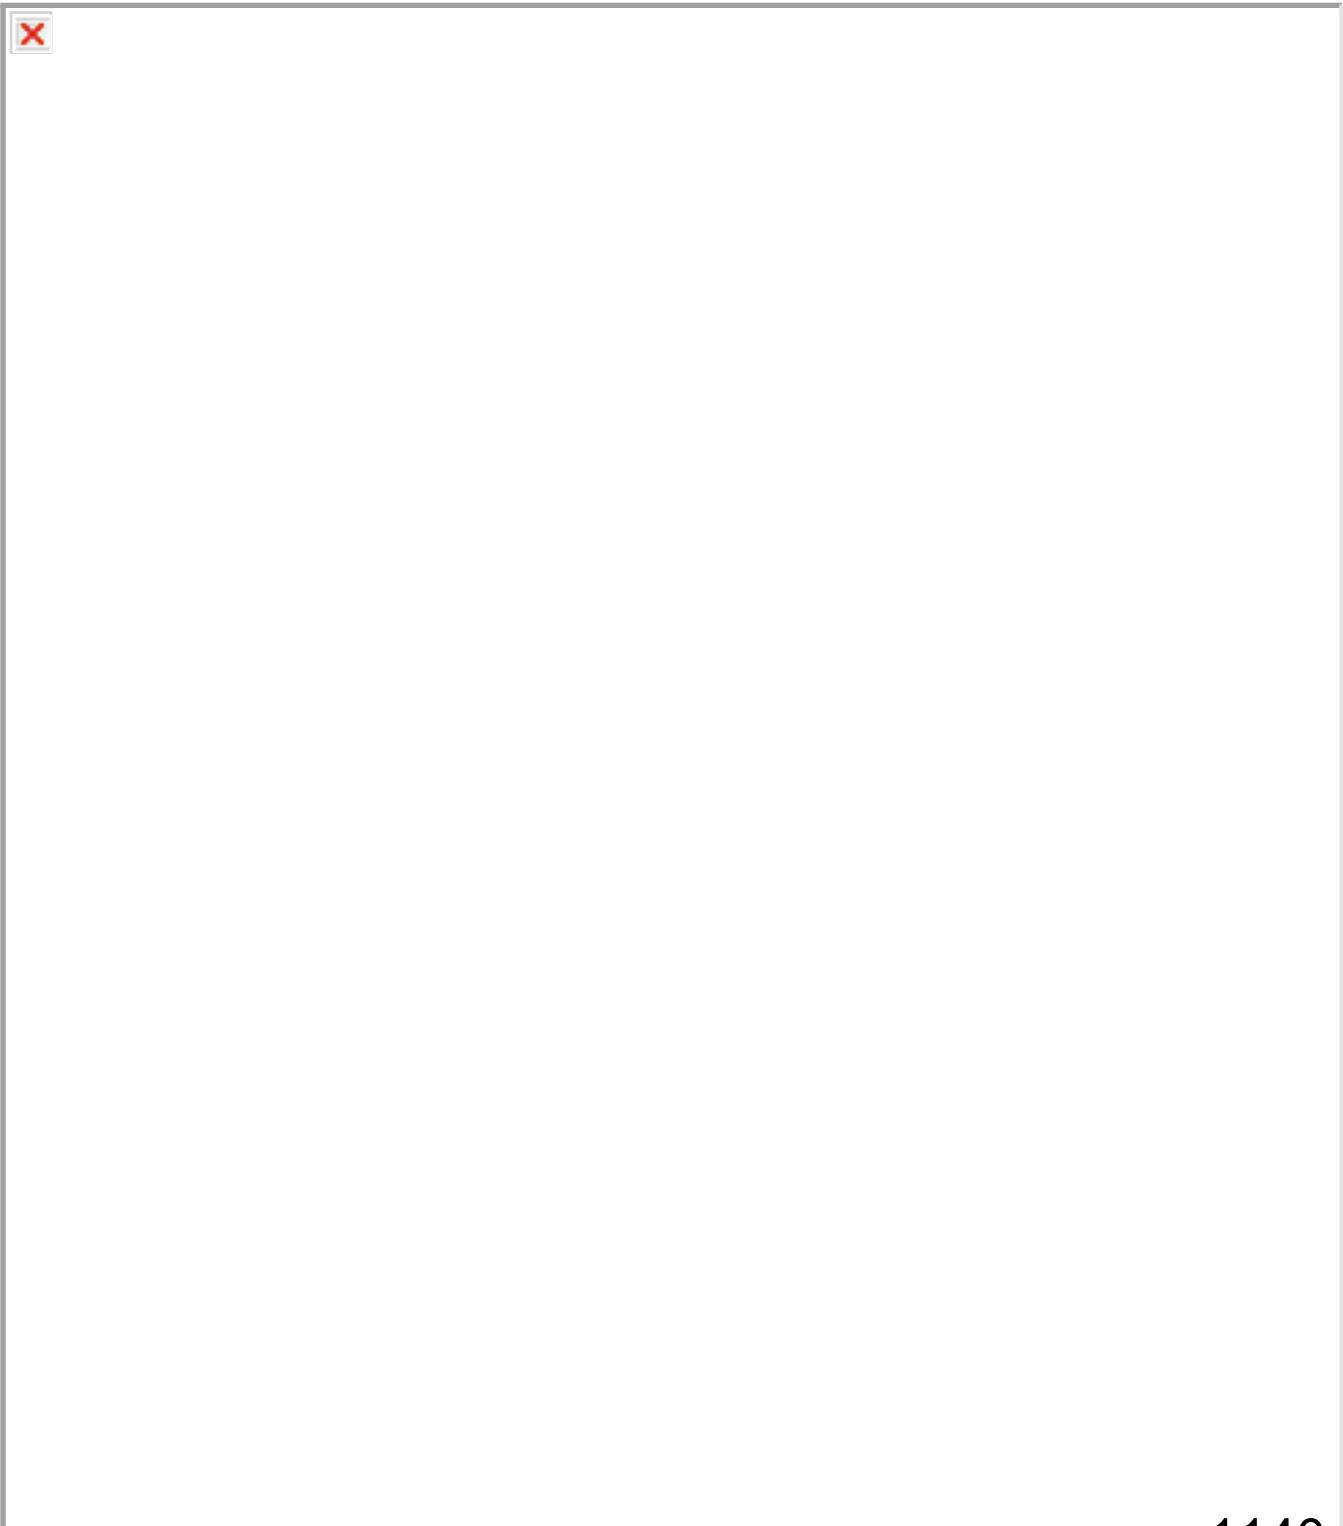

1. Allow up to 12 concert events in a calendar year where these events are performed by up to a total of six different artists/acts, excluding support artists
2. Provide for concert events on a Sunday
3. Allow for a finish time of 11pm

We have received a submission on the notified resource consent for Eden Park – 42 Reimers Ave, Kingsland.

Details of submission

Notified resource consent application details

Property address: Eden Park – 42 Reimers Ave, Kingsland

Application number: LUC60434909

Applicant name: The Eden Park Trust

Applicant email: mark.vinall@tattico.co.nz

Application description: Resource consent was issued in 2021 for up to 6 concert events at Eden Park in any calendar year including all related set-up, pack-down, and traffic and crowd management activities.

The Eden Park Trust now seeks resource consent to hold up to 12 concert events at Eden Park in any calendar year performed by no more than six different artists or acts (excluding supporting acts). The concerts would take place on weekdays, Saturdays, Sundays and public holidays, subject to restrictions on frequency, duration and timing, and to being carried out in accordance with a comprehensive Operating Management Plan, incorporating Event Management, Community Consultation and Communication, Pre and Post Event Management and Traffic Management.

If you have any queries about the application, please email: edenparkconcerts@aucklandcouncil.co.nz

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

I support the application for more events to be held at Eden Park.

What are the reasons for your submission?

Eden Park is Auckland's largest venue for concerts and outdoor sports; it should be utilised as much as possible. Aucklanders have shown that they will turn out in large numbers for popular performers (eg P!nk) and it is a shame if some cannot come to Auckland (eg Taylor Swift) just because of limits on the number of events. Events at the park provide business for many surrounding restaurants etc. and contribute to their ongoing viability.

What decisions and amendments would you like the council to make?

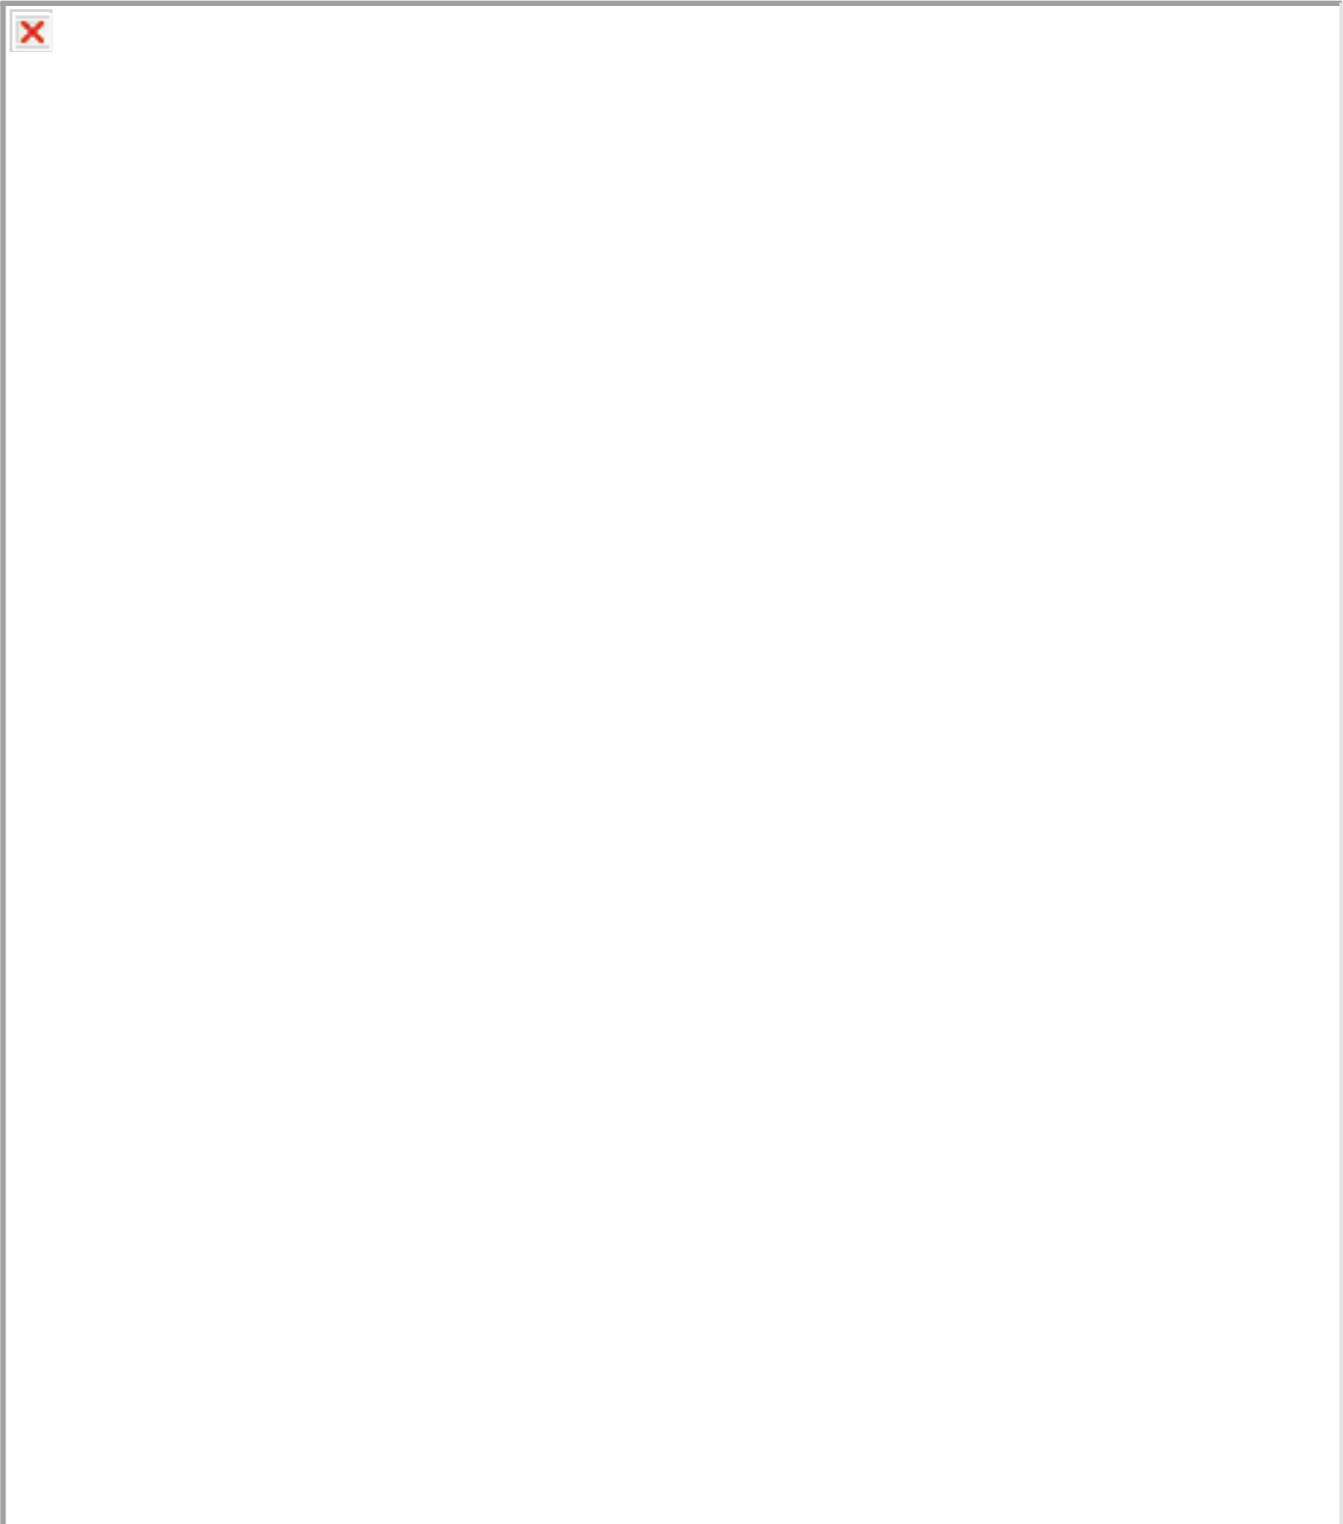

Allow more events to be held at Eden Park each year.

Are you a trade competitor of the applicant? I am not a trade competitor of the applicant.

Do you want to attend a hearing and speak in support of your submission? No

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

I support all aspects of the application.

What are the reasons for your submission?

Eden Park is a valuable asset for Auckland that is under utilised. The more events Eden Park is able to host the more economically viable it will be, which in turn will create the ability to keep investing in the quality of the infrastructure. The city of Auckland in particular, but also New Zealand as a whole, will benefit from larger events of this nature - the economic impact will be significant.

What decisions and amendments would you like the council to make?

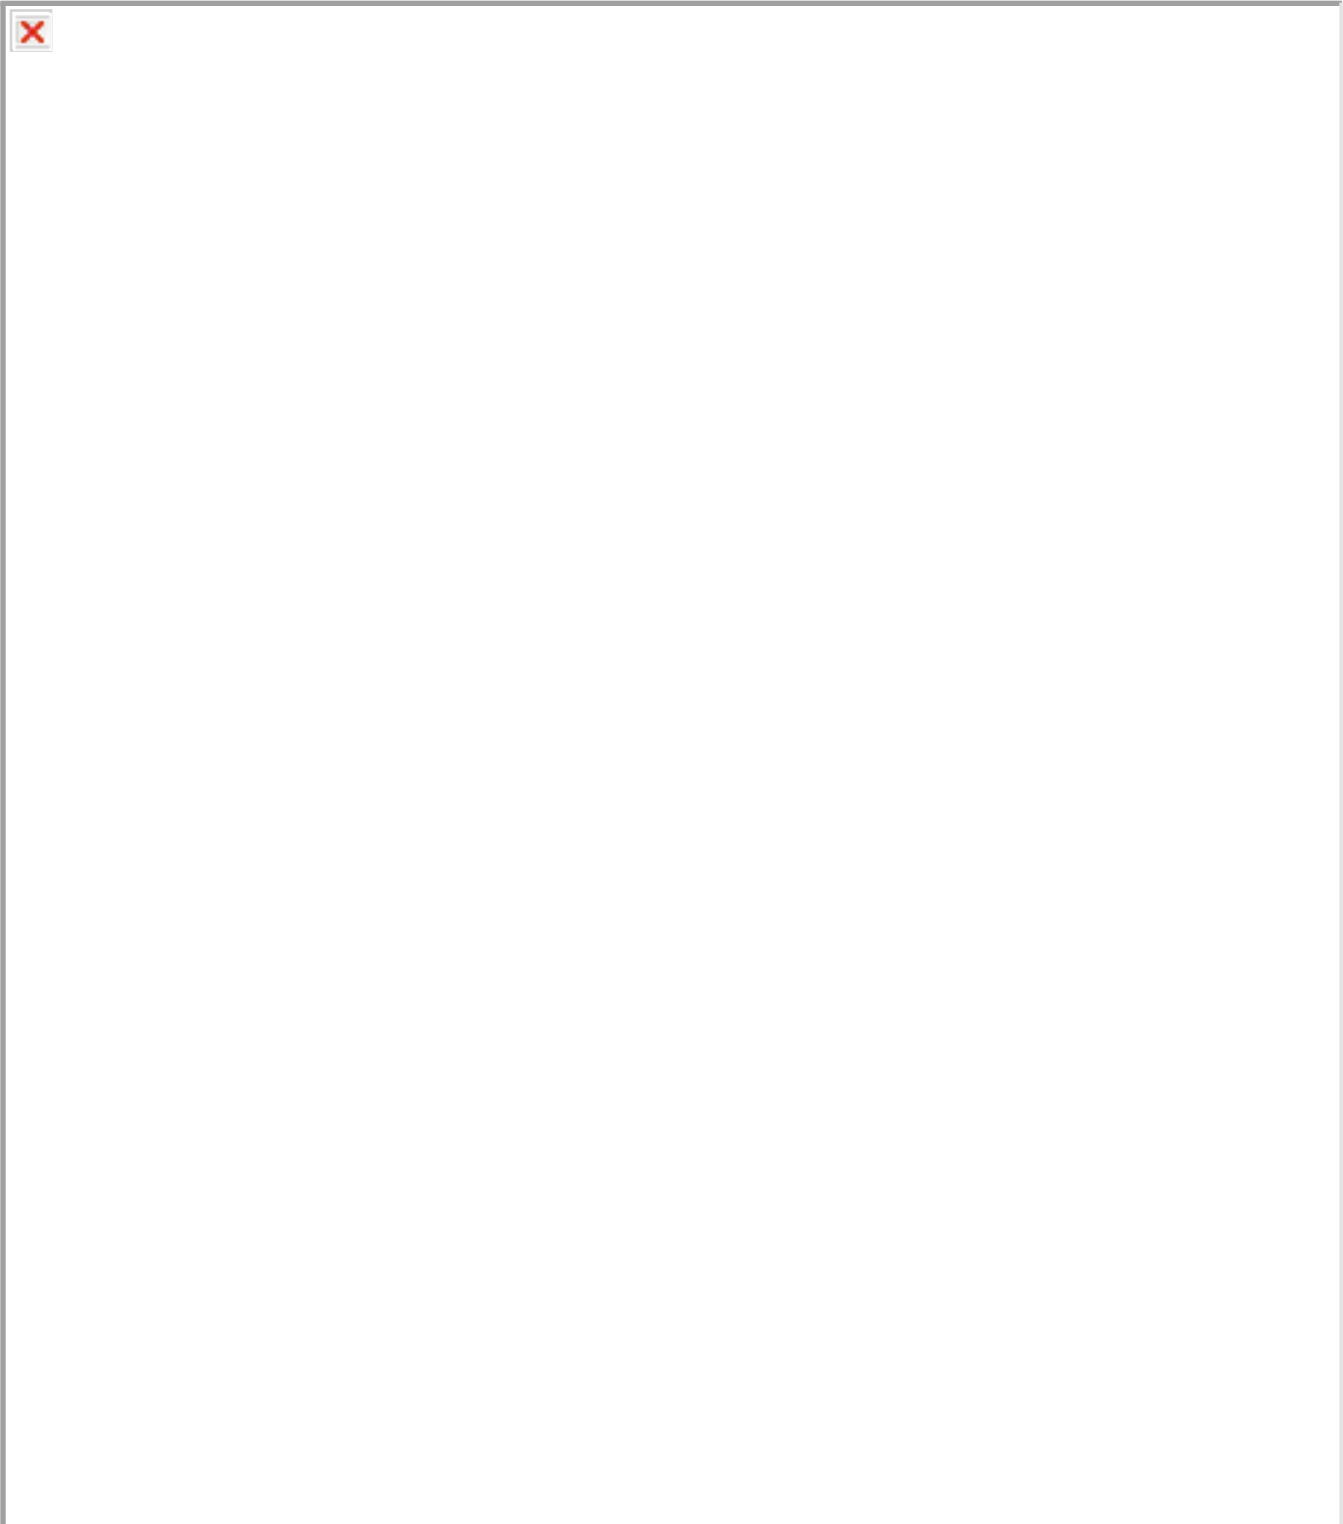

For council to support all aspects of the application.

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

- Consent for 12 concerts per year
- Approval for a finishing time of 11 pm
- Provide for concerts on Sunday

What are the reasons for your submission?

Having served as Chairman of Eden Park and as a Trustee for nine years, I bring extensive experience in Governance of the Park when the first concerts were successfully organised and delivered at this iconic venue. Concerts at Eden Park have been an unqualified success for the following reasons.

- 1/ Highly professional and experienced management overseeing concert delivery
- 2/ Investment into infrastructure to ensure patron safety and superb event experience
- 3/ Leveraging EP management's long experience and expertise in the delivery of large-scale public events at the Park, including:
 - very strong pre and post-event traffic management,
 - show promotion and ticketing driving heavy use of public transport
 - Strong collaboration with police ensuring appropriate alcohol and security management
 - Experienced security, catering, retail and event delivery staff

As a result, Eden Park has built a strong reputation for the delivery of concerts with important stakeholders associated with the Park. Based on their feedback and experience to date Eden Park has been encouraged to further develop concert activation.

These stakeholders include;

Neighbours of Eden Park. Formal and informal feedback from the neighbours who almost universally support existing concerts and have indicated majority support for further shows.

Auckland Council/Tautaki Auckland Unlimited. Close partnering with Auckland Council to support major concerts for the benefit of ratepayers, the city economy and cultural health continues to develop with commitments to deeper partnership in future.

Concert promoters. The world's and region's largest artist management and touring companies (eg. Live Nation, Frontier etc) have built confidence in Eden Park's successful delivery of shows and are now regularly proposing additional content.

Music fans throughout New Zealand who now regularly pack out the Park whenever new shows are announced secure in the knowledge the shows are safe to attend and the quality of the experience is excellent value for money.

What decisions and amendments would you like the council to make?

Approve the proposed submissions.

Are you a trade competitor of the applicant? I am not a trade competitor of the applicant.

Specify the aspects of the application you are submitting on:

Eden Park's application to host up to 12 concerts per calendar year, featuring up to six different headline artists. Provide for concerts happening on a Sunday and to have a finish time of 11pm

What are the reasons for your submission?

Having been to a number of concerts at Eden park with various family members (including our 11yr old and 8yr old), I've seen first hand the positive effects on Auckland. Artists such as Ed Sheeran, P!NK and Six60 have drawn tens of thousands in to the city, which has a flow on for transport, accommodation, hospitality and even promotional benefits from so many people sharing photos of their experience on Social Media. I feel that increasing the number of

opportunities will bring even more benefits to Auckland and help promote the city as a vibrant and safe entertainment mecca

What decisions and amendments would you like the council to make?

Allow up to 12 concert events in a calendar year where these events are performed by up to a total of six different artists/acts, excluding support artists.

Provide for concert events on a Sunday.

Allow for a finish time of 11pm.

Specify the aspects of the application you are submitting on:

The ability for Eden Park to have up to 12 concerts a year, have concerts on Sunday and until 11pm.

What are the reasons for your submission?

International concerts not only bring significant revenue in the city and area but also the opportunity for locals not to have to travel internationally or throughout New Zealand to see them.

The size of Eden Park, as the biggest stadium in the country makes it attractive to artists and agents to bring the best of the best to NZ and Auckland for multiple concerts, up to three for some of the more popular ones. Having a restriction of 6 per year does not allow the ability to get multiple top tier concerts.

The more events we can hold the better, major artists like Taylor swift have recently had an impact on major cities and some countries GDP - I would suggest more than 12

What are the reasons for your submission?

Because Auckland's event calendar is empty and void of significant events of scale to make this a truly international city

What decisions and amendments would you like the council to make?

More events that have scale and will draw the country into our city. I believe 12 concerts at Mt Eden is still light - 18/20

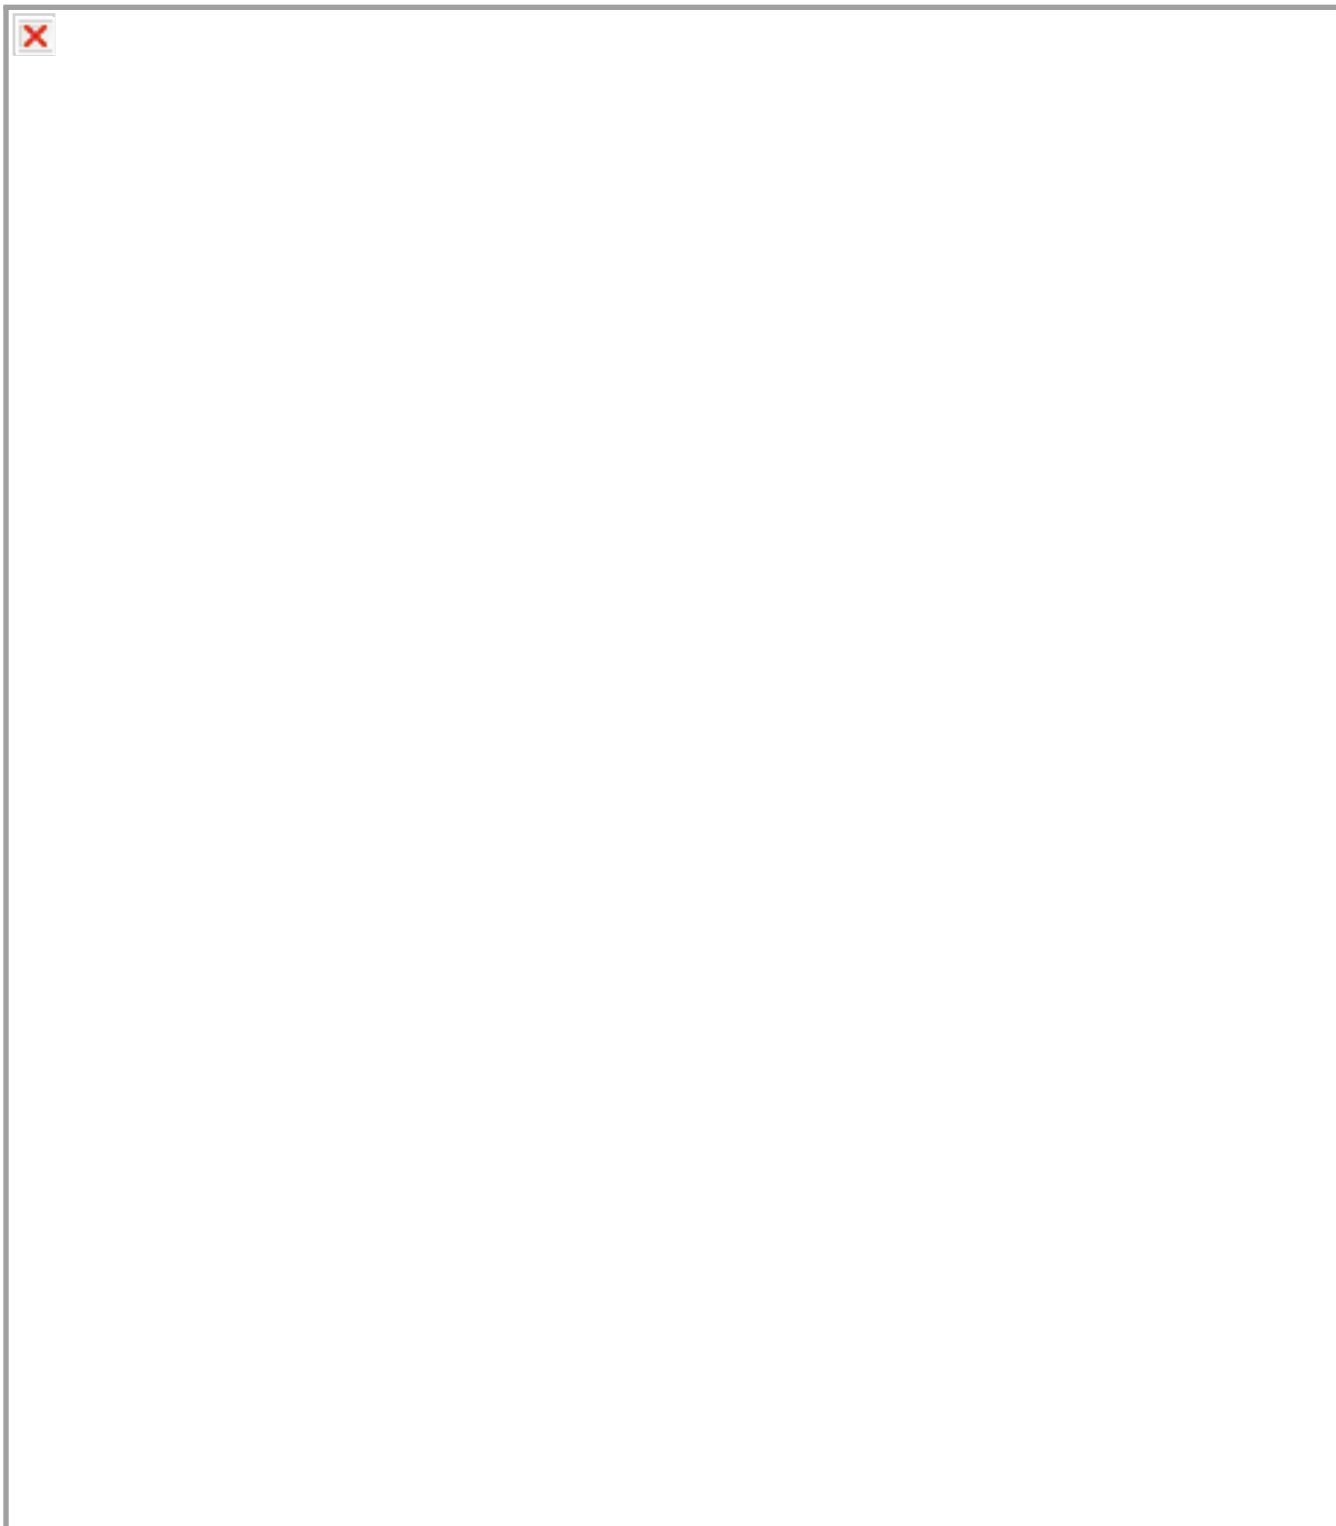

would make more sense from a multi act / multi shows perspective.

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

12 concerts, concert event on Sunday, finish times, loudness after concerts finish - drunks and/or machinery

What are the reasons for your submission?

I support 12 concerts using 6 artists but have concerns about consecutive nights and Sundays, mostly due to access issues. Getting in and out can be a real pain and won't be helped by not having pink passes issued anymore. Having people over is also difficult and navigating access for days on end is not appealing. We would also like any Sunday concerts to finish earlier and for the grounds to be quiet as soon as possible. People hanging out in the carpark can be very noisy and pack downs/pack ins at night are enough to keep us awake too

What decisions and amendments would you like the council to make?

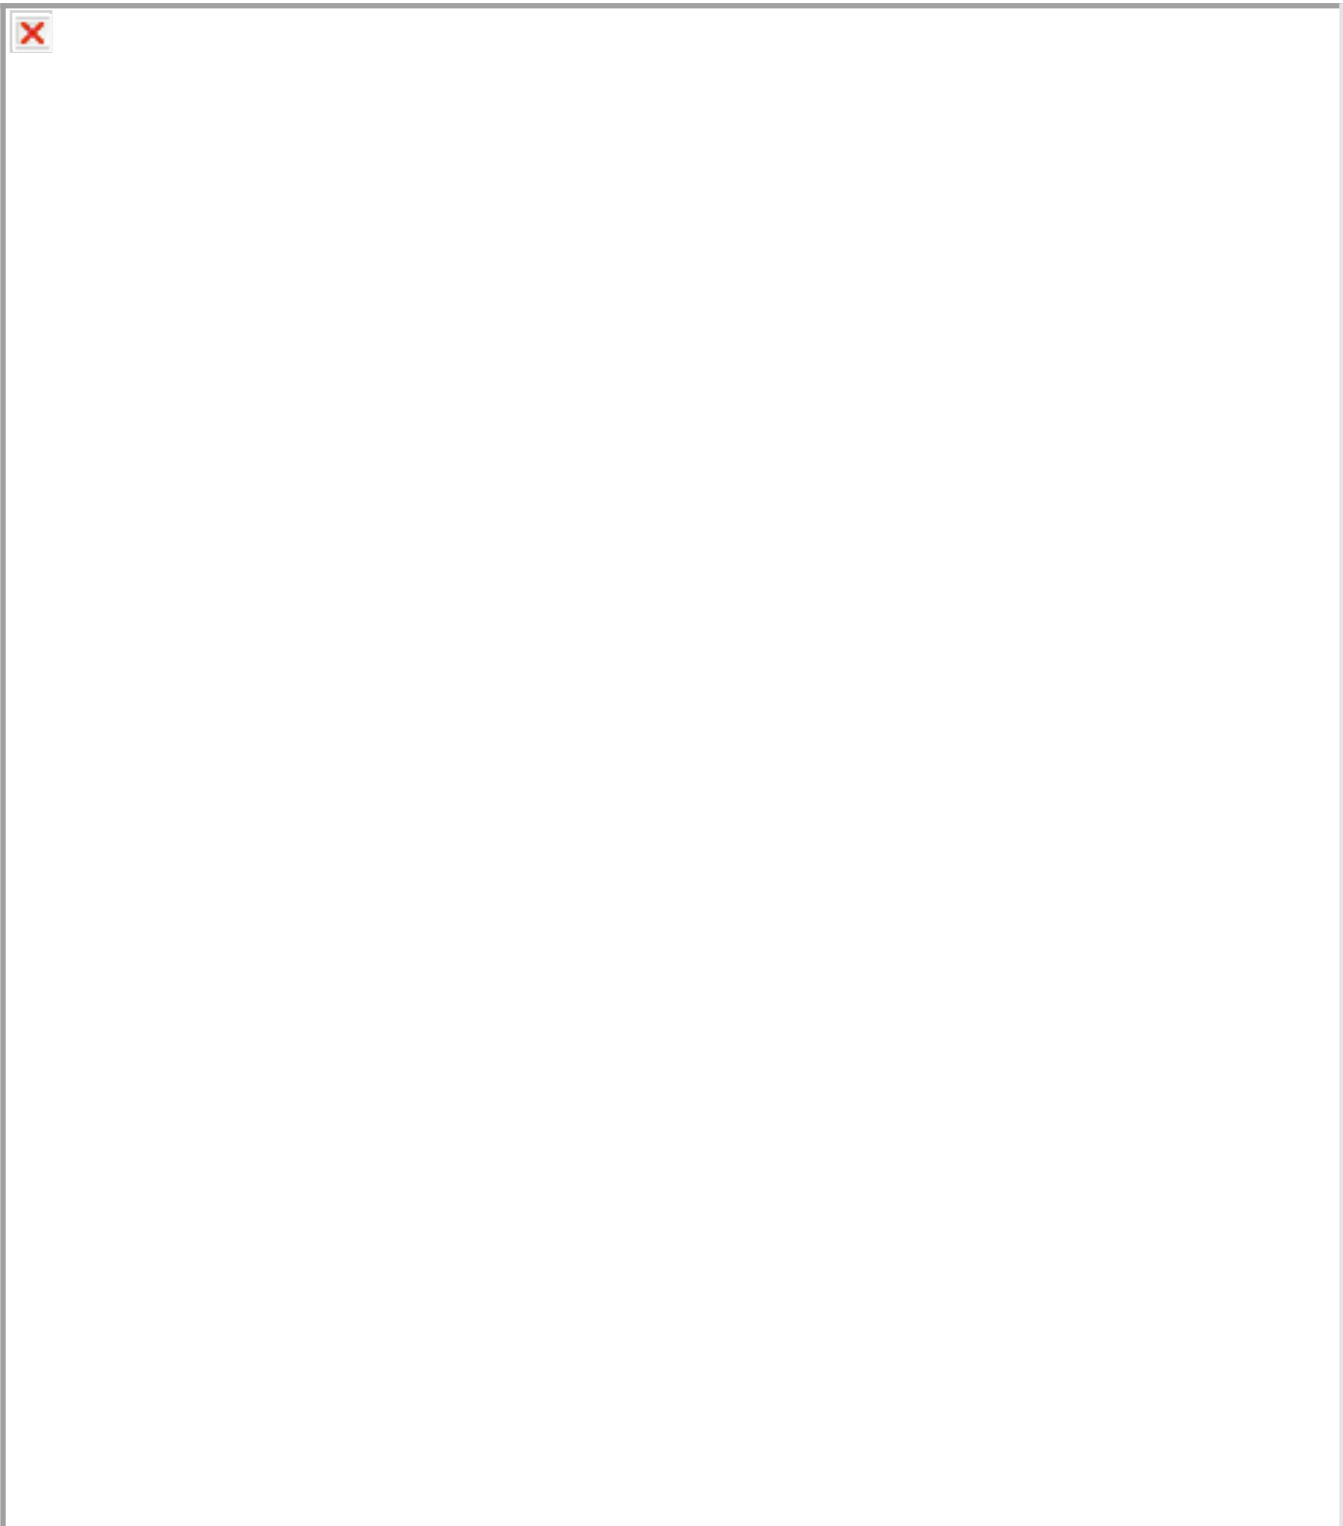

Reconsider and rework the traffic management plans that are currently in place to make it easier for locals and visitors to access our homes. Consider restricting the time Sunday concerts can finish. Ensure noise after the concert is minimised

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

I am 100% in support of there being more concerts at Eden Park

What are the reasons for your submission?

I love attending concerts at Eden Park - we attend all of them with my family and have a great time. we would love the opportunity to come to more events and make more fun memories as a family

What decisions and amendments would you like the council to make?

To allow for there to be more concerts at Eden Park - limiting it to 6 a year is ridiculous and not helpful for the

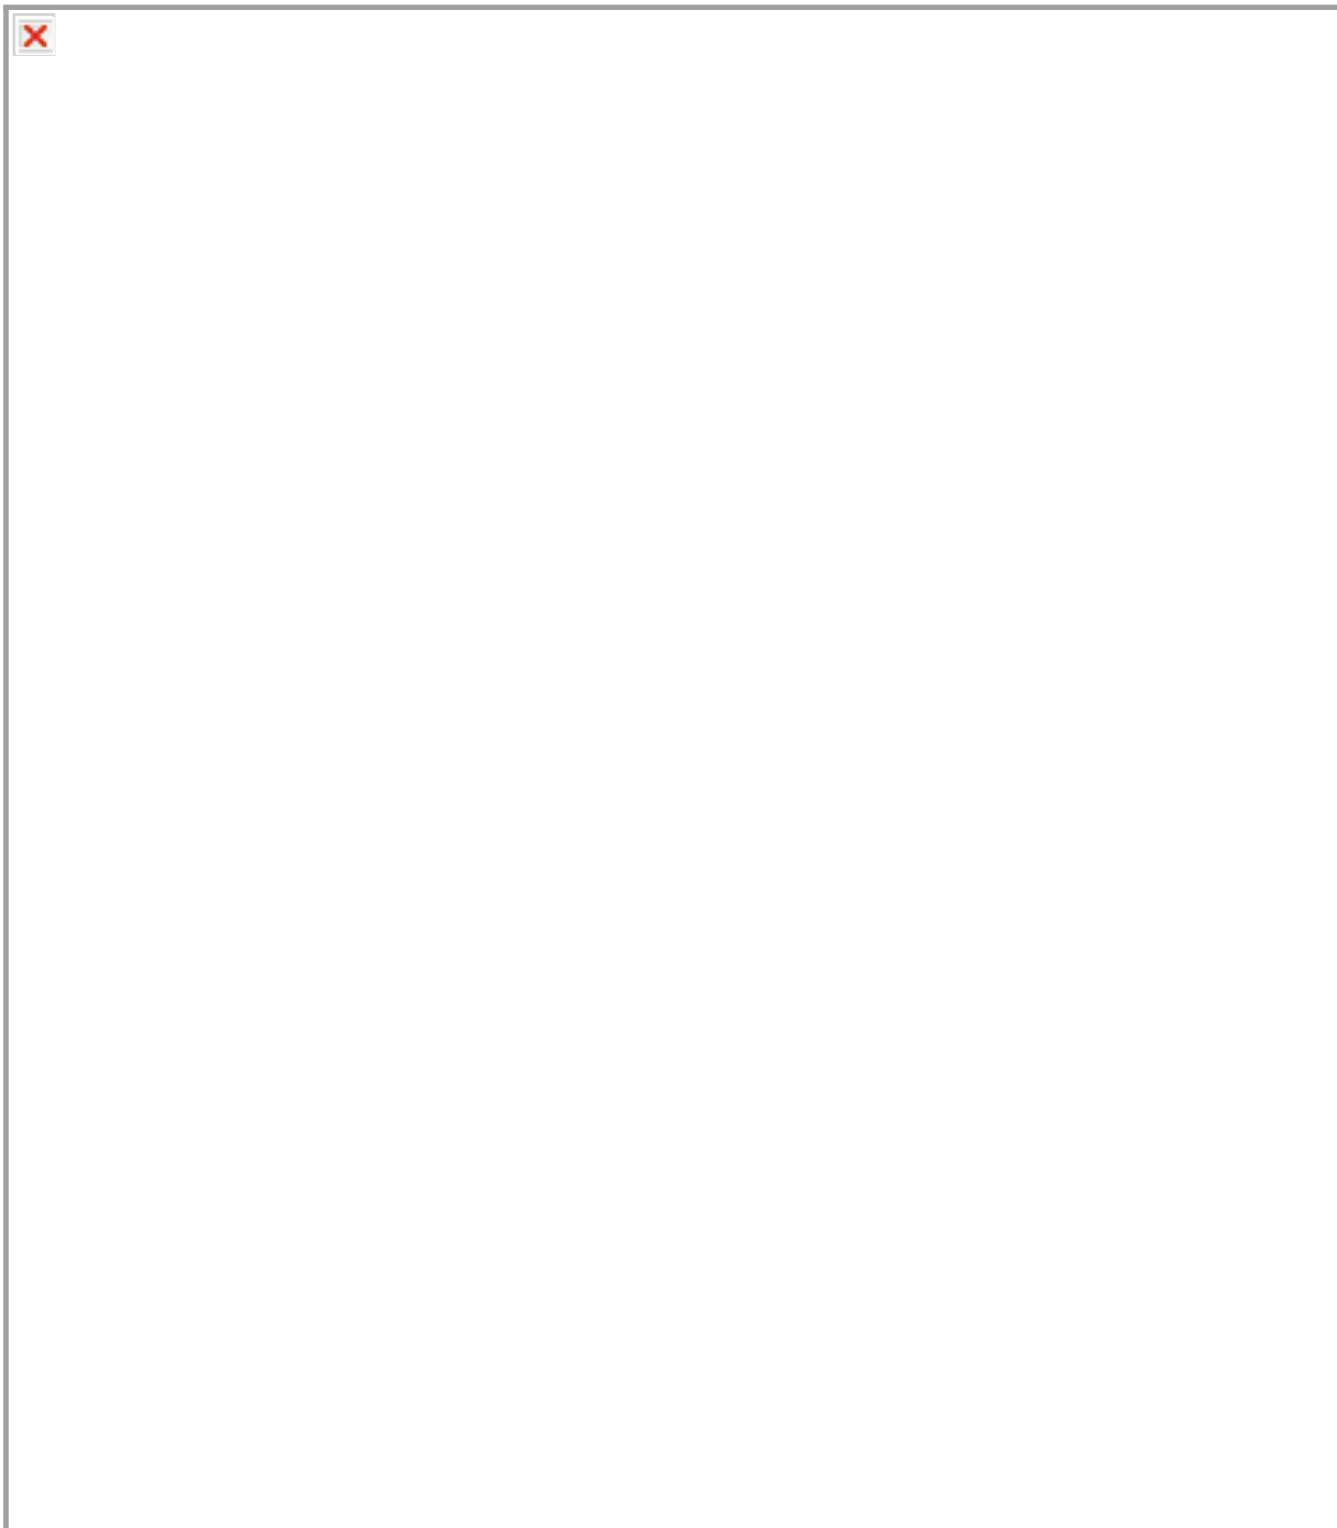

surrounding busniseess or for family wanting to make memories

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

Increase in events to 12 in a year, on weekends and public holidays

What are the reasons for your submission?

New Zealand has missed out on large musical acts because of limited large venue capacity. Other such large events have been held at western springs, a transport nightmare.

What decisions and amendments would you like the council to make?

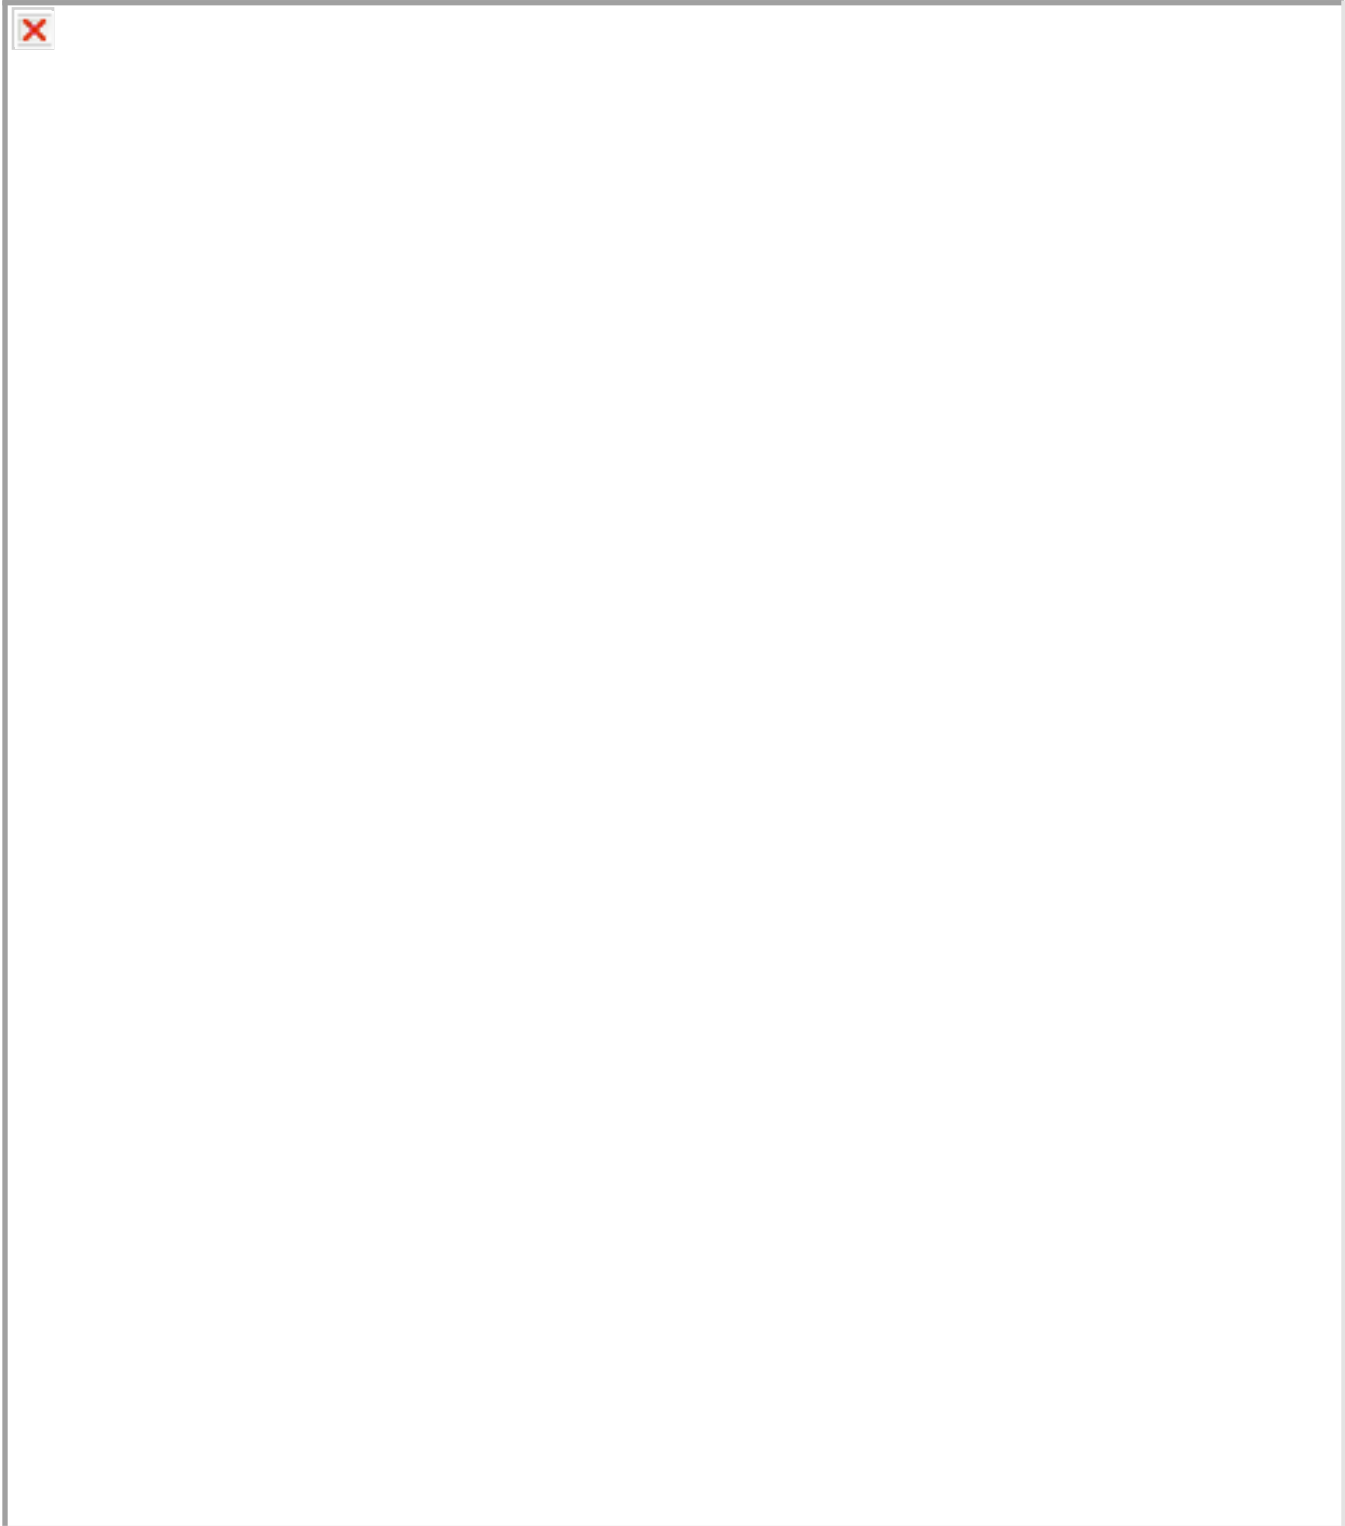

Would encourage the council to support the amendment, and also do better with public transport to the venue.

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

Eden Park's consent application to host up to 12 concerts per calendar year, featuring up to six different headline artists.

What are the reasons for your submission?

Concerts at Eden Park not only enrich Auckland's cultural diversity but also offer exceptional opportunities and experiences for the local community. These events foster a sense of pride among Aucklanders, reinforcing our identity as residents of a world-class city and showcasing Auckland on the global stage. With Eden Park's substantial capacity, it is crucial that we maximize its potential by embracing every opportunity to host such transformative events.

Concerts at Eden Park deliver significant economic benefits to Auckland, creating a positive ripple effect across multiple sectors, including hospitality, transport, tourism, food and beverage, and retail. These events attract both local and international visitors, driving increased spending in surrounding businesses and supporting jobs. The broader Auckland economy thrives as these concerts enhance the city's cultural offerings, elevate its status as a premier destination, and contribute to the vibrancy of our communities.

What decisions and amendments would you like the council to make?

I recommend and endorse in full support Council to approve this consent application

I fully support Eden Park's wish to operate more large scale events, as Auckland doesn't have a concert venue that can support anything of the same size.

What are the reasons for your submission?

What decisions and amendments would you like the council to make?

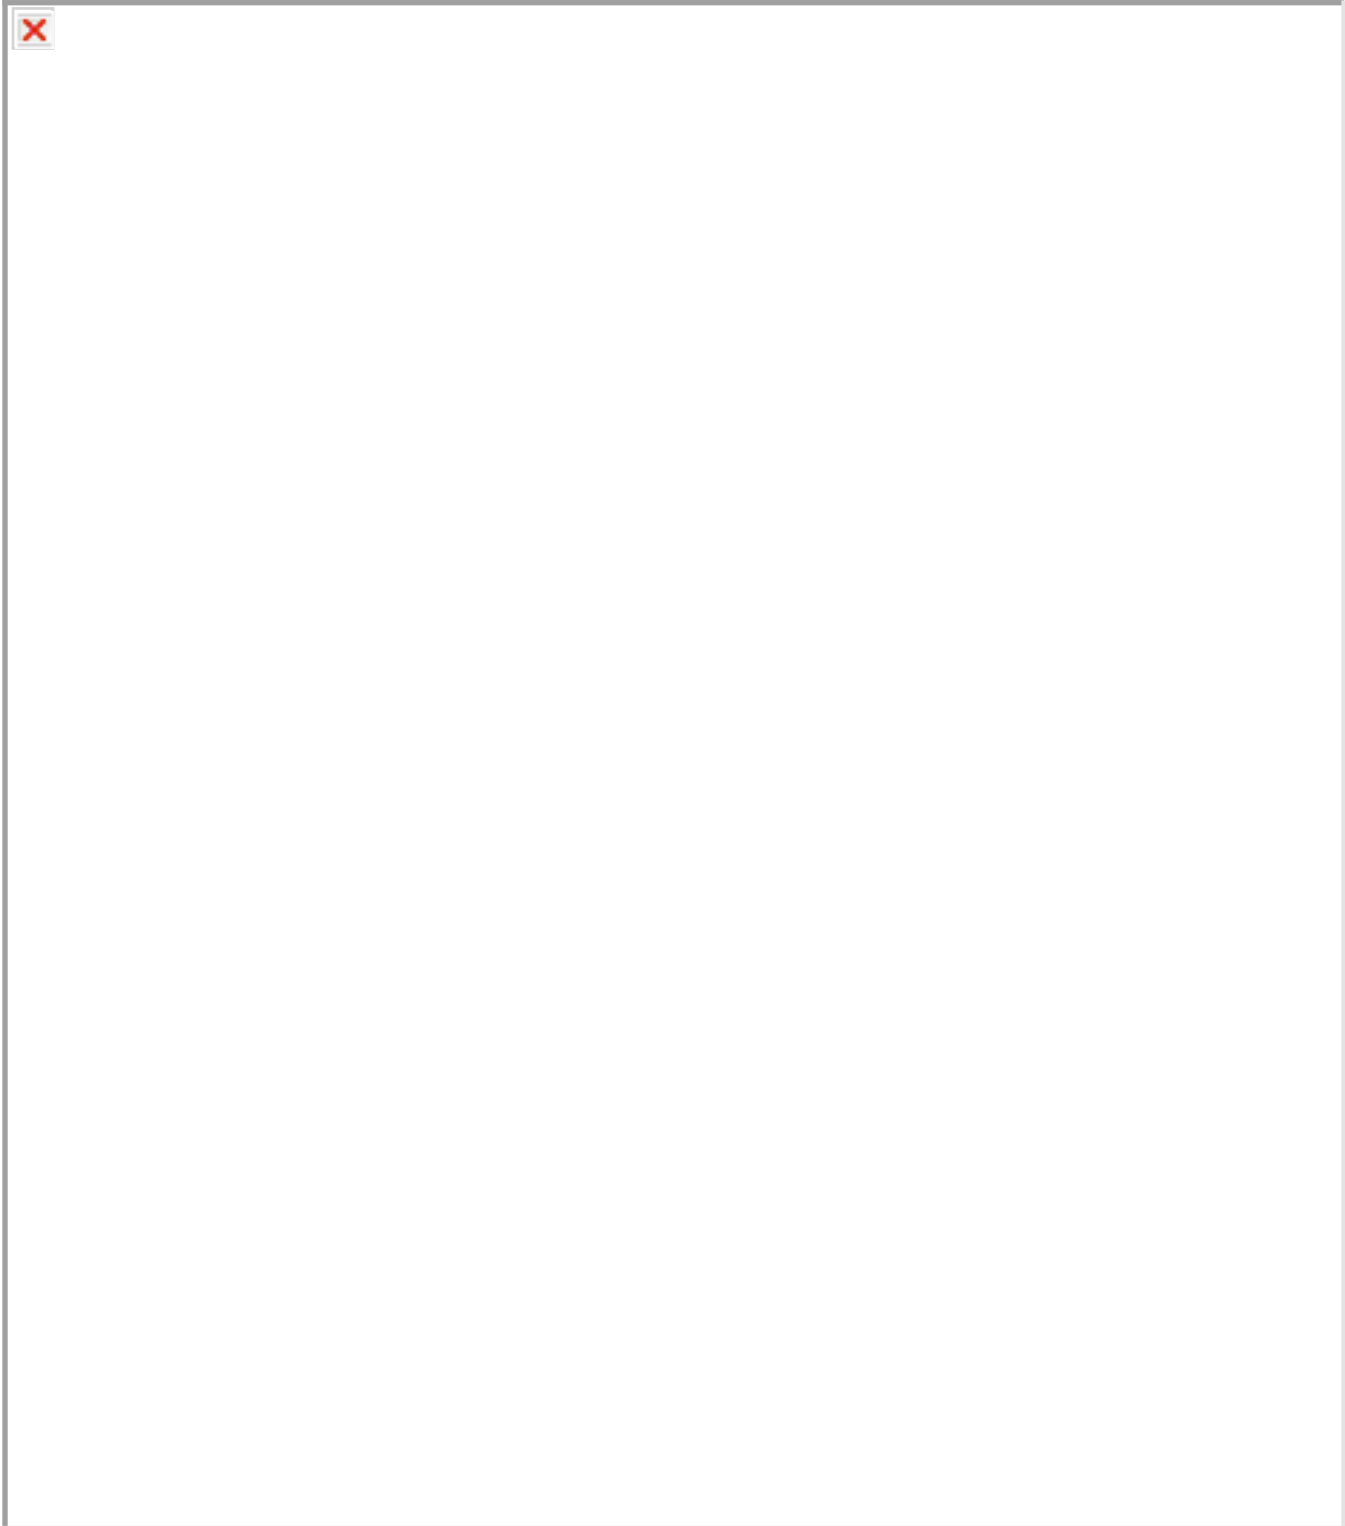

To allow the Trust to host concerts on Sundays, as New Zealand is a small market and often overlooked in availability windows of large shows.

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

I am wholly in support of increasing the number of events to be held at Eden Park each year

What are the reasons for your submission?

It only takes some minor research to see how beneficial being a stop on the World Tour of a concert can be to the local economy. Taylor Swift would be a great example, but there are many others who are skipping New Zealand because of the lack of availability of significant stadiums. If we want Auckland to be a world class destination then we need to take a look at the bigger picture, look at other cities around the world, and see how we can adapt our offering to match. Let's make concerts great again!

What decisions and amendments would you like the council to make?

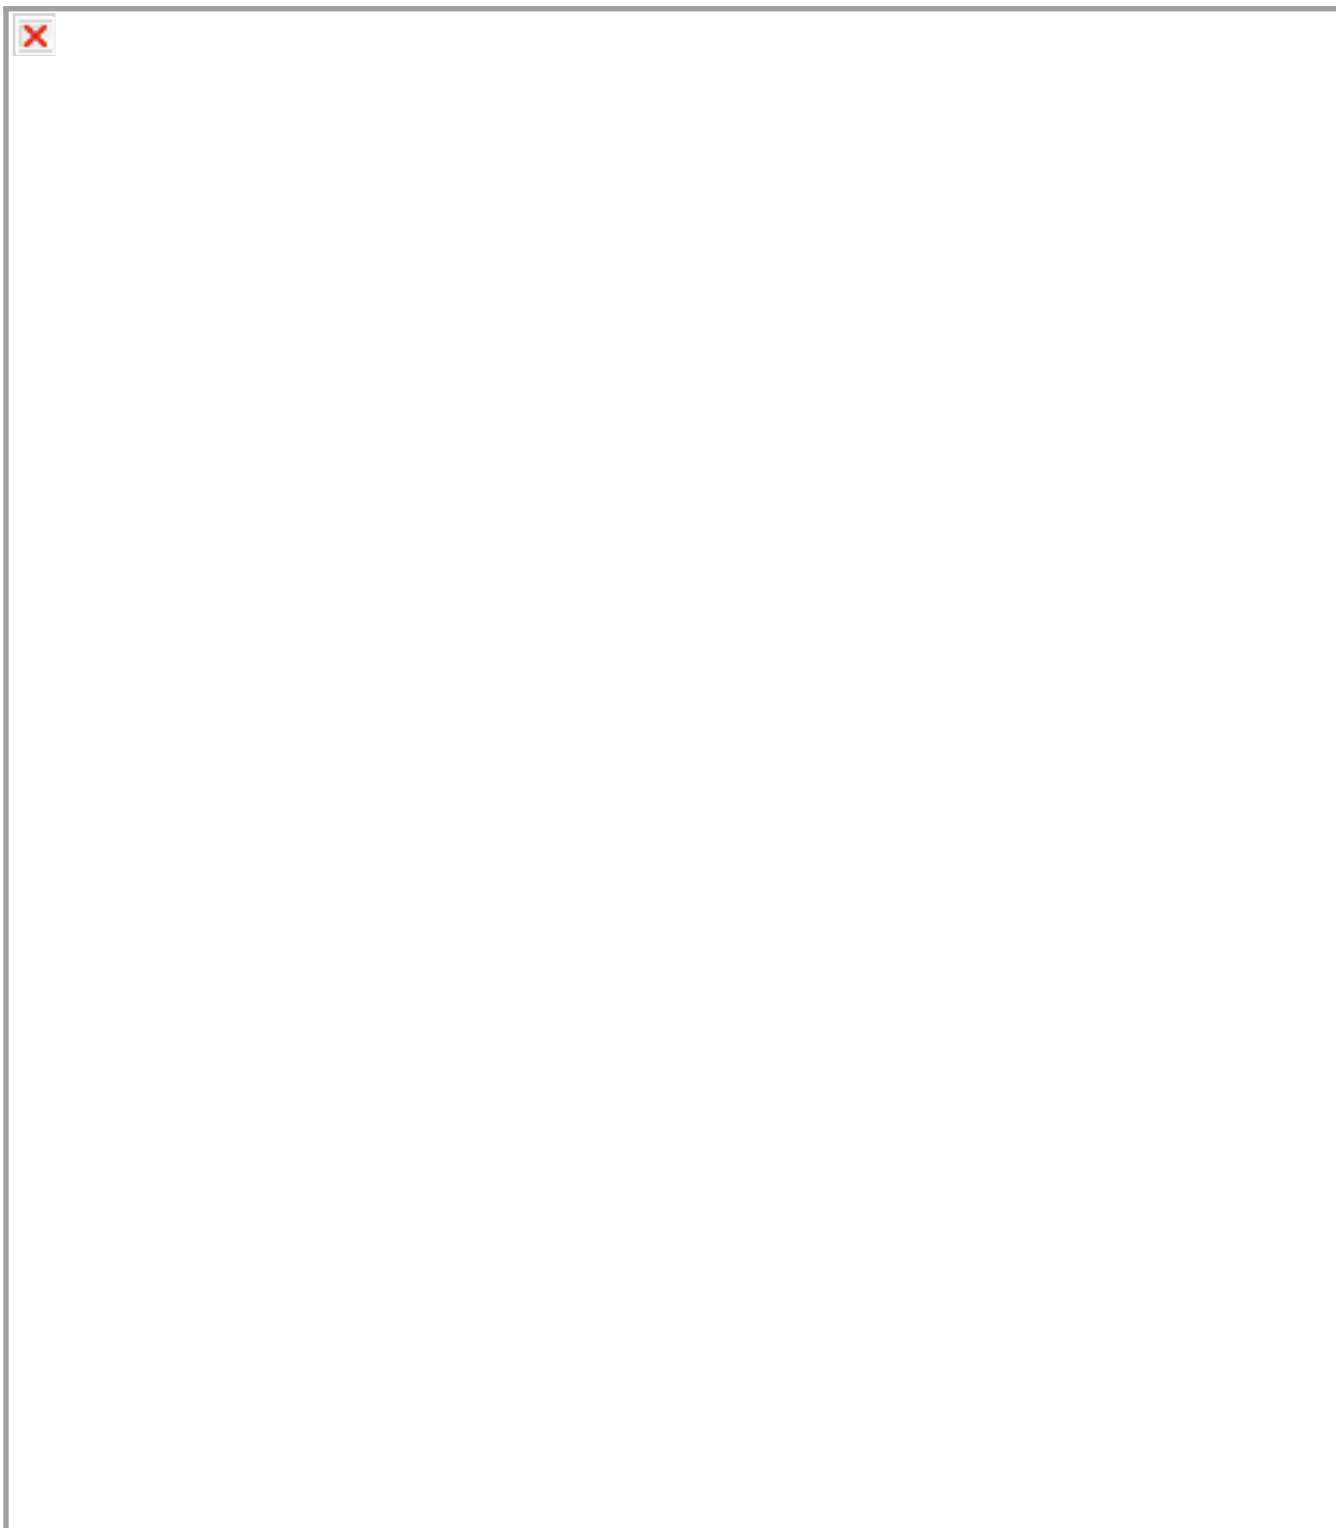

I would like the council to approve raising the number of events per year from 6 to 12, as per the submission.

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

Hosting 12 concerts a year instead of 6, well managed, 6 artists

What are the reasons for your submission?

Allowing 12 concerts to take place means many more artists would be able to visit NZ and perform. NZ will not be a missed country on their tour meaning we get the opportunity to see our favourite major artists live. This would make everyone throughout NZ a lot happier.

What decisions and amendments would you like the council to make?

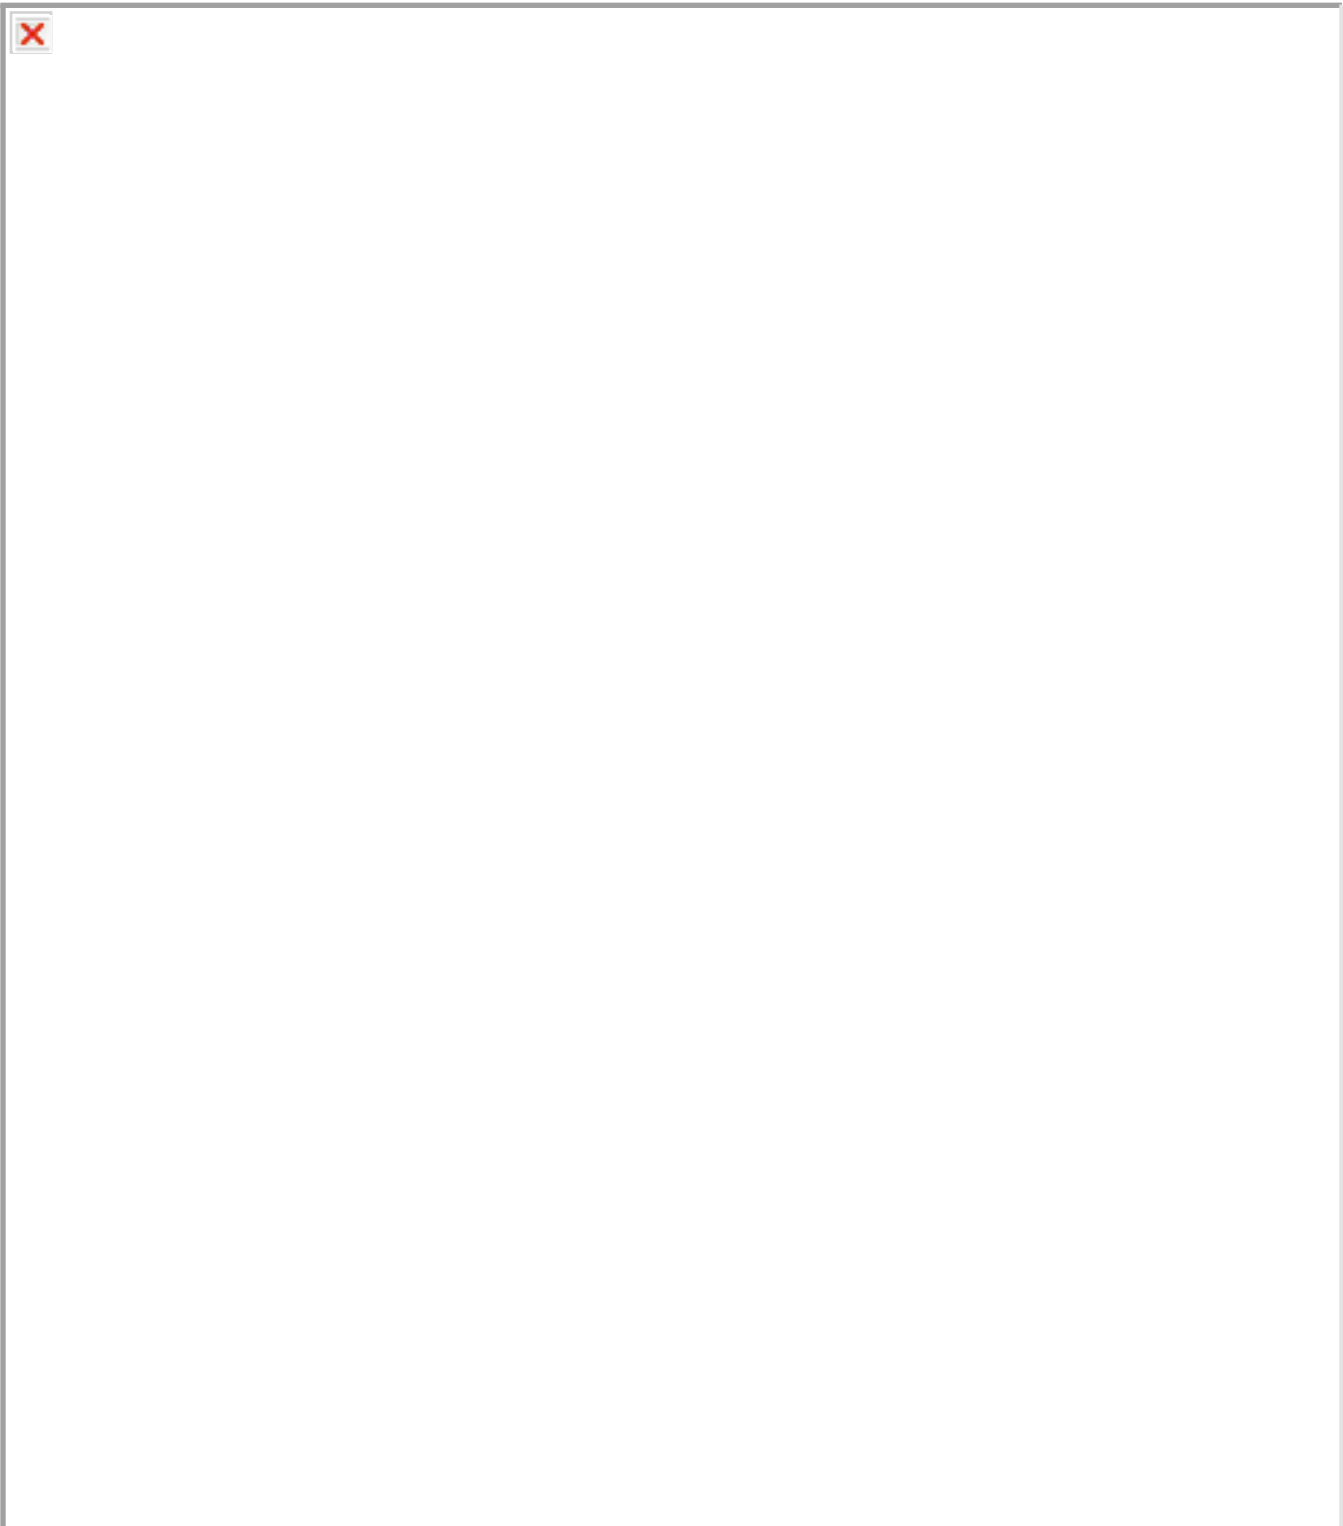

To allow for 12 concerts or possibly even more to happen each year.

Are you a trade competitor of the applicant? I am not a trade competitor of the applicant.

Do you want to attend a hearing and speak in support of your submission? No

If other people make a similar submission I will consider making a joint case with them at the hearing: No

Specify the aspects of the application you are submitting on:

Social and economic benefits.

What are the reasons for your submission?

Eden Park provides thousands of jobs to young people from across Auckland, a lot of these great young people don't have a lot of work experience, but Eden Park provides the foot in the door to a lot of these people setting them up to apply for other jobs in their chosen fields.

The economic benefit to Auckland and wider NZ is significant, people from all over the world and wider NZ attend concerts at Eden Park. Successful cities around the world would have already made this decision 30 years ago,

Auckland Business has already suffered enough with Covid, City Rail Link, homeless taking over, etc. People need a reason to come to Auckland even Aucklanders will avoid the city if it's not vibrant. Businesses will definitely need as many people as possible over the next few years.

What decisions and amendments would you like the council to make?

I would like to see the Auckland Council decide to allow Eden Park to host 12 shows per year, the social and economic benefits to the broader community must prevail.

Are you a trade competitor of the applicant? I am not a trade competitor of the applicant.

Extending Eden park to have 12 events per year from 6

What are the reasons for your submission?

As a city, we urgently need more events to boost visitor numbers and tourism. This will contribute significantly to our country's economic recovery and overall GDP.

Auckland as a city is really struggling across the tourism sectors, with many companies closing. Such events at Eden Park support the city collectively and has to be a critical strategy for our success moving forward.

What decisions and amendments would you like the council to make?

It would great to understand what is the real concern and/or impact with this increase of 6 events to 12. Additionally, can these concerns actually be a serious consideration of declining the likes and therefore impacting our country's economic recovery and future performance. We already have many GDP issues and more and more people are relocating our of NZ, this is a very small ask to support a city that is very heavily impacted currently. Not only will this assist with financial recovery for business, but also support withe some key events for residents to attend also.

We have received a submission on the notified resource consent for Eden Park – 42 Reimers Ave, Kingsland.

Details of submission

Notified resource consent application details

Property address: Eden Park – 42 Reimers Ave, Kingsland

Application number: LUC60434909

Applicant name: The Eden Park Trust

Applicant email: mark.vinall@tattico.co.nz

Application description: Resource consent was issued in 2021 for up to 6 concert events at Eden Park in any calendar year including all related set-up, pack-down, and traffic and crowd management activities.

The Eden Park Trust now seeks resource consent to hold up to 12 concert events at Eden Park in any calendar year performed by no more than six different artists or acts (excluding supporting acts). The concerts would take place on weekdays, Saturdays, Sundays and public holidays, subject to restrictions on frequency, duration and timing, and to being carried out in accordance with a comprehensive Operating Management Plan, incorporating Event Management, Community Consultation and Communication, Pre and Post Event Management and Traffic Management.

If you have any queries about the application, please email: edenparkconcerts@aucklandcouncil.co.nz

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

I fully support the application to host up to 12 concerts per year at Eden Park.

What are the reasons for your submission?

Allowing up to 12 concerts to be held at Eden Park is important for the future of our city - the Eden Park Team manage large concerts and events very well, so the impact would be minimal for 12 nights per year.

The impact of a concert far outweighs the venue itself - it means more hotel nights, more spending at bars, cafes, restaurants which means more jobs and greater spending across the board.

It also puts Auckland on the World Stage as a city - artists (like Taylor Swift....) will continue to avoid New Zealand to host concerts if it remains at 6.

Absolute no brainer.

What decisions and amendments would you like the council to make?

No.

Are you a trade competitor of the applicant? I am not a trade competitor of the applicant.

Do you want to attend a hearing and speak in support of your submission? Yes

If other people make a similar submission I will consider making a joint case with them at the hearing: Yes

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

I support increasing concerts from 6 - 12 nights with up to 6 artists. With good restrictions on alcohol to minimise alcohol harm. Good cleaning after the concerts to.

What are the reasons for your submission?

What decisions and amendments would you like the council to make?

It's important to continue good TMP and to ensure public transport can make a clear way through the concert zone to city so it isn't slowed down. I've heard of bus users taking hours to get home as a result of the traffic caused by the

concerts.

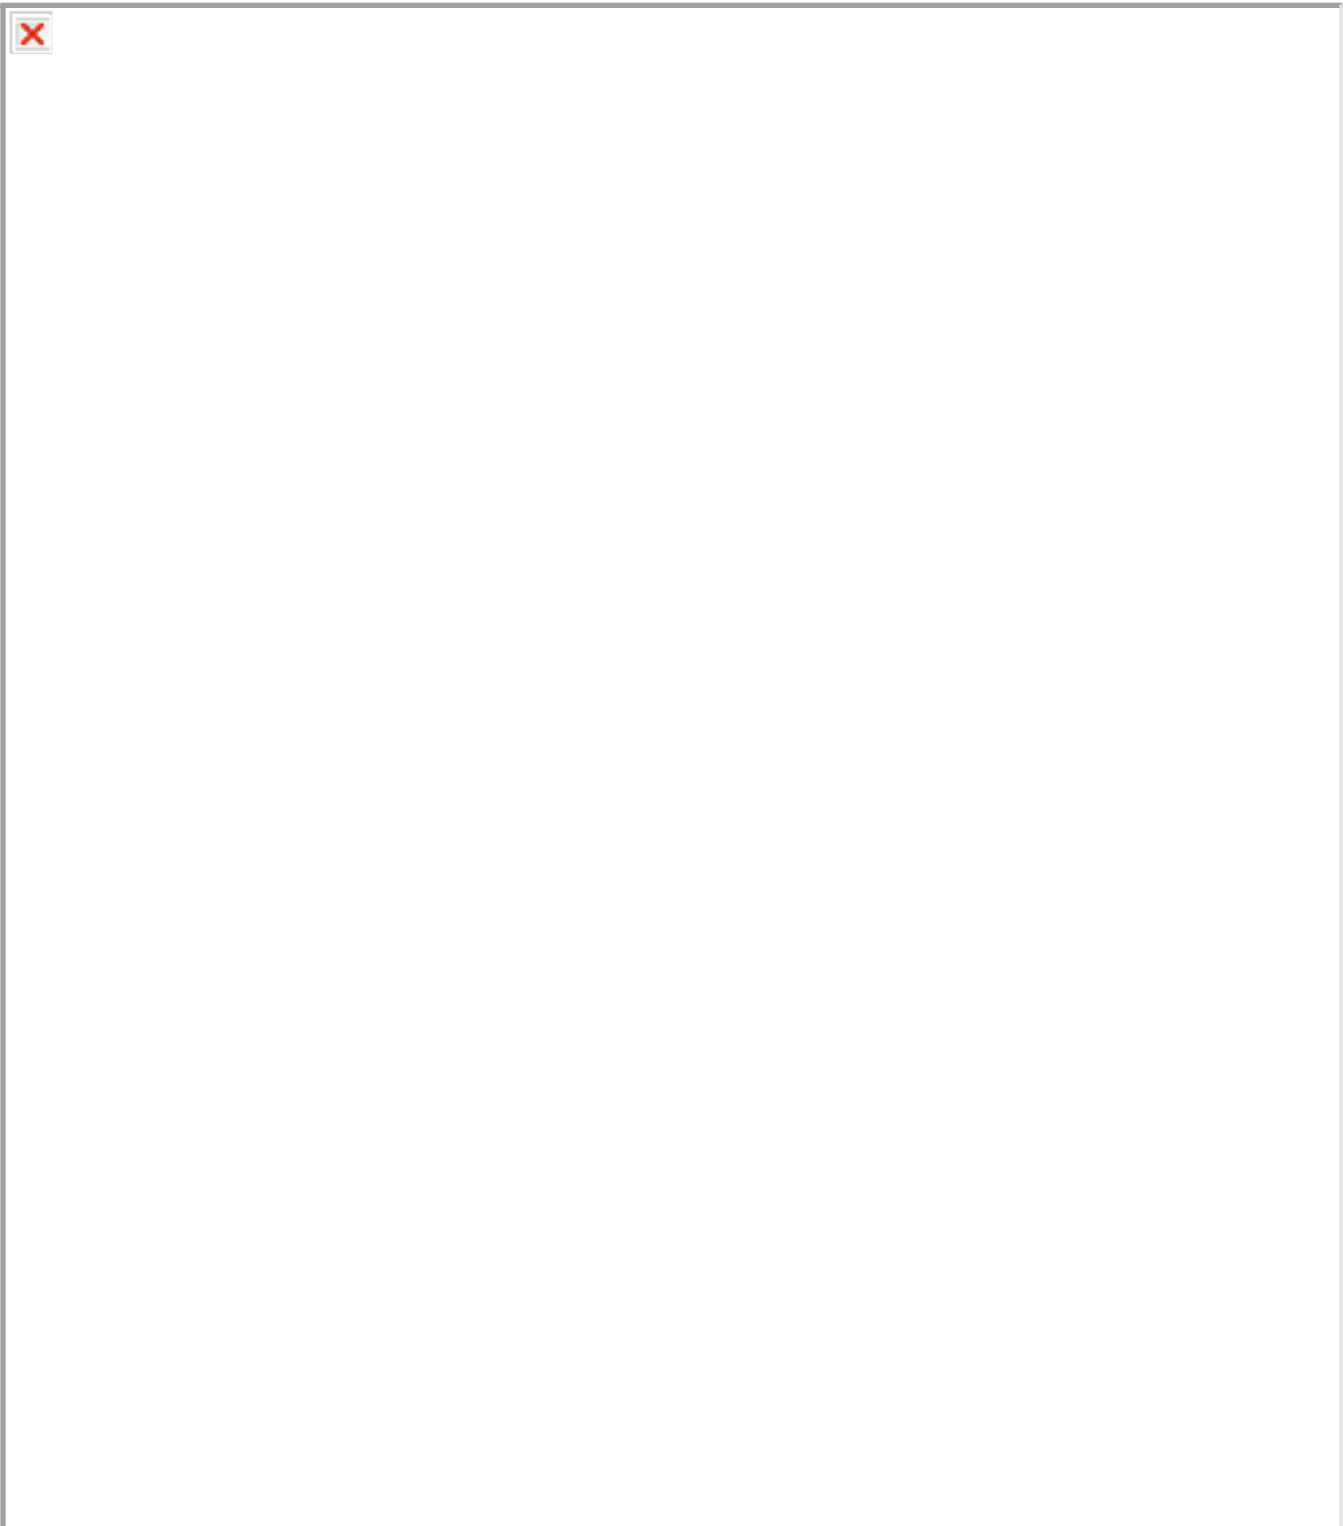

Continue to minimise alcohol harm by restricting alcohol.

All aspects

What are the reasons for your submission?

To support Eden park as a whole as it is a international and national iconic space

What decisions and amendments would you like the council to make?

We have lost so many spaces in Auckland. We should have more sport, arts of all types, functions at eden Park so that it brings in more revenue. And it will help take a load off the council. I have lived next to eden park for 30 years, been to

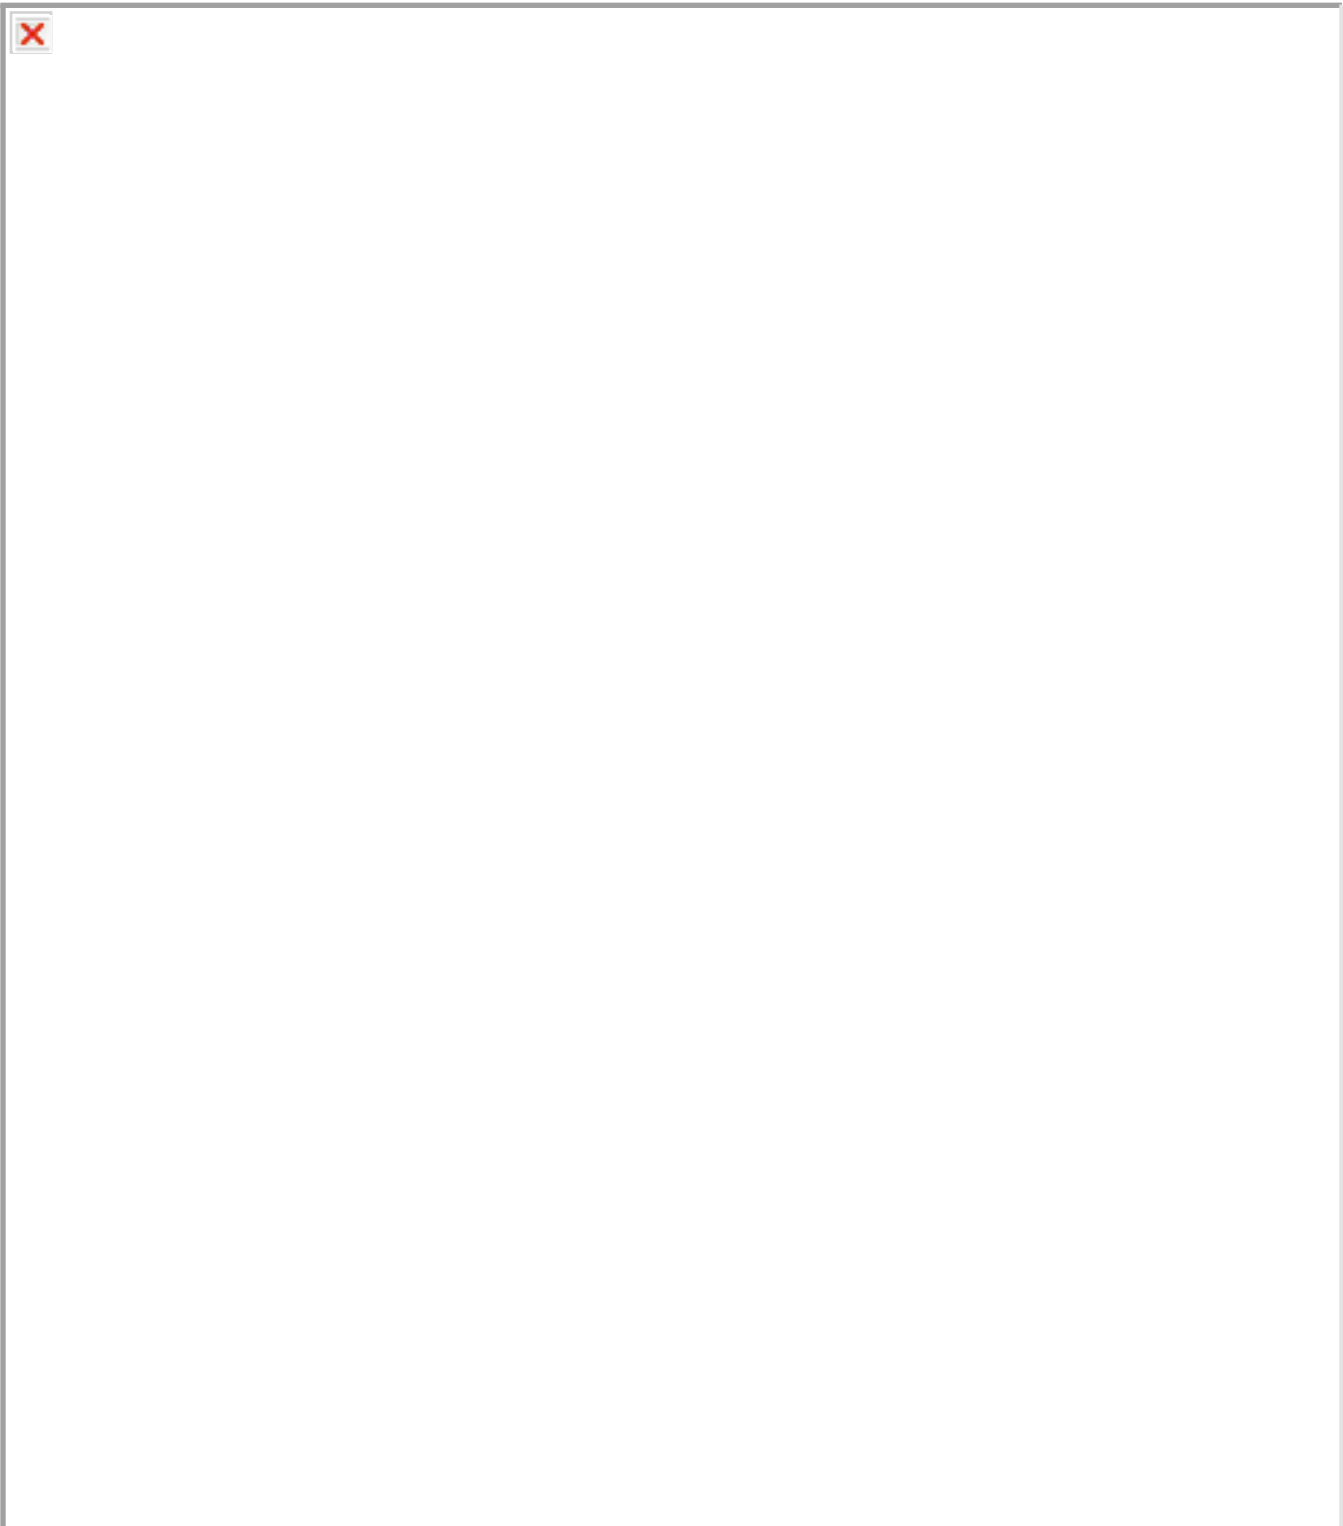

it for over 50 years. Have always loved hearing people enjoying the space, which should continue.

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:
supporting the application to host up to 12 concerts per annum.

What are the reasons for your submission?

Eden Park is the best location in Auckland for large concerts. It is far superior to Mt Smart in terms of access and contributions to local economy. Eden Park has a new highly effective noise barrier and the stadium has been in place for decades, with residents being familiar with crowds and noise and being within walking distance from the venue. The venue is well connected to rail and bus networks and is close to populations that attend the events. The city relies on events like this for tourism income and to contribute to the appeal of Auckland's lifestyle offerings. At present, we are

too limited at 6 events only, missing out on performers that can attract large audiences such as Taylor Swift.

What decisions and amendments would you like the council to make?

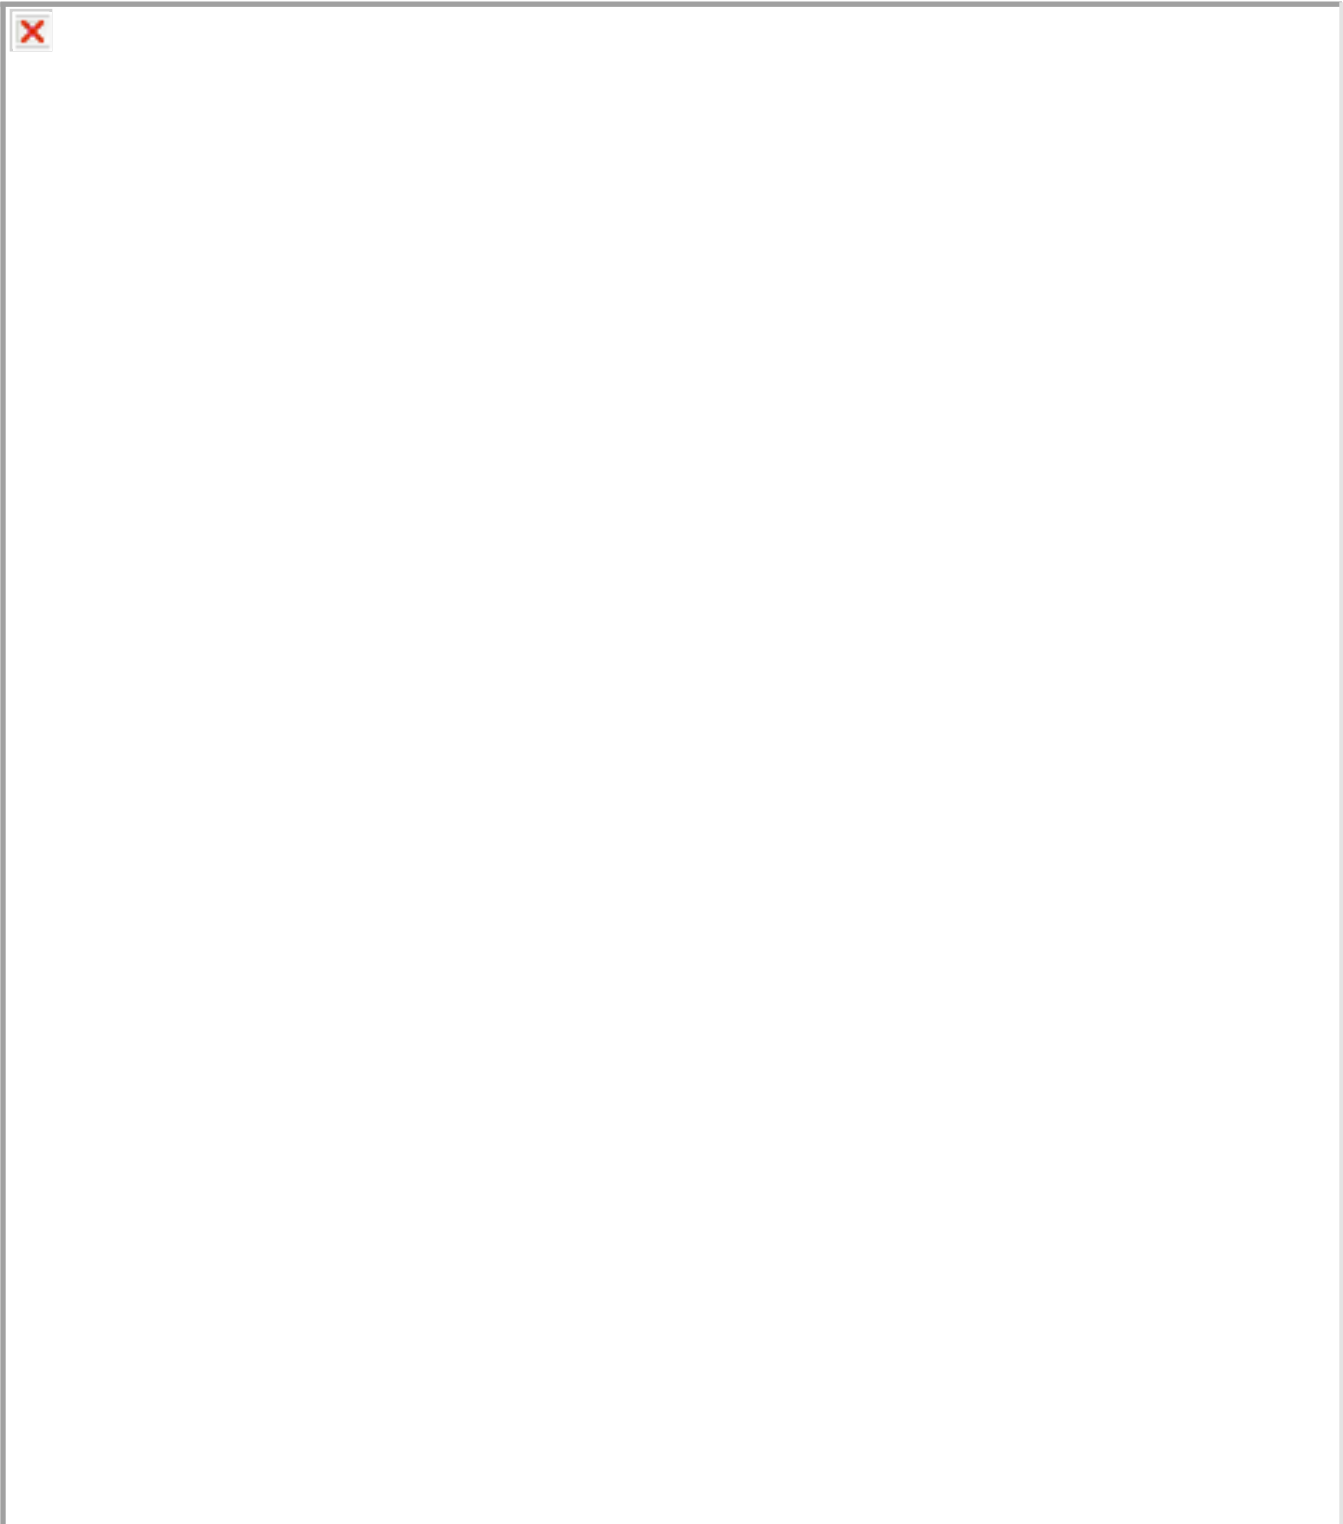

increase the number of concerts from 6 to 12.

Specify the aspects of the application you are submitting on:

The additional concerts - ie all of it!

What are the reasons for your submission?

Concerts at Eden Park are fantastic, add to the local economy and create a massive buzz in teh city. They are important to us being a world class vibrant and exciting international city. The demand is there, the facilities are there, the effects are minimal (shown by the last few years) and can be controlled. Overall it's a massive positive.

What decisions and amendments would you like the council to make?

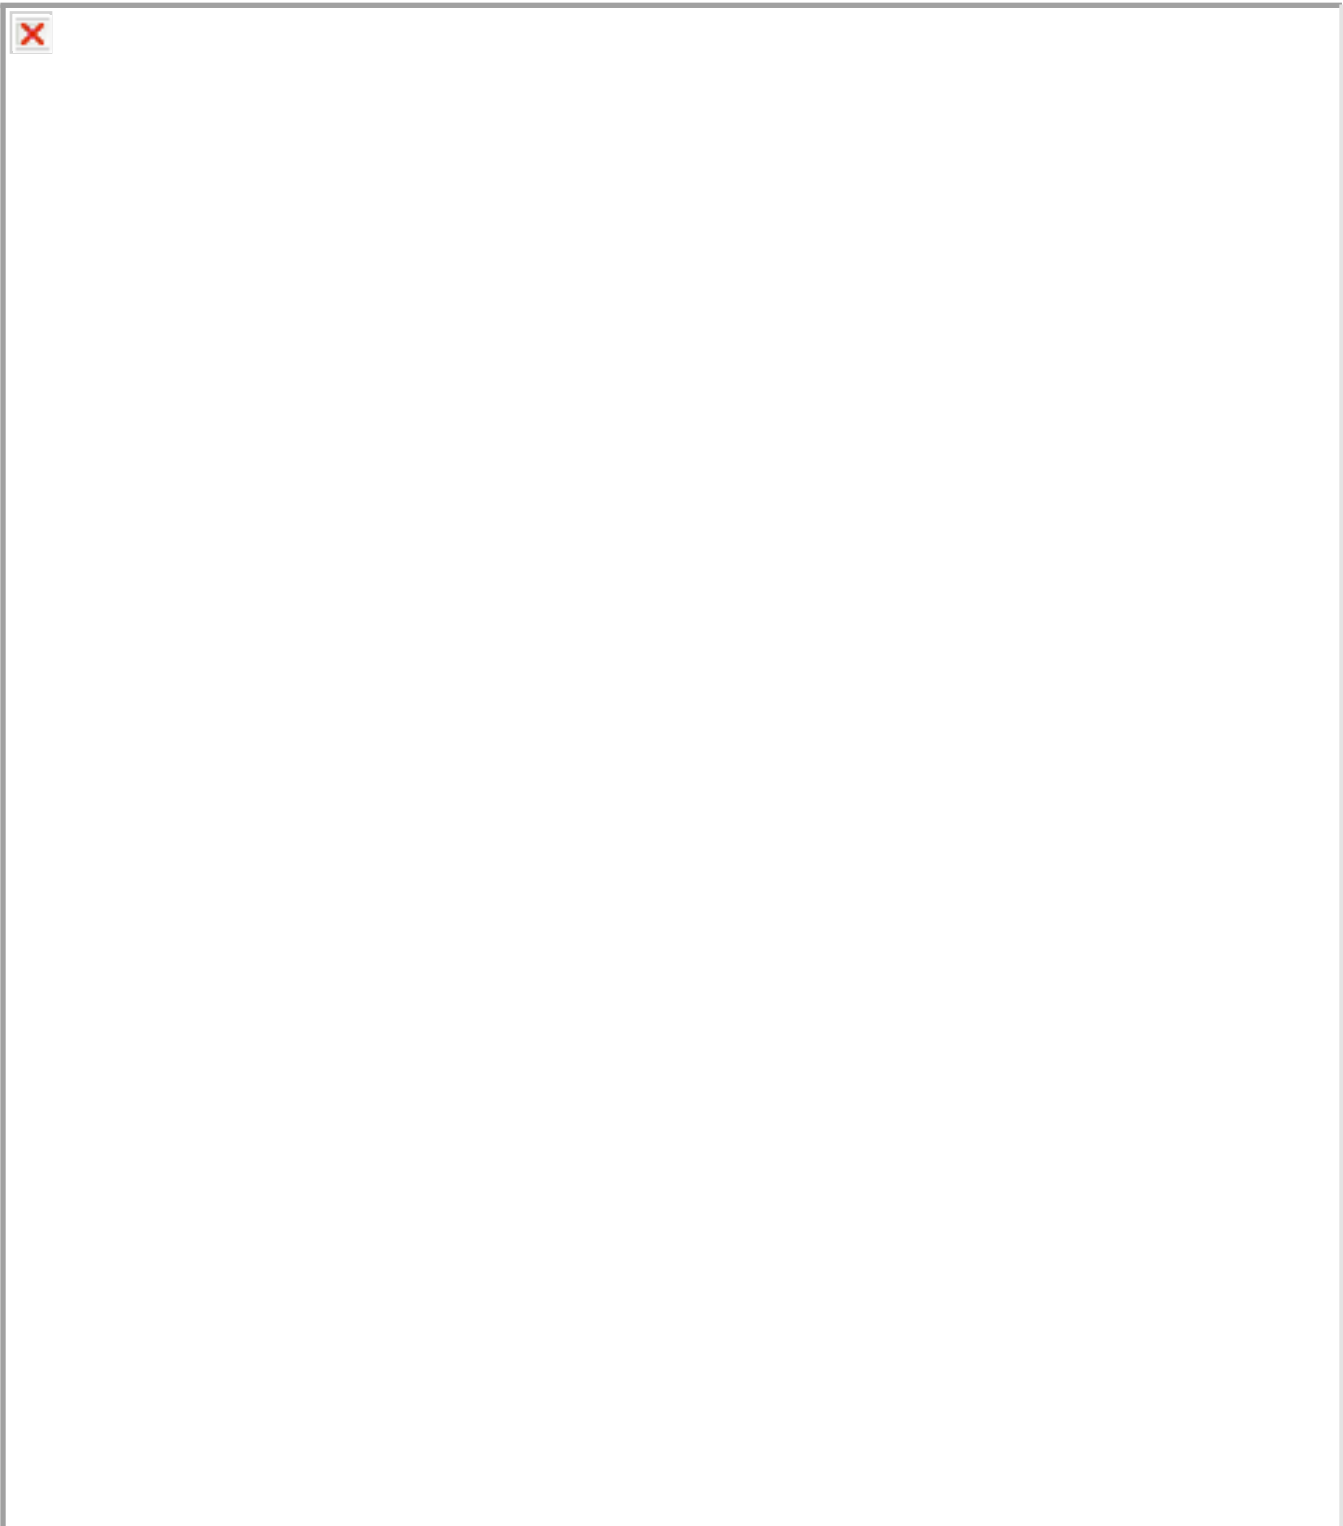

Approve the application in full.

Are you a trade competitor of the applicant? I am not a trade competitor of the applicant.

Do you want to attend a hearing and speak in support of your submission? No

If other people make a similar submission I will consider making a joint case with them at the hearing: No

Specify the aspects of the application you are submitting on:

Increasing the number of event and concerts per year.

What are the reasons for your submission?

The restriction on the amount of concerts in particular in my opinion is counter-productive if Eden Park is indeed our "National" stadium. While not great Eden Park is by far the better option to Mt Smart for concerts and events from an overall entertainment, hospitality and transportation point of view. And quite frankly we're lagging behind the rest of the world when it comes to getting quality international acts down here. Point of example being Taylor Swift which would have not only put millions into stagnated economy but also provided Kiwi youth, young girls in particular. For too long

the vocal few are holding this city back.

What decisions and amendments would you like the council to make?

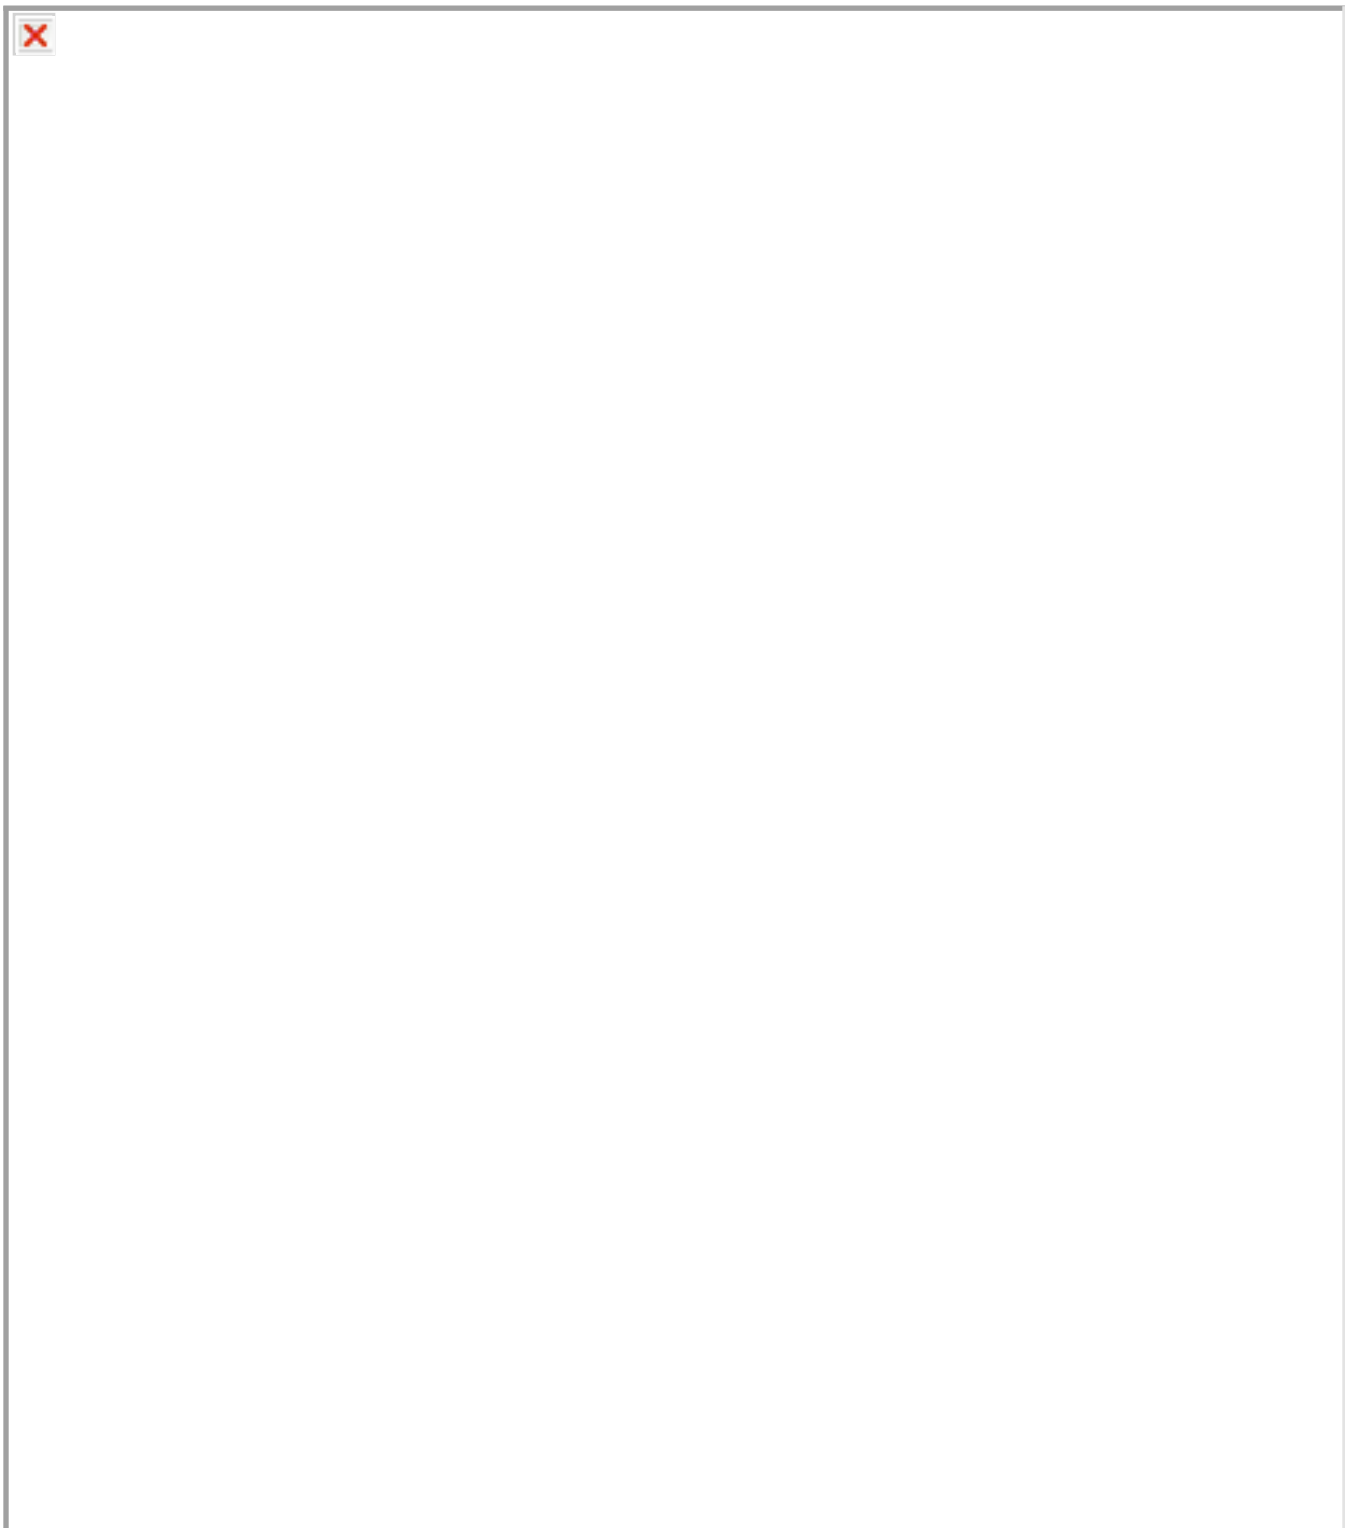

more allocated concerts and events

Increase of concerts nights per year.

What are the reasons for your submission?
In whole hearted support of.

What decisions and amendments would you like the council to make?
I believe that it would hold immense value to double the amount of concert evenings at Eden Park Stadium.

This stadium is a mighty, yet under utilized facility in the heart of Auckland. With so many connection points for public transport is one of the most accessible stadiums in Auckland. Allowing for more major music events would have a huge impact on Auckland as a whole and would benefit the communities in countless ways - not only financially but culturally. Concerts are incredibly important to creating thriving, connected communities.

To deny this increase in event nights would stagnate us as a city and restrict our ability to grow on the international stage.

Additional concerts benefit the local and national economy greatly, generate jobs and boost tourist as a whole for Auckland and All of NZ.

Great example was EP not being able to host Taylor Swift due to only 1 concert slot remaining for the year, the tour that benefited greatly to other host cities world wide.

What are the reasons for your submission?

What decisions and amendments would you like the council to make?

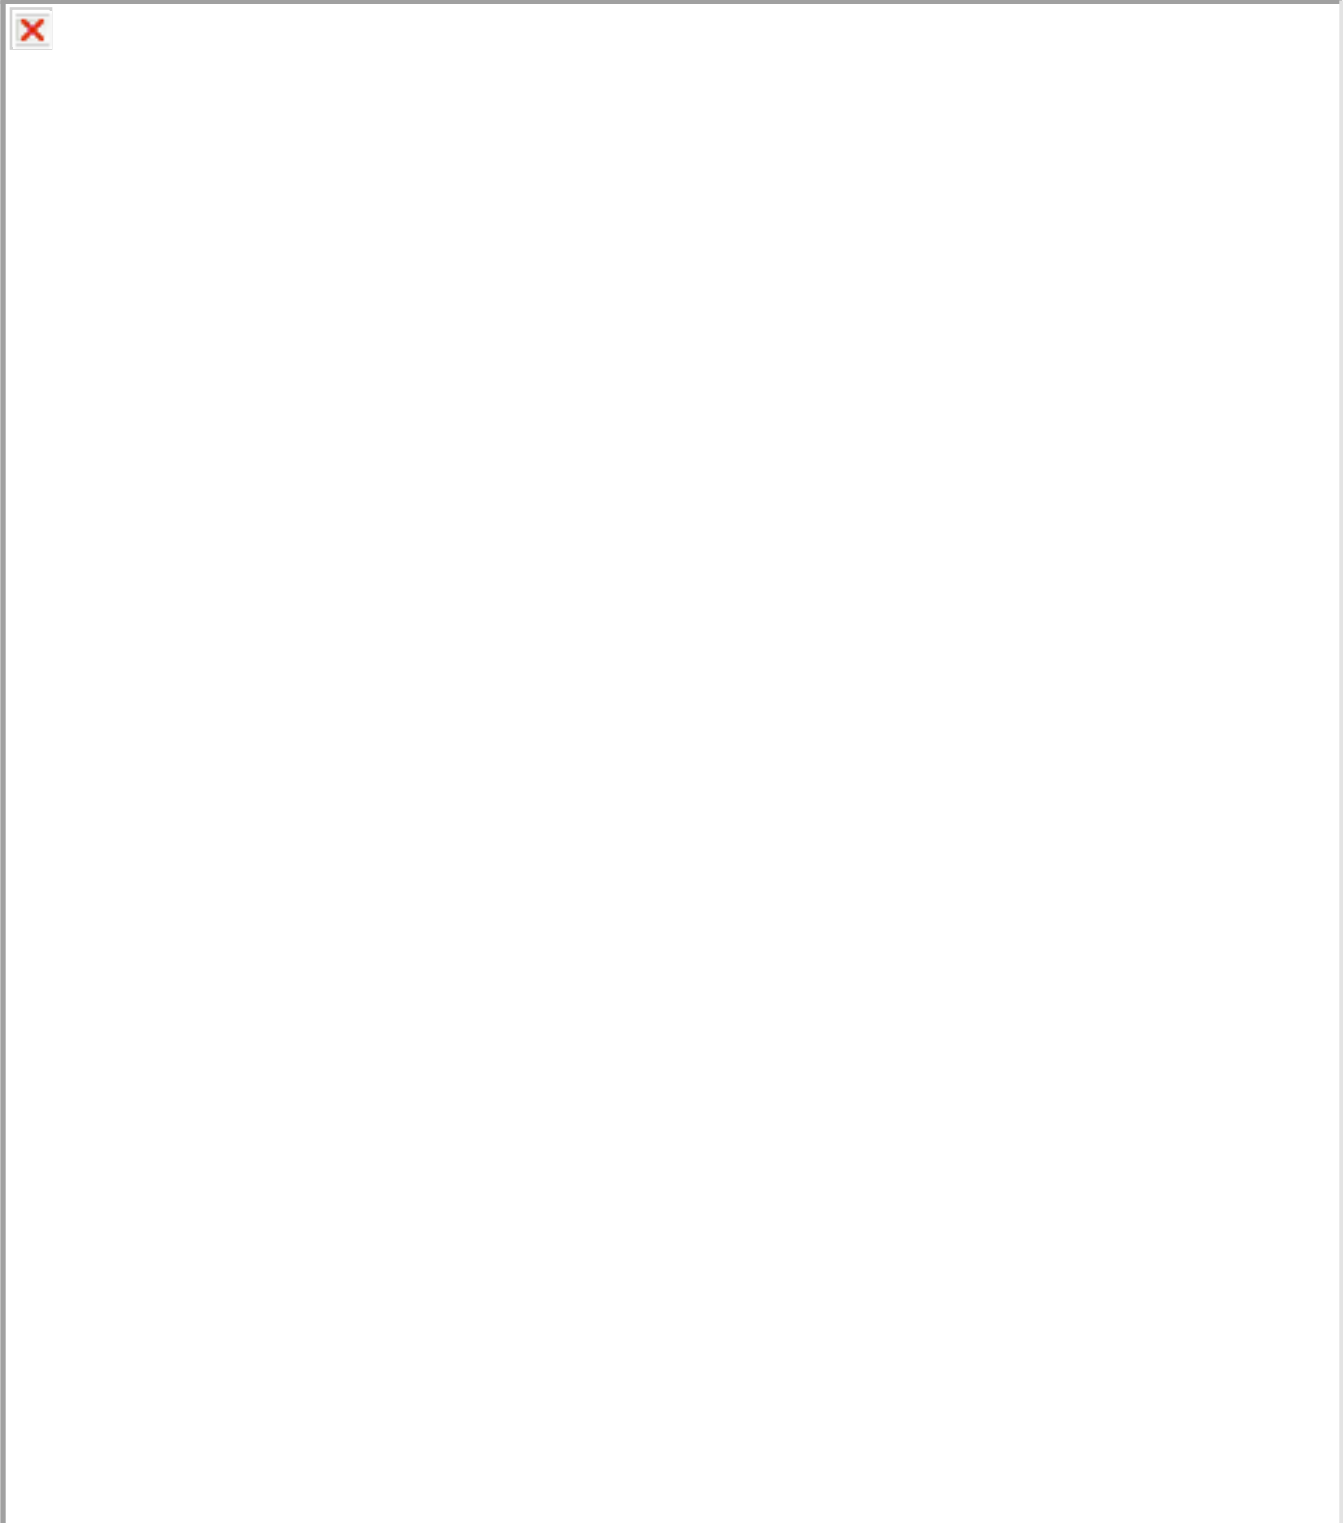

I would like for Eden Park to be able to host more concerts than what they are currently capped at for the reasons listed above.

Specify the aspects of the application you are submitting on:

I support the proposal to have more concerts in Eden Park.

What are the reasons for your submission?

I think the concerts bring life to the area, and in particular drum up lots of business at local eateries and bars. They've been beneficial so far, and I don't see any issue with having additional concerts. From my perspective living closeby, the noise, traffic disruption and impact of people coming and going is exactly the same as an All Blacks match, and the team managing the concerts seem to be doing a better job each time - providing extra portaloos and rubbish bins in the area for example to better manage crowd behaviour.

What decisions and amendments would you like the council to make?

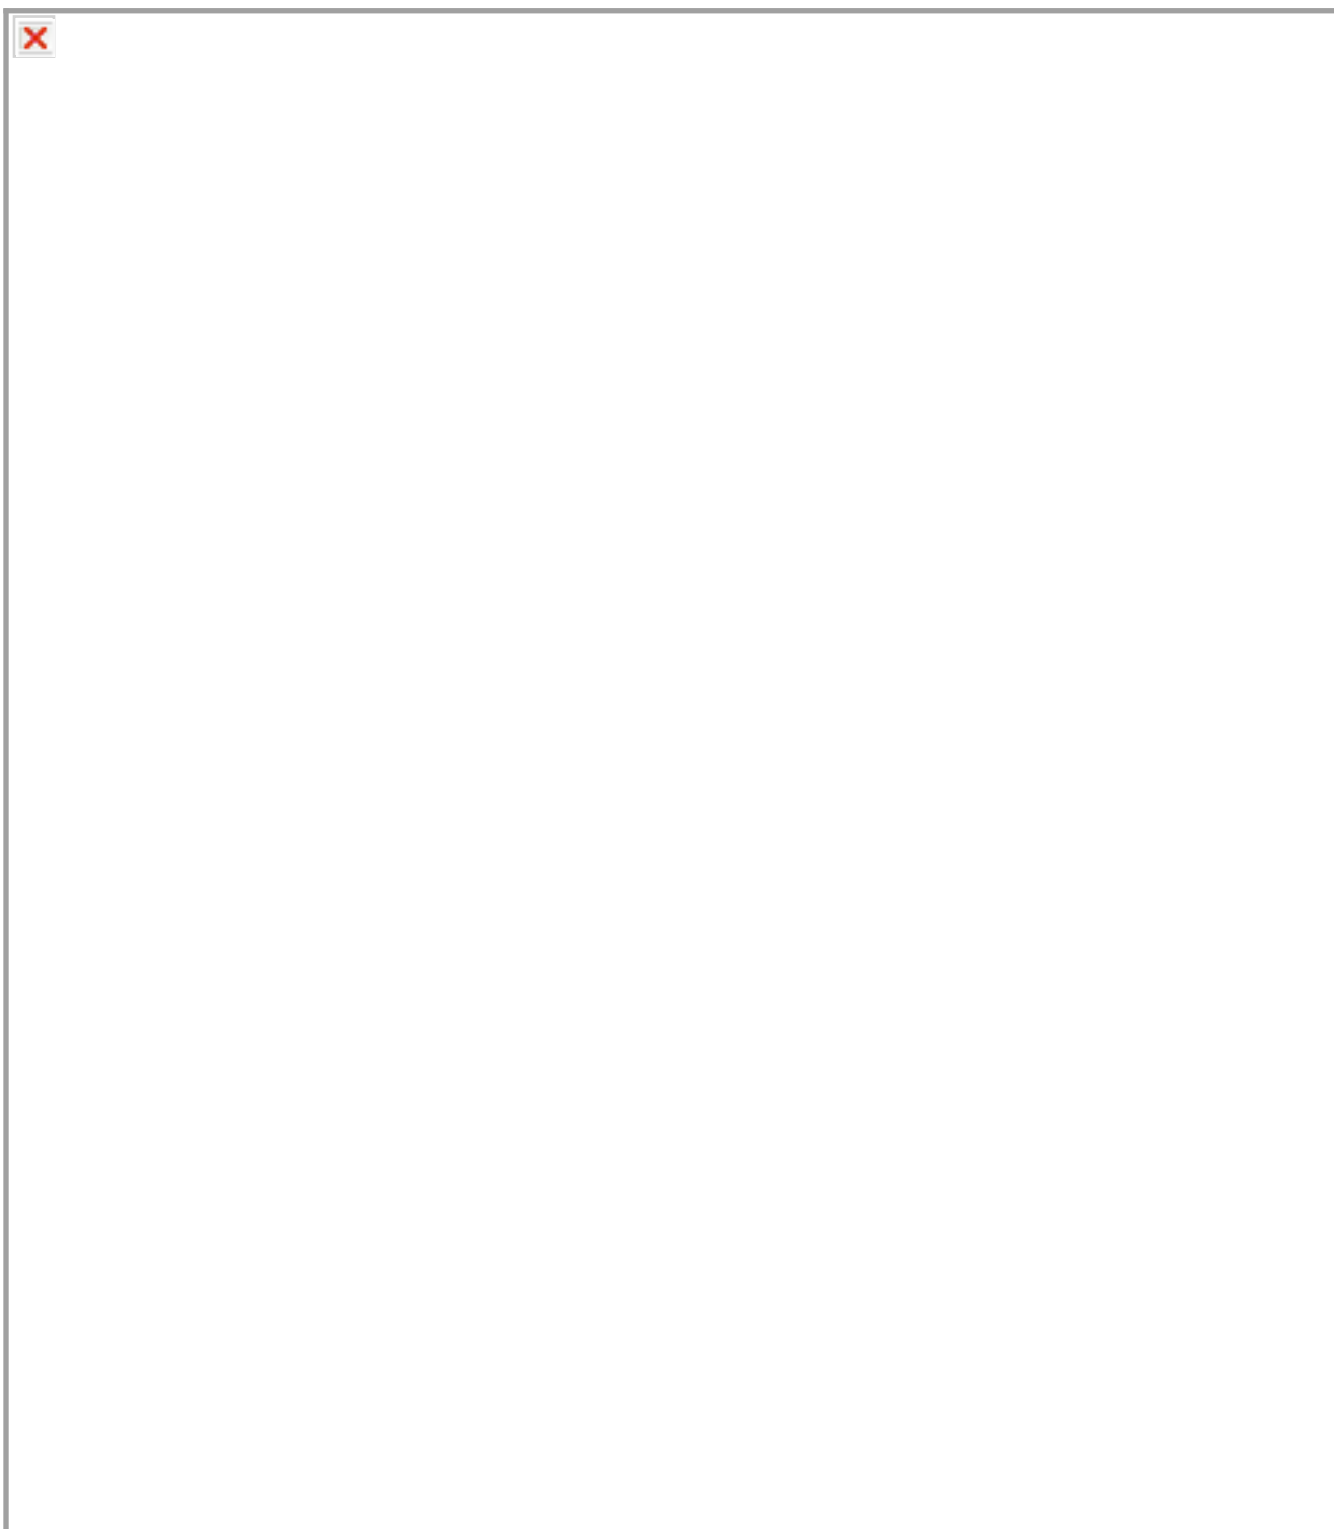

The one thing I would suggest - and this goes for both concerts and sports events - is for a little more security presence in the streets surrounding Eden Park before and after big events to control alcohol-related behaviour like leaving rubbish from pre-drinking before events, or public urination after events.

Increasing the number of concerts to 12 per year at Eden Park

What are the reasons for your submission?

Having concerts at Eden Park has been totally brilliant. We have lived nearby (previously at 98 Sandringham) and had no problems at all with the crowds, the traffic management or the noise. It's fantastic for local businesses and creates such a great atmosphere in the neighbourhood. We have attended two concerts as a family in the past year or so, and wholeheartedly support the extension to additional dates allowing more artists to play Eden Park. Missing Taylor Swifts Eras tour is a huge miss for Eden Park, Auckland and New Zealand given the substantial economic benefit this tour

1369

would have had to New Zealand.

What decisions and amendments would you like the council to make?

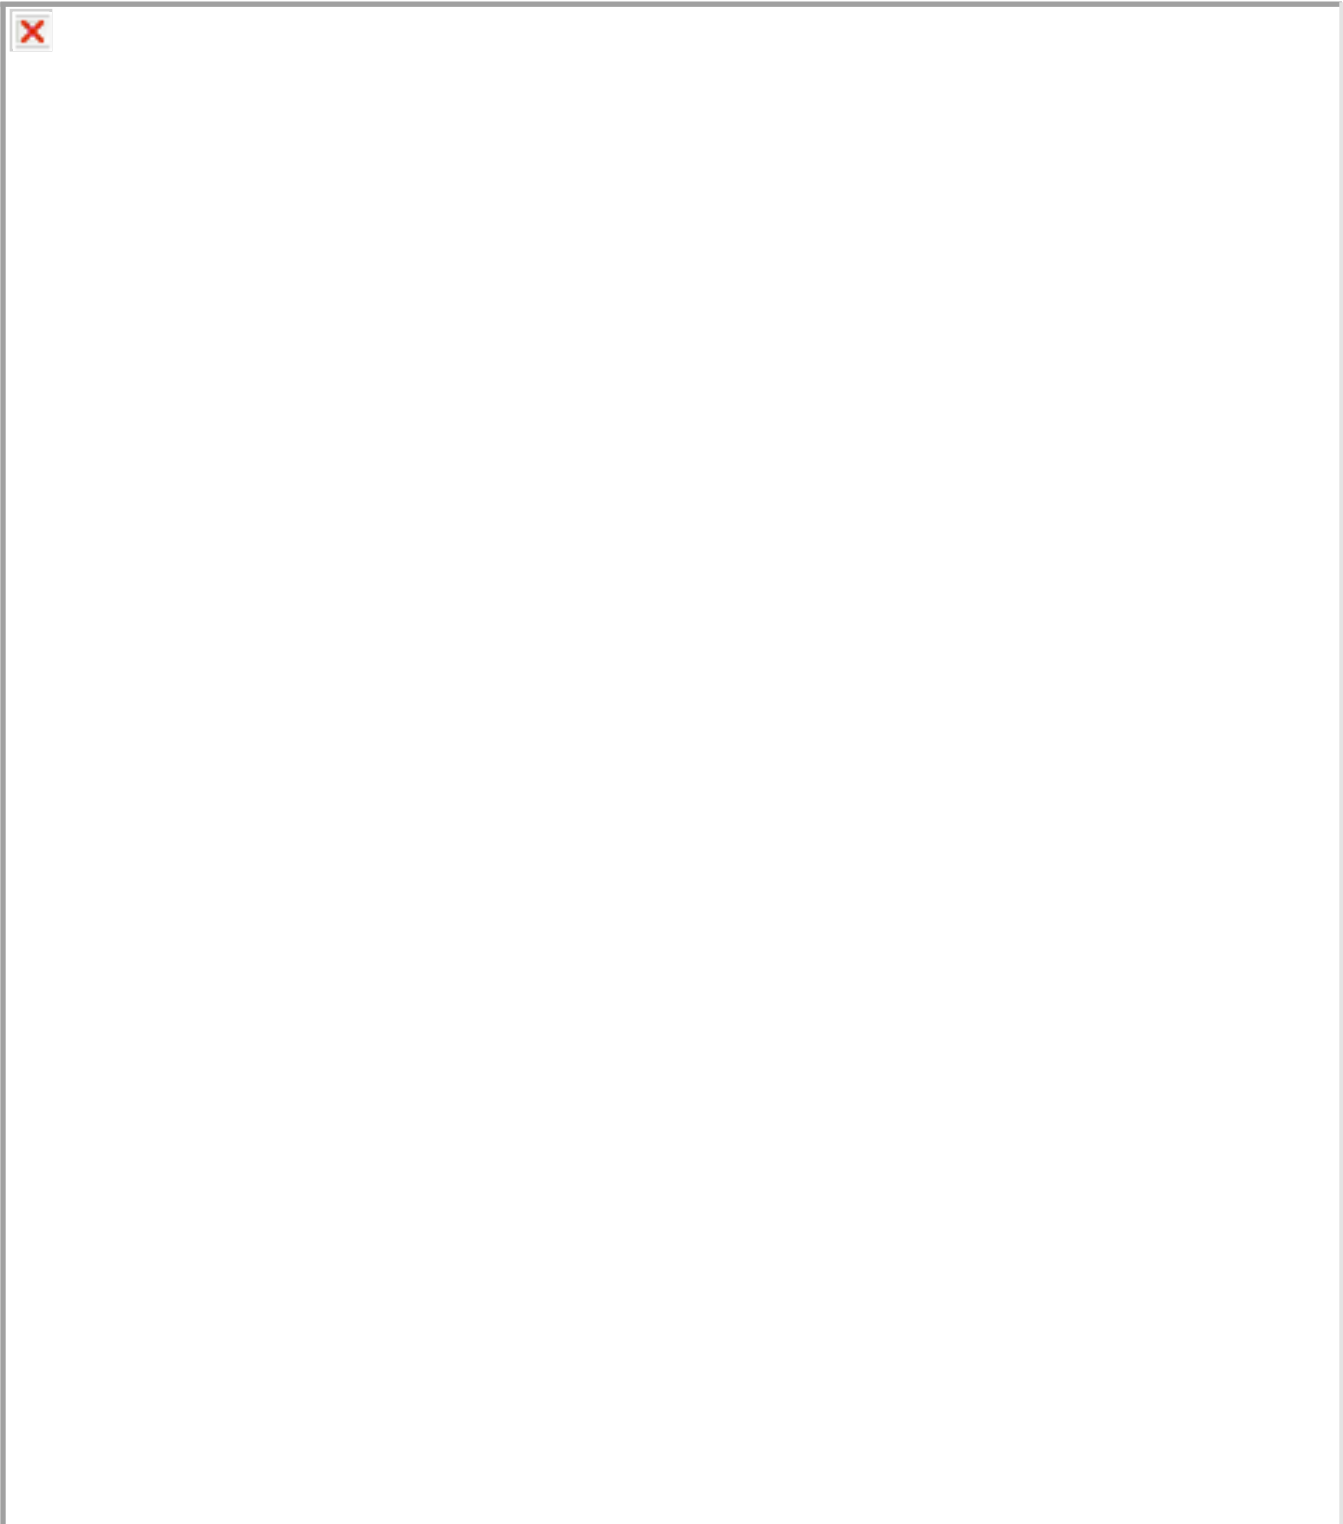

No amendments, unless the council is able to require Eden Park to host Taylor Swift at their earliest convenience.

As local and supporter for the music and arts scene I am supporting the application of up to 12 music events at Eden Park.

What are the reasons for your submission?

We have one of the best stadium experiences in NZ (and globally) within easy access of train / buses and walking options with Kingsland / Morningside and Dominion road hospitality locations for the concert goers. As a local, I love the days when big concerts are at Eden park, the atmosphere is always very positive and infectious.

What decisions and amendments would you like the council to make?

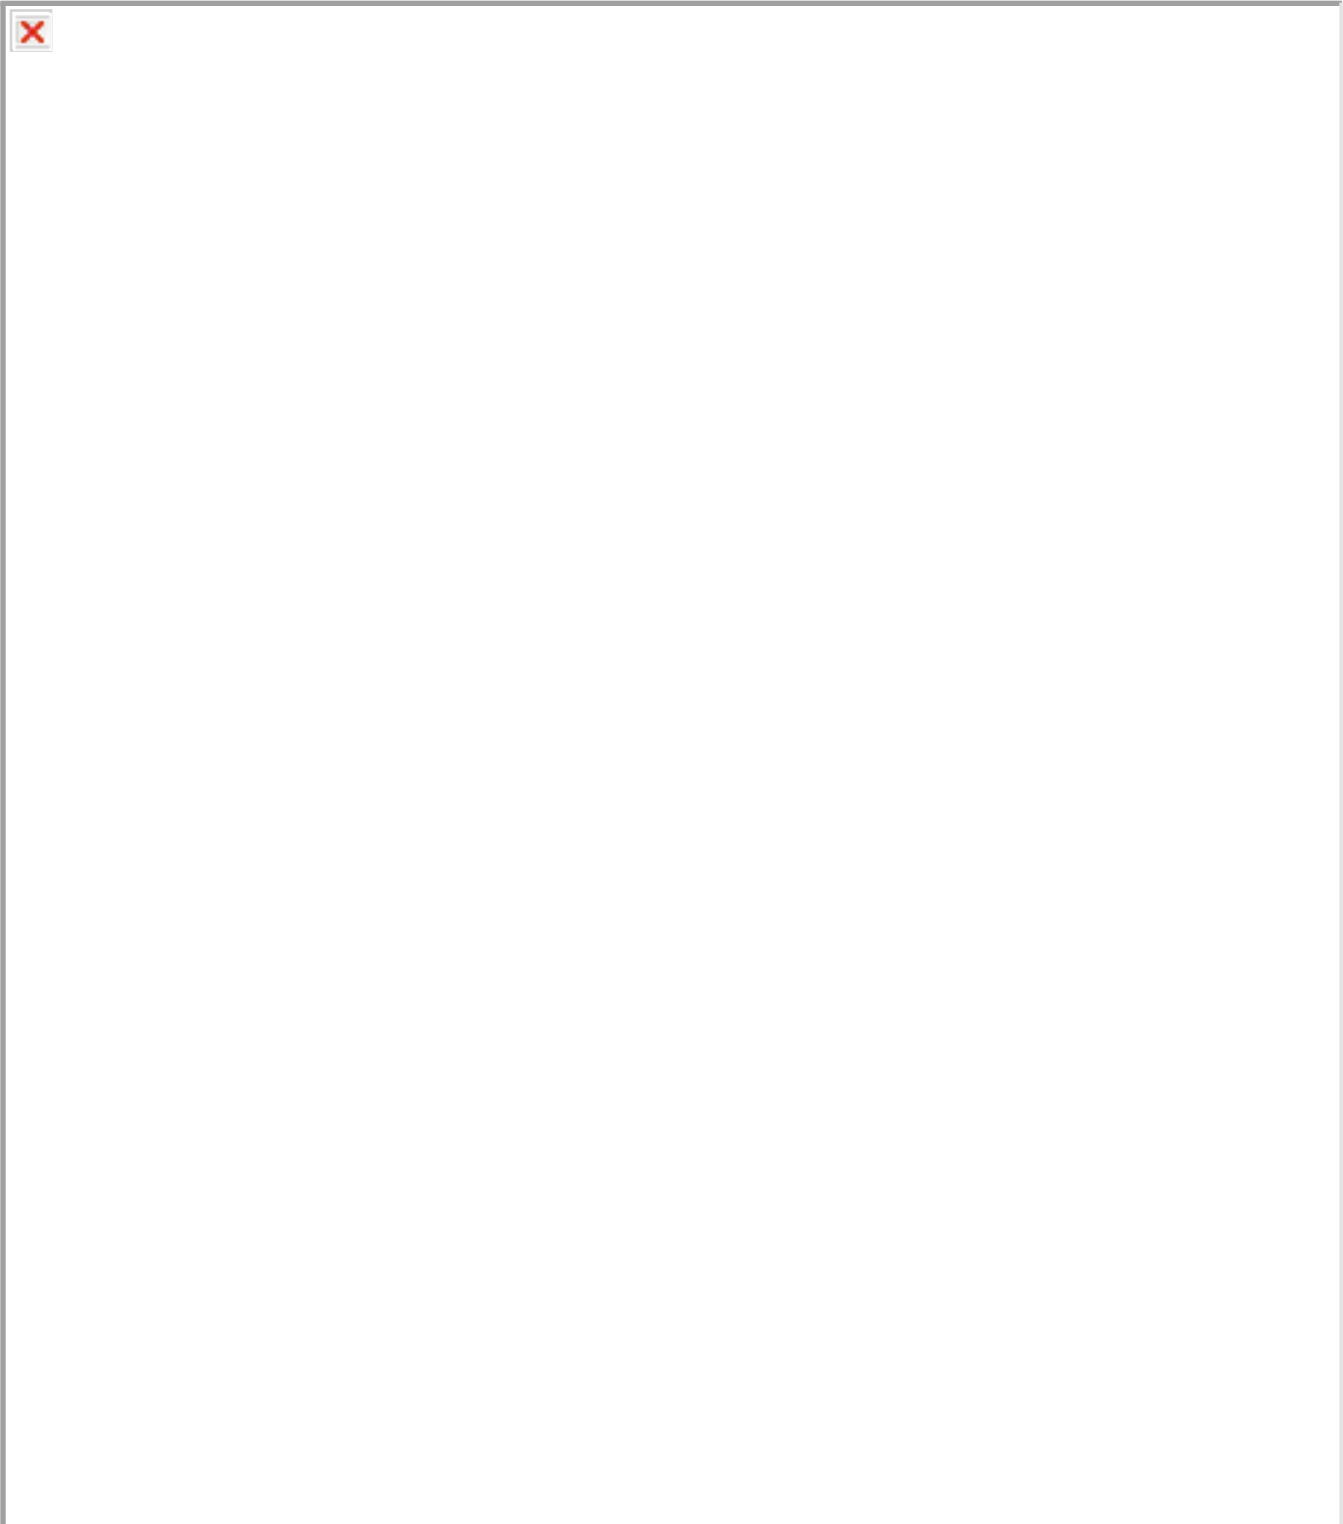

To support Eden Parks submission and put Eden Park on the map with the biggest artists and promoters in the world.

I support Eden Park increasing the limit on concerts that it can hold in any one year from six to twelve concerts per year.

What are the reasons for your submission?

Based on the existing situation of Eden Park hosting six concerts per year . They have proven that ;

1/ they can accommodate concerts with minimal disruption to the neighborhood.

2/ they have only engaged performances from middle of the road artists and not extreme rock bands.

3/they can accommodate the largest audience in New Zealand making it more popular for the to performers the

schedule concerts in this country .

4/ they are good at managing large scale events as proven by last year Woman's World Cup football.

What decisions and amendments would you like the council to make?

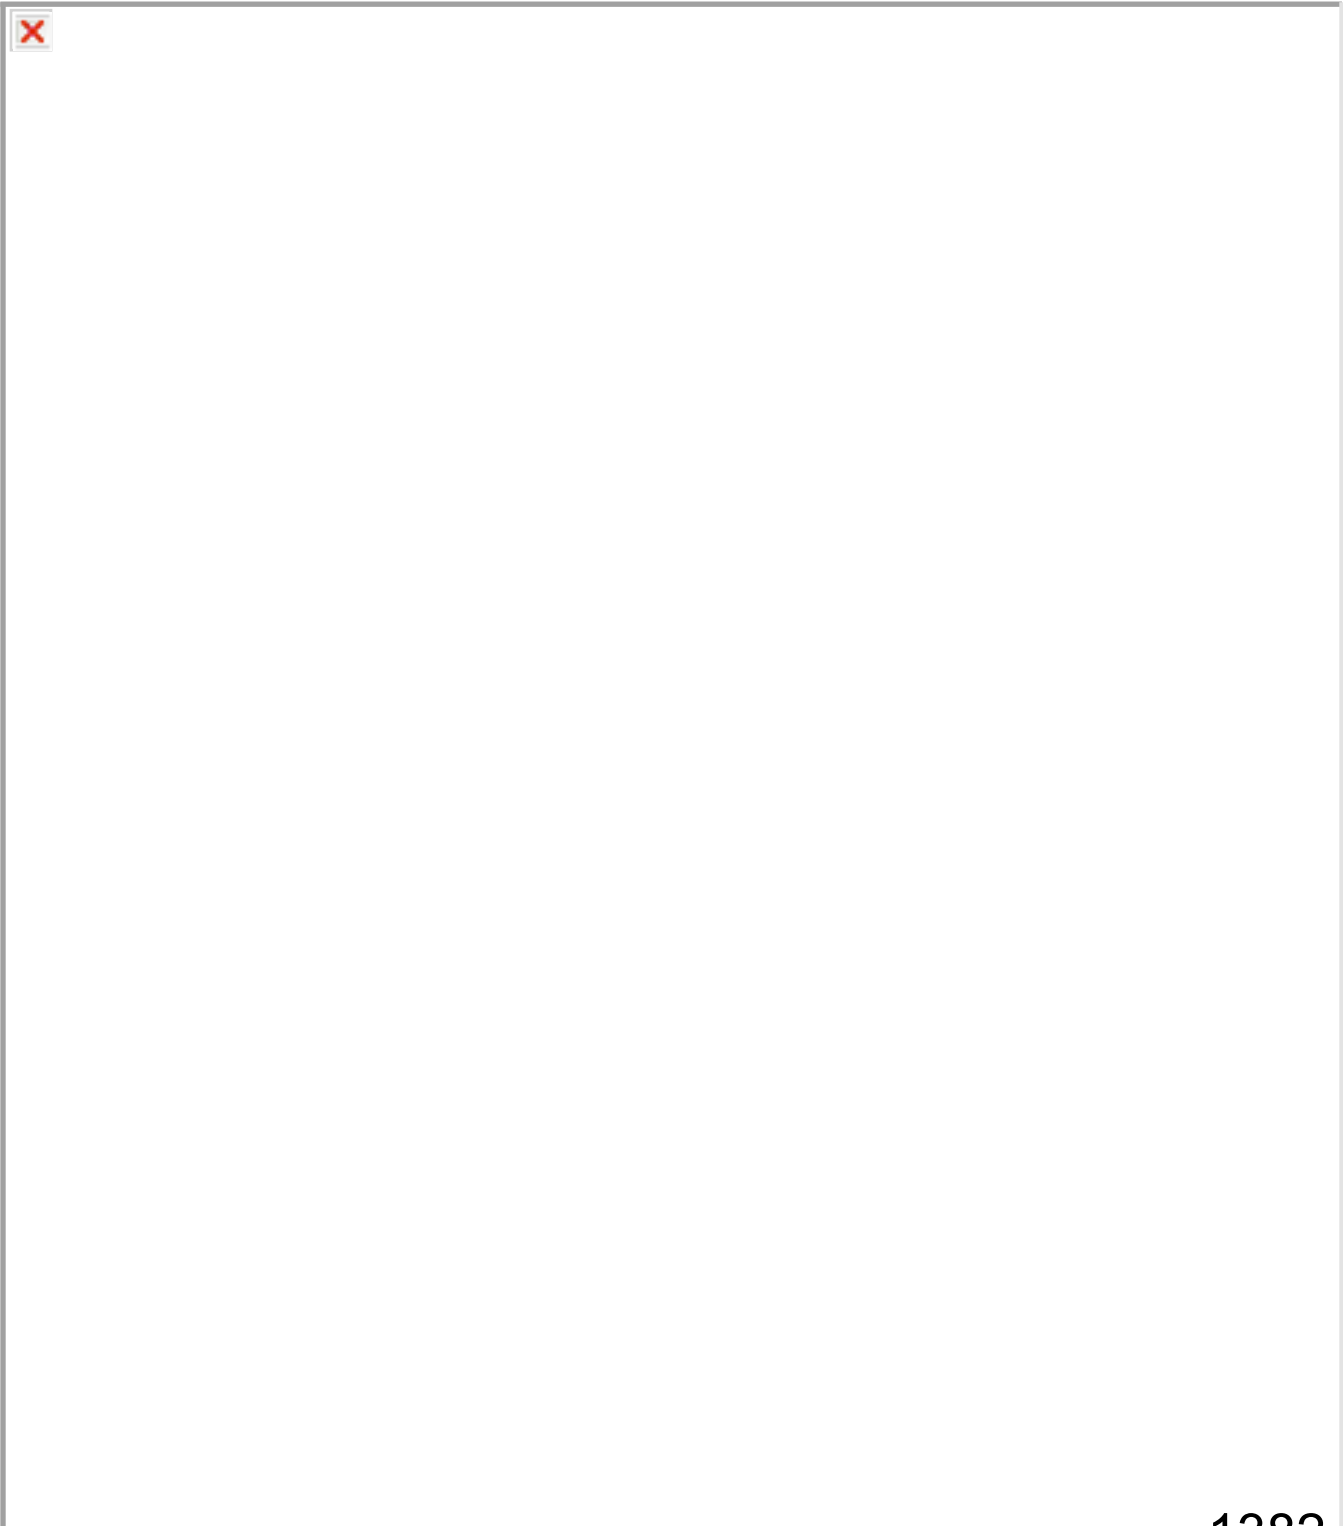

I suggest the Council support the application in total with any amendments agreed to by the Eden Park Trust

I strongly support the application for Eden Park's annual concert limit to be raised from 6 to 12.

What are the reasons for your submission?

It's a fantastic venue, inner-city with great public transport options, and it allows for much larger-scale artists to visit New Zealand which only positively benefits our economy and reputation.

What decisions and amendments would you like the council to make?

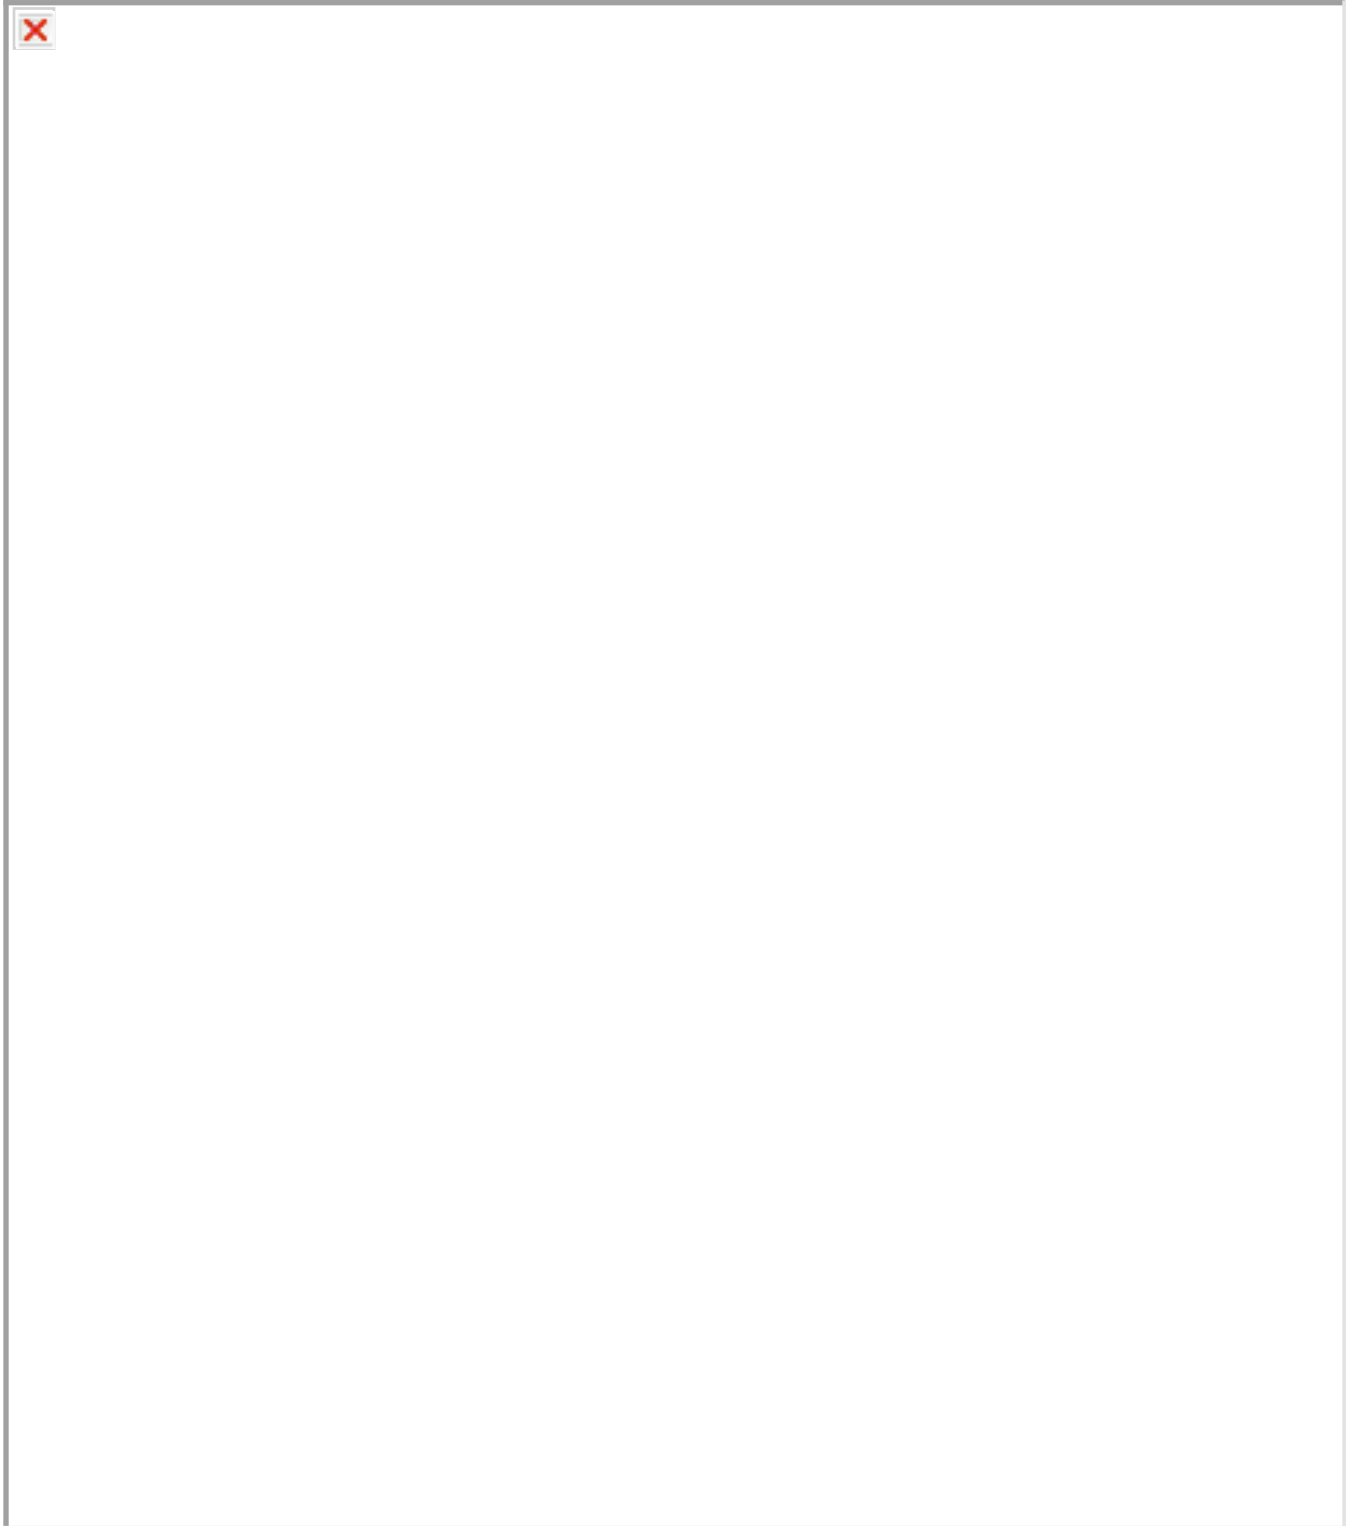

Raise the annual concert limit to 12.

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

I support Eden Park's consent application to host up to 12 concerts per calendar year in whole

What are the reasons for your submission?

The previous concerts hosted at Eden Park were delivered with exceptional professionalism, ensuring that all details contributed positive to the local community. We observed directly residents' appreciation and enjoyment of the offerings.

By granting the stadium the flexibility to showcase a wider mix of headline artists and providing an international standard for concerts, the vibrancy of our great city will be enhanced along with the reputation on the international

stage for world class entertainment.

This will also play a vital role in creating employment opportunities. From stage crew to local vendors, each event generates jobs that benefit Auckland.

What decisions and amendments would you like the council to make?

To approve the application

Having concerts

What are the reasons for your submission?

What decisions and amendments would you like the council to make?

Poor traffic management. We have had issues with being unable to access our property. They close the street early. The traffic management employers are not respectful to residents. Complaints to Eden Park are not acted upon. Poor rubbish management. Lots of rubbish is left in our hedge/fence

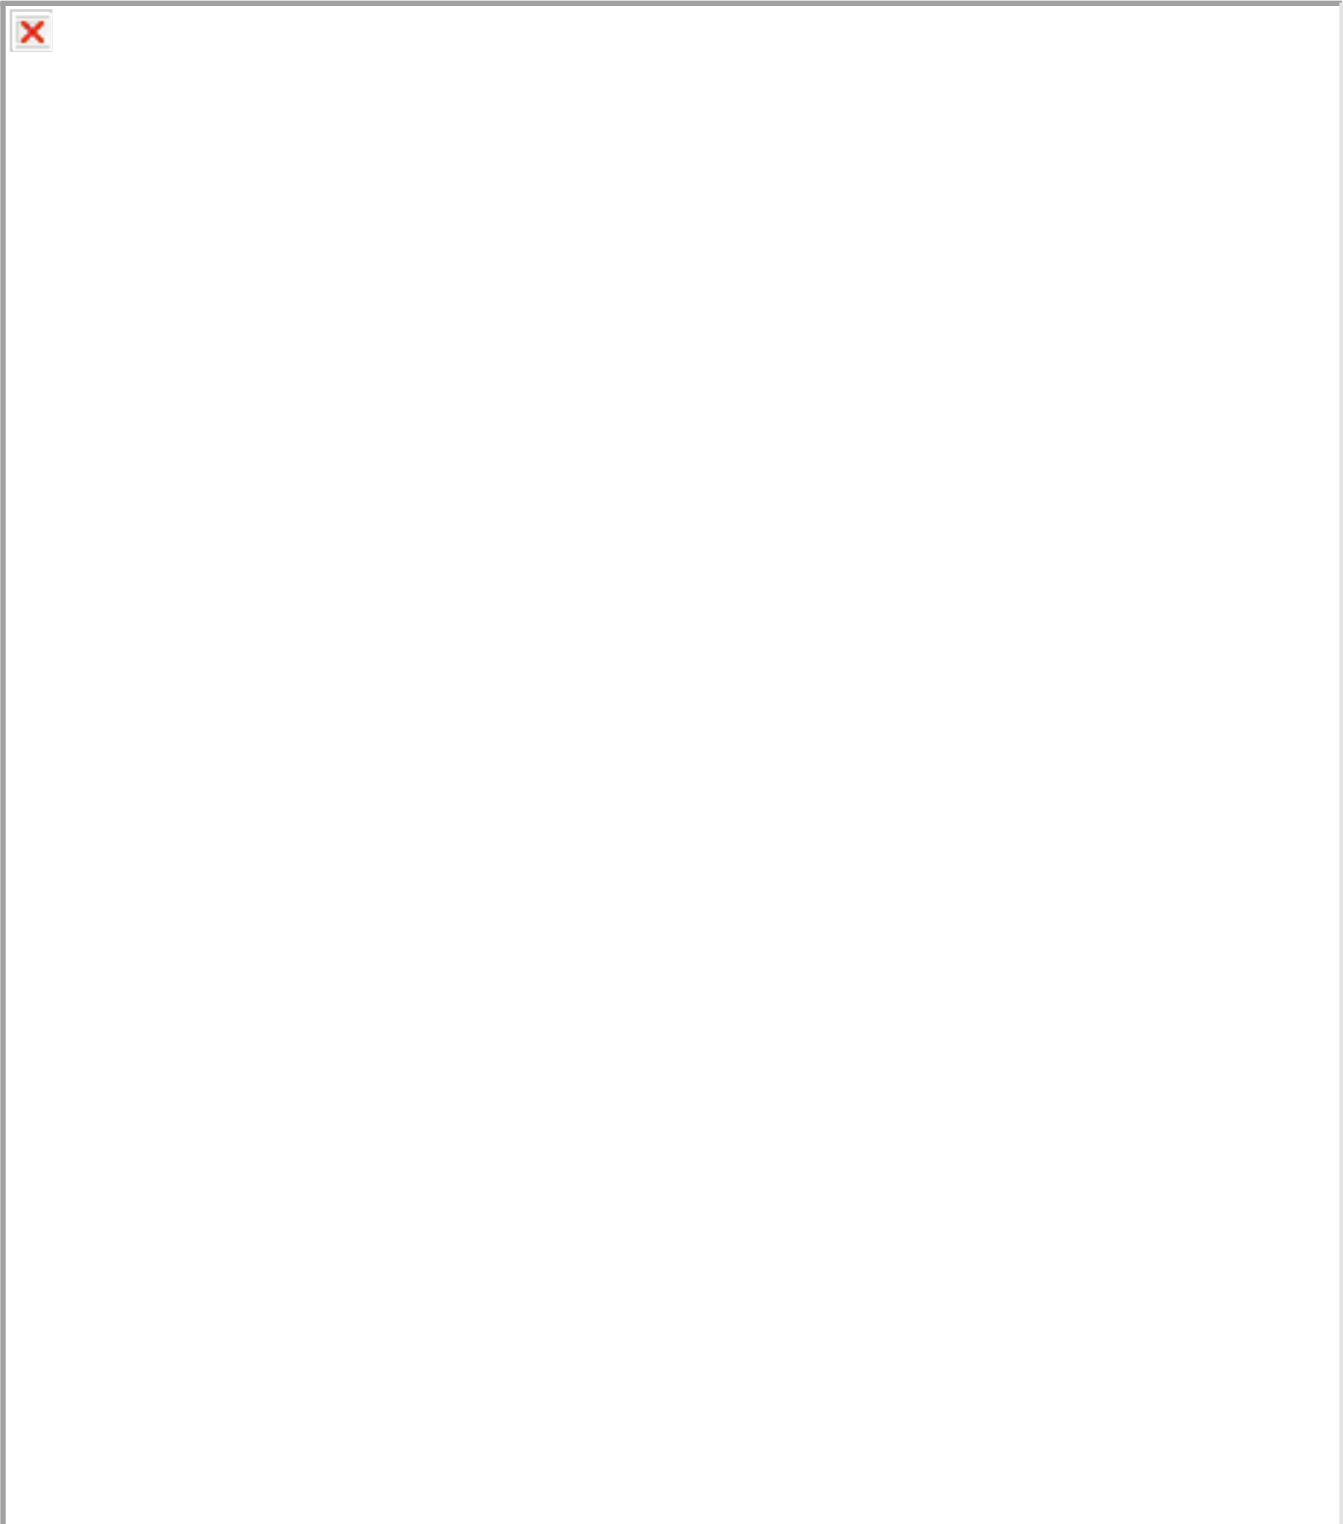

Poor security. We have had people access our property, urinate in our garden, sit on our deck, and walk up our driveway to meet people not associated with us.

I support the application to increase the number of concert events

What are the reasons for your submission?

Eden Park needs to have the ability to generate more revenue (so that it becomes more self-sustaining) and Auckland needs to have a large outdoor concert venue that can deliver large-scale events (Go Media Stadium is an alternative, but it has smaller capacity, and is not always available).

What decisions and amendments would you like the council to make?

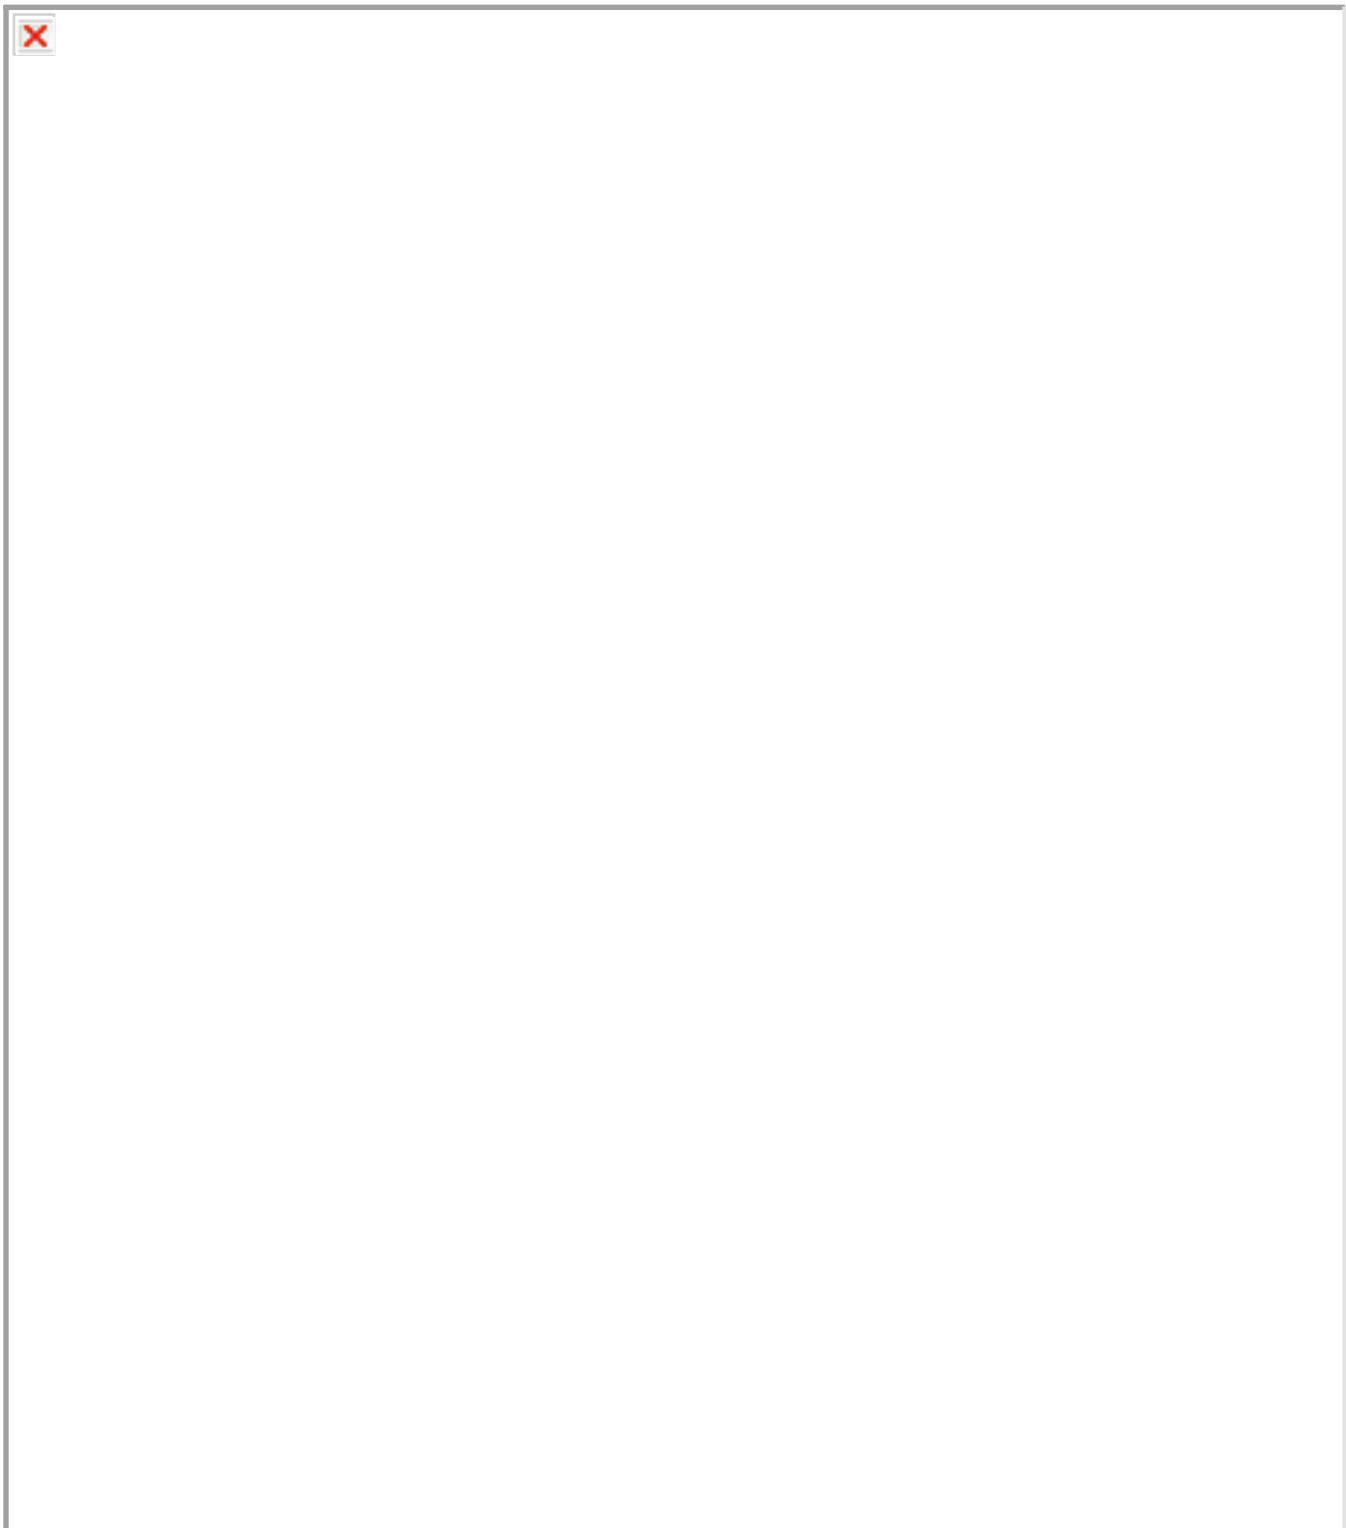

Grant the resource consent for up to 12 concert events

Eden Park – 42 Reimers Ave, Kingsland
Request to increase the number of live concerts they can hold

What are the reasons for your submission?

Global recognition of NZ taking our place in the world of music.
Not being bypassed by international acts because our largest and best placed venue can't commit to more dates
The increase in GDP that these bring - flow on effect to communities/businesses etc

What decisions and amendments would you like the council to make?

Increase the number of live concerts Eden Park can host - they have applied for and increase to 12 but my question is why can't this be more? Out of 365 days of the year - if we had 40 days of live concerts in Eden Park - wow! Majority of local residents support Eden Park and their ventures and see the value in what they are doing - the few that don't...shout them a night in the city. I think it's fantastic that this is not in the CBD and that it brings people, atmosphere and \$\$ to the surrounding regions.

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

We are submitting in support on all aspects of the application.

What are the reasons for your submission?

The Dominion Road Business Association is pleased to provide this submission of support for Eden Park to expand the number of concerts held at the park from six to 12.

The Dominion Rd Business Association is a member-based organisation dedicated to creating and developing opportunities for all levels of commerce and industry supporting over 300 local businesses along Auckland's iconic strip.

Eden Park is a key part of our business community given its proximity to Dominion Road and we have had a close working relationship with them for more than a decade.

The very presence of Eden Park, and the wide range of activities undertaken at the park is a real boost to our local economy. Marketview stats over recent years have indicated that large events at the park have a positive impact of more than half a million dollars per event to Dominion Road businesses.

We are part of the Eden Park Community Liaison Group which meets regularly and ensures that all stakeholders are aware of events on at the park and can provide feedback. Our experience is that Eden Park management have always been willing to work with us to address anything of concern and in fact bend over backwards to try and make sure that both the residents and business areas are not negatively impacted by events.

We have now had almost three years of regular concerts at Eden Park with no negative impacts on our business district – in fact these events have been a massive boost for our local economy.

In addition, the concerts and the support of Eden Park management has been a key factor in Dominion Rd achieving on-going accreditation as a Purple Flag area (Purple Flag is a UK based accreditation granted for excellence in managing the night time economy).

We wholeheartedly endorse the application by Eden Park to expand the number of concerts held at the park each year.

What decisions and amendments would you like the council to make?

We request that Auckland Council approve the resource consent.

This submission: opposes the application in whole or in part

Specify the aspects of the application you are submitting on:

Doubling the number of concerts from 6 to 12 per year

What are the reasons for your submission?

While I understand the potential economic benefits and community interest in more events, I have significant concerns about the negative impact such a change would have as someone who is directly impacted from the proposed increase.

Firstly, increasing the number of concerts will exacerbate noise pollution in the area, disrupting the quality of life for myself and local residents. The amplified noise levels, especially during late hours, significantly affects my sleep

1451

patterns and overall well-being.

Secondly, the rise in traffic congestion and parking issues around Eden Park will create additional safety concerns and diminishes accessibility to and from my house.

Thirdly, whether people like to acknowledge it or not, Eden Park is situated in a residential neighbourhood. There is a negative impact on residents quality of life every time one of these concerts take place through anti-social behaviour from people attending the concert and an increase in petty crime in the local area. Six concerts a year is enough.

What decisions and amendments would you like the council to make?

Leave the status quo - this was vigorously investigated last time and should remain as is.

This submission: opposes the application in whole or in part

Specify the aspects of the application you are submitting on:

Whole submission.

What are the reasons for your submission?

I do not agree with allowing 12 concerts a year at Eden Park. Living in Kingsland on New North Road, this area becomes incredibly dysfunctional during these concerts. We already have a parking shortage in the area without concerts. During concerts the parking situation in the area even becomes dangerous. It is a massive inconvenience and forces residents as well as their visiting family or friends to travel out of the suburb to find parking.

In addition the disruption to trains and buses during concerts is already another significant disruption to everyday life in

1459

this area. Having train lines and near by buses shut down an additional 12 times a year when services are already unreliable is just too much.

I am entirelyly against 12 concerts a year.

What decisions and amendments would you like the council to make?

Enforce the same permit parking rules in Kingsland as in the Mt Eden area to ensure residents are able to park during concerts. Do not allow 12 concerts a year, 6 has already been a great inconvenience.

Also, do something to ammendment the vandalism and glass all over the streets following concerts that have already been permitted.

Submission details

This submission: opposes the application in whole or in part

Specify the aspects of the application you are submitting on:

I am opposed to the entire application.

What are the reasons for your submission?

I outright oppose this submission. 12 more events would be a huge inconvenience for residents in this area as Eden park does not provide appropriate infrastructure and services for its events.

- Parking issues - residents are forced to compete with visitors to Eden park. Particularly in Kingsland.
- Vandalism - I have noticed regular vandalism during events, likely from higher rates of drinking.

• Trains being shut down - this affects ALL Aucklanders reliant on public transport. An extra 12 times a year for working people is a huge inconvenience and makes trains an unreliable source of transport.

What decisions and amendments would you like the council to make?

I oppose the entire submission unless the following can be adhered to:

- Enforce permit street parking in Kingsland and Morningside areas.
- Create car park for Eden Park.
- Increase security in wider area during events.
- Do not shut down trains during events.

Are you a trade competitor of the applicant? I am not a trade competitor of the applicant.

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

I happy for the number of concerts per year to be increased.

What are the reasons for your submission?

I am both a resident (16 Walters Road) and a local worker/business owner (GP in Domion Road).

I love the area.

When there is a concert it's even better than big games.

The whole atmosphere is vibrant. Concerts are better as there is often a more family vibe, and people bus in from all over the country.

There is never really much rowdiness, or trouble. It's not too loud and finished by 11pm. Sports events usually have more beer bottles left afterwards, especially league.

Also it's good for businesses in Dominion Road, and Kingsland, as well as the huge spend in all economic areas of Auckland, it's a no brainer for struggling Auckland businesses . The injection of money into the economy is greatly needed. Auckland needs to be in 21st century with world-class acts coming to NZ.

What decisions and amendments would you like the council to make?

I would like the consent for more consents to be given.

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

I am in support of allowing up to 12 concert events at Eden Park in a calendar year where these events are performed by up to a total of six different artists/acts, excluding support artists

I'd also like to support an appeal for concert events on a Sunday and allow for a finish time of 11pm

What are the reasons for your submission?

I think it's great for Auckland - creates jobs and generates business in and around the park. Eden Park runs events seamlessly - they deserve to be able to do this

What decisions and amendments would you like the council to make?

Up to 12 concerts a year

Concerts on Sundays

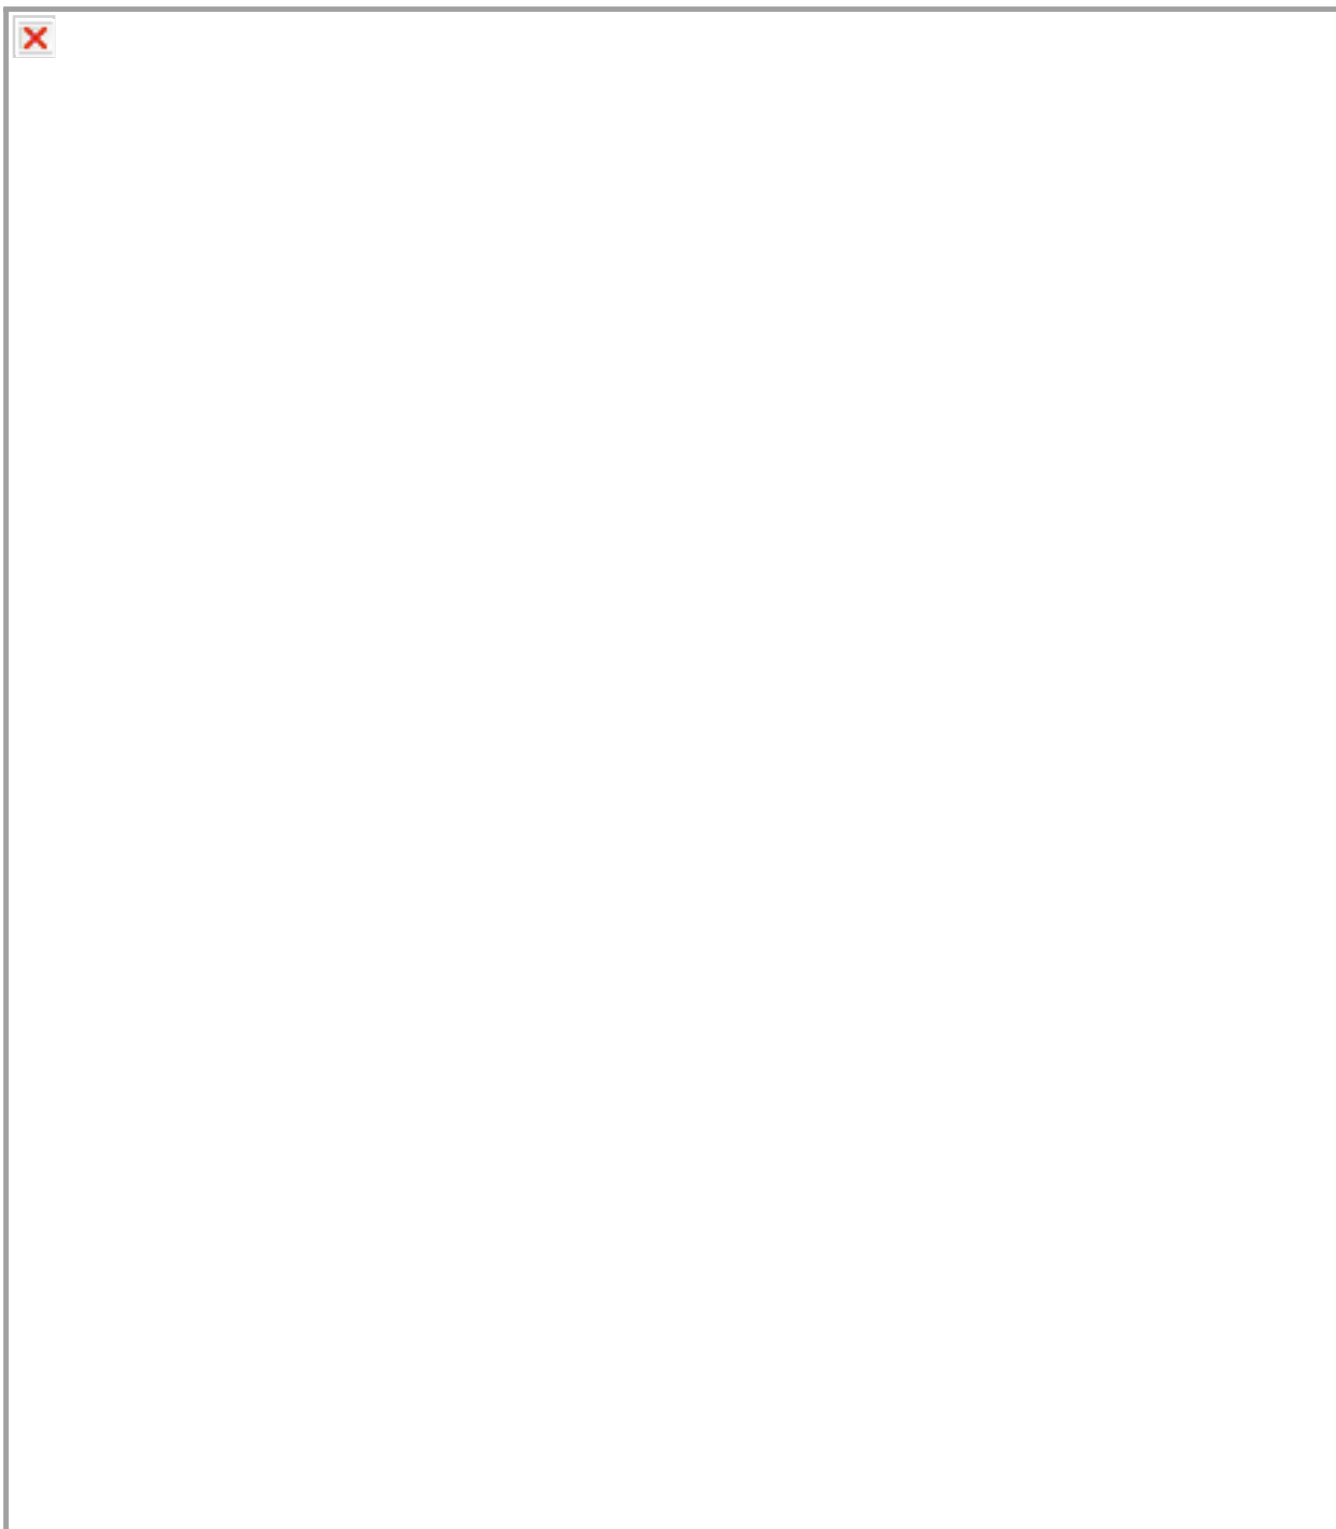

Finish at 11pm

Are you a trade competitor of the applicant? I am not a trade competitor of the applicant.

Do you want to attend a hearing and speak in support of your submission? No

If other people make a similar submission I will consider making a joint case with them at the hearing: No

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

I strongly agree with Eden Park being able to host 12 concerts a year.

What are the reasons for your submission?

This is incredibly vital for Auckland's economy, tourism, place on the world stage and of course, entertainment. It is a no brainer. People who choose to live in close proximity to Eden Park know where they live near when they move in - there should be no excuse, we just have more concerts at Eden Park. It is such a big push for our economy, ensuring we continue to get world class acts (missing Taylor Swift was a HUGE error for our economy) and morale. There is absolutely no reason not to approve this.

What decisions and amendments would you like the council to make?

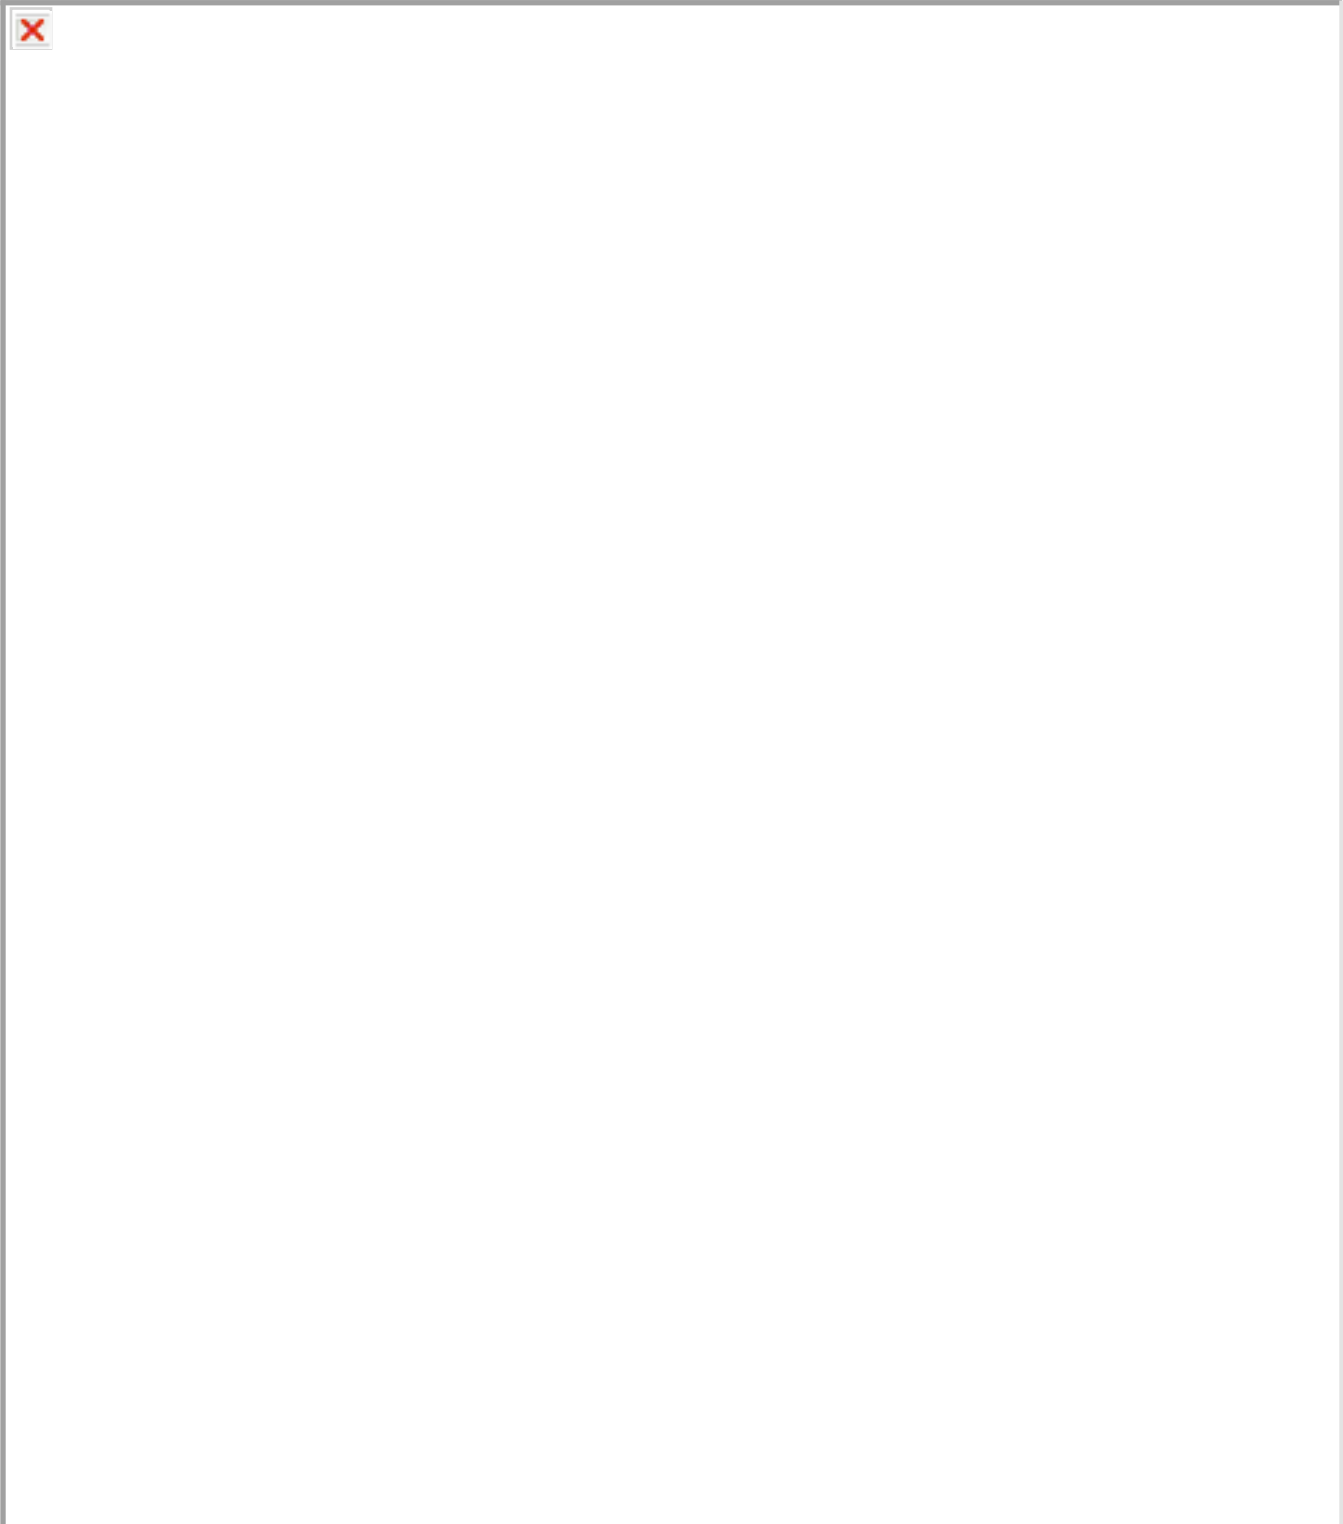

Immediately approve Eden Park to host 12 concerts a year. This is nothing out of 365 days.

Are you a trade competitor of the applicant? I am not a trade competitor of the applicant.

Do you want to attend a hearing and speak in support of your submission? Yes

All aspects of the application

What are the reasons for your submission?

Eden Park is such a key part of Auckland's sports and entertainment scene. Hosting more concerts there would really boost the city's cultural vibe, bringing in a variety of top-notch artists. Plus, it would be great for the local economy, with more tourists and new jobs. The detailed Operating Management Plan means these events will be well-organized, with good plans for event management, community feedback, and traffic control, so any disruptions should be minimal.

What decisions and amendments would you like the council to make?

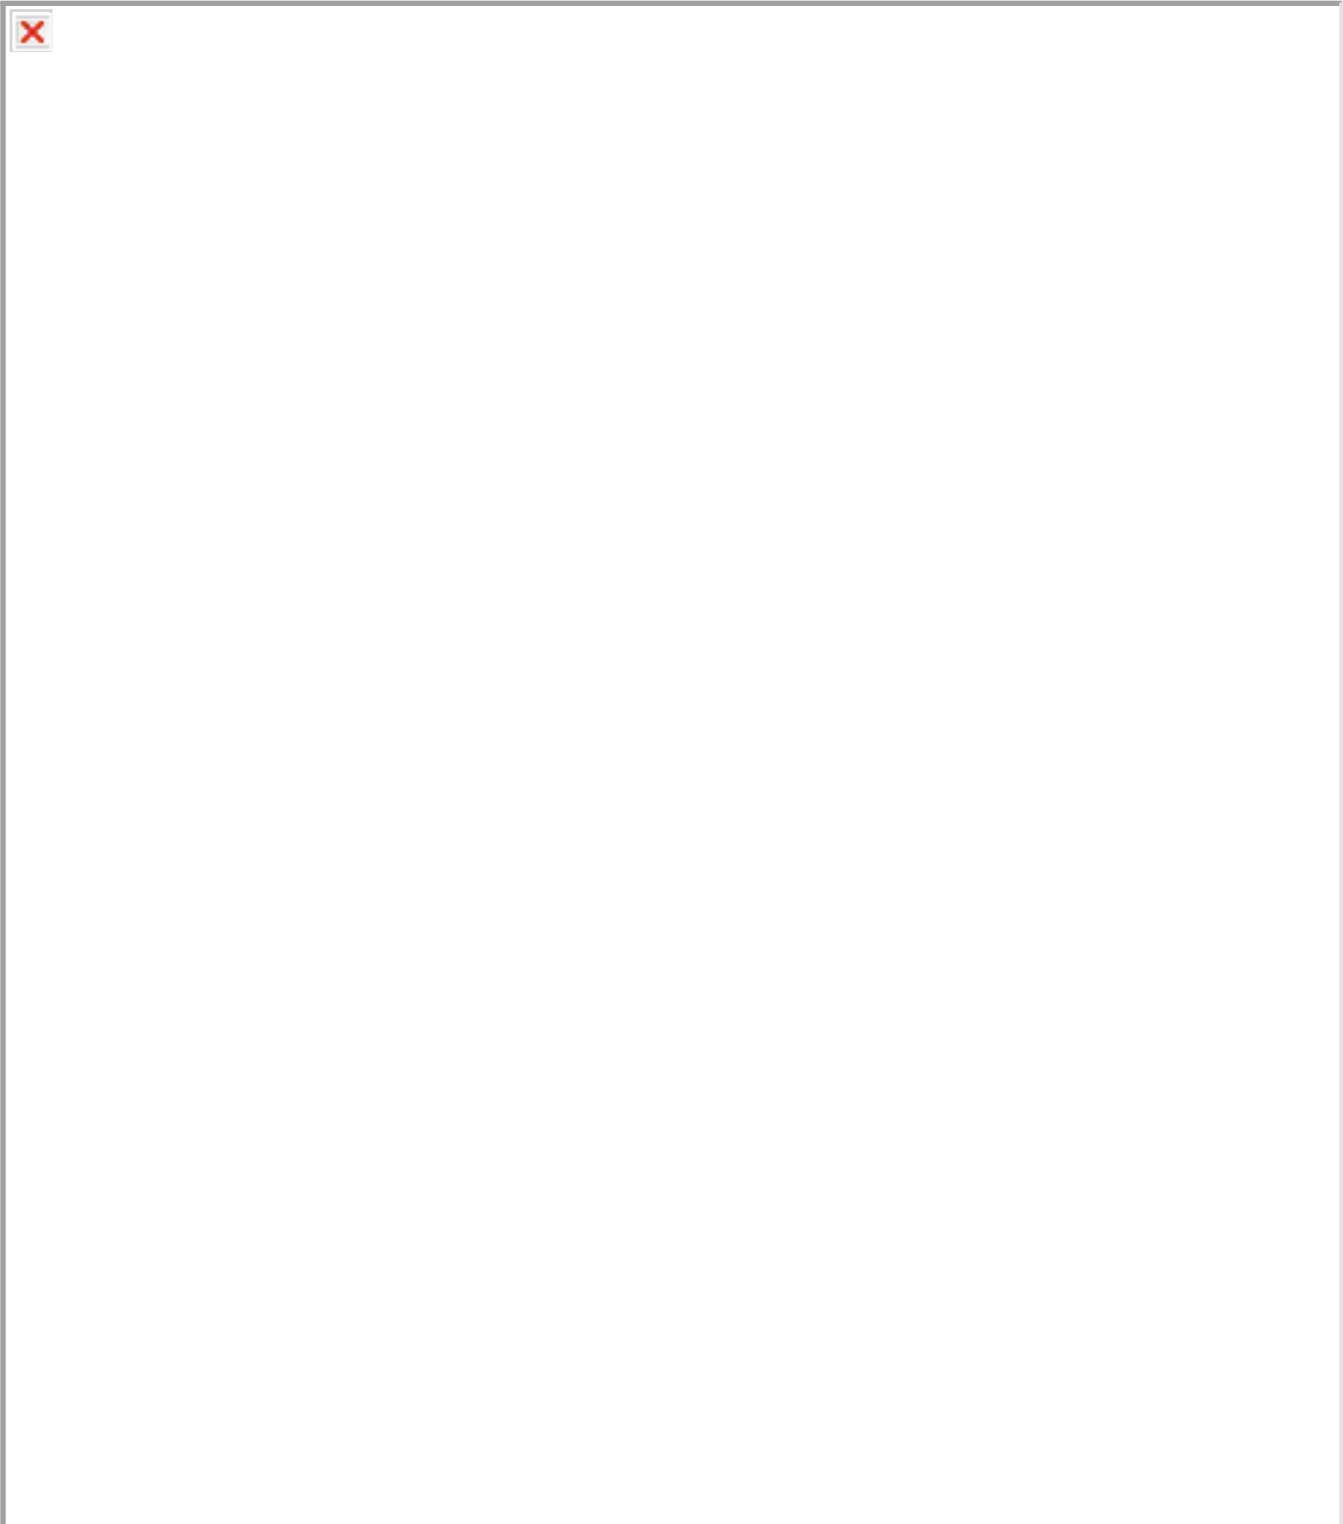

More concerts

Are you a trade competitor of the applicant? I am not a trade competitor of the applicant.

Submission details

This submission: supports the application in whole or in part

Specify the aspects of the application you are submitting on:

As a very local resident and home owner near Eden park, living only a minutes walk away from the stadium. I am in full support of the stadium having up to 12 concerts a year and could have some flexibility of the maximum of 6 acts - would be happy with up to 8. I think having concerts in the neighborhood is awesome for the community and eden park do a good job of managing noise, travel etc. I think Eden park should be allowed to have temporary bars and food stalls etc on the 2nd ground for such activities as well as All Blacks games.

What are the reasons for your submission?

What decisions and amendments would you like the council to make?

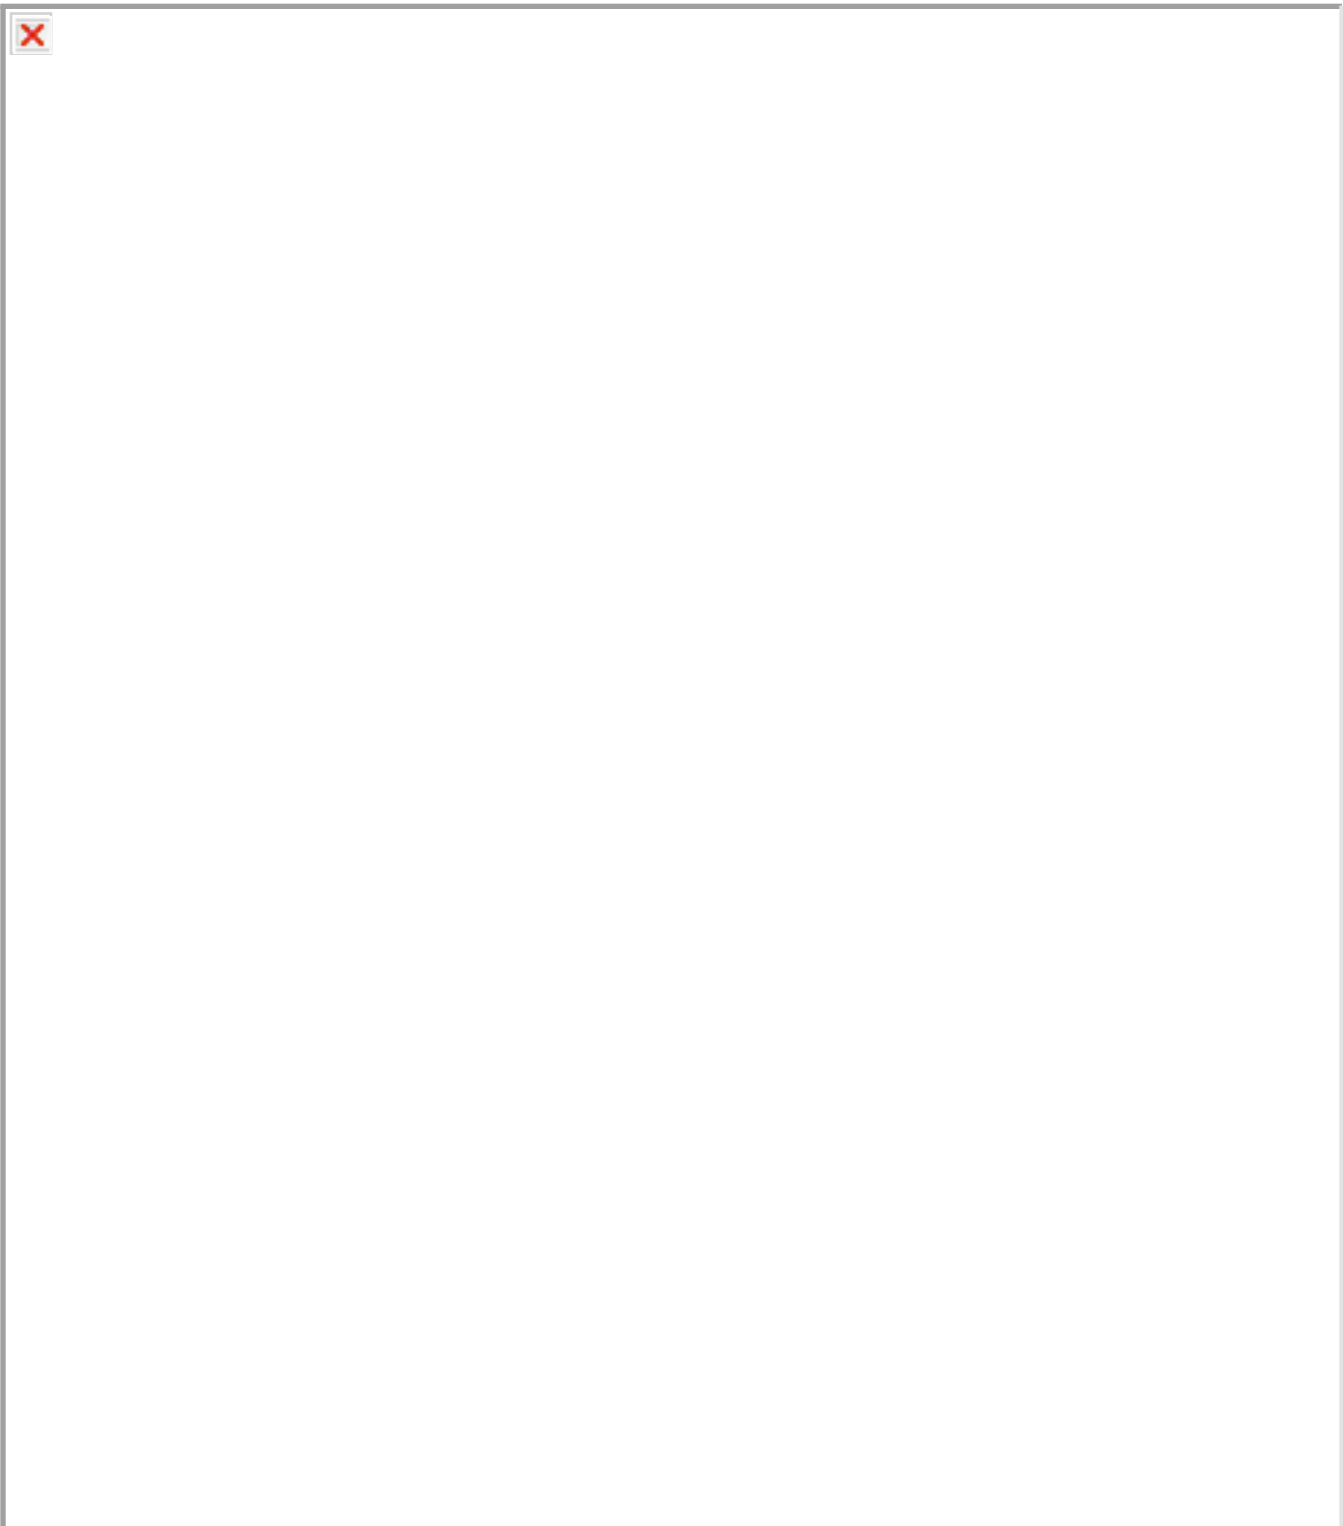

I think there should be a requirement that the full public transport network/train network is in operation for any concert and a larger boundary for Taxi/car drops offs be established around the stadium. It's not okay to have a concert on a night when the trains are not running/are not in full operation.

Are you a trade competitor of the applicant? I am not a trade competitor of the applicant.

Resource Consent Application LUC60434909

(The Eden Park Trust)

I bought my house in Reimers Avenue in 1991, when I could not have known 'what you were letting yourself in for'. Since then Eden Park has changed from the principal site of New Zealand's sporting heritage, an argument that I had personal reasons to appreciate, to New Zealand's 'Entertainment Hub', which inflicts itself on its neighbours to an extent they could not have imagined in 1991.

The application for consent refers to a survey of 'all households within the vicinity of Eden Park' in 2021 (p.21), and also to surveys in 2023 and 2024, but without saying what emerged from those last two (p.21). I do not recall hearing of any of those surveys, although I live immediately opposite the park. I'll include what I would have said then in what follows.

The noise (it is noise, if you don't want it) was more or less tolerable from the first Pink concert, but quite intolerable from the first Sheeran concert (I fled for the second). If the latter was within the limits they are already too high. I walked as far as St Luke's, and could hear it from there. An acquaintance who lived beyond Balmoral Road said he thought someone next door must have had a loud radio on a window sill. Then, closer to home, over the road, indeed, there was 'pack-out', into early hours of the morning. The Sandringham Road end of Reimers Avenue is not screened at all against noise from the bus parking area or from the outer oval. What is said on the loudspeakers on the outer oval often carries word for word across Reimers Avenue; as well as the music that accompanies the erection of tents there for other events.

The discussion of noise in the application is actually rather frightening for someone who would have to live through it. There is no research into acceptability; there is no New Zealand standard, and New Zealand controls vary significantly. (Research and standards might follow, if noise could be seen and smelled, like gas or smoke.) Comparisons are made with other stadia in New Zealand, and 'some other major venues in Auckland'; but they are not identified, and their locations (which are surely relevant) are not described. But in particular it appears under 7.4.4 that people living at the Sandringham Road end of Reimers Avenue would be subjected to more noise, not less, and that throughout the night. The summary at 7.4.6 seems to have little faith in the measures that Marshall Day propose, and only suggests that the adverse effects 'are mitigated given they are fixed in number and have a short-term duration'. That reasoning in those terms would allow noise at any intensity.

The mathematics of the formula 'from six to twelve events by six different artists/acts in a calendar year' may seem to hold out the possibility of fewer than twelve concerts. But in circumstances in which (as the application says) bands

etc. prefer to do more than one performance in the one place in fewer places it seems more likely that the number will be as close to twelve as Eden Park can make it. The application is simply for the opportunity to hold more concerts (and make more noise). After almost thirty years of applications for this, that, and the other expansion it's hard to believe that twelve is the end of it.

Specify the aspects of the application you are submitting on:

I support the application for Eden Park to host up to 12 concert events each year, including on Sundays, and with a finish time up to 11pm.

What are the reasons for your submission?

Eden Park is a valuable resource for our community and should be used to its maximum potential. As a close neighbour of the venue, I appreciate the economic and social benefits increased concerts will bring to Mt Eden, as well as to Auckland more broadly.

What decisions and amendments would you like the council to make?

Allow the submission in full.
