AUCKLAND 1140

Issued via email kasey@barkers.co.nz

Dear Kasey,

Re: Clause 23 (2) Resource Management Act 1991 Further information - Private Plan Change Request by Wyborn Capital Investments Ltd to rezone land at 167-179 Pilkington Road, Pt England and to add a new precinct

Thank you for your comprehensive response to Clause 23 requests, received 11 December 2023.

The council's specialist team has reviewed the responses. There is one limited matter on which further information is required, as set out below.

Noise and vibration

Specialist **Andrew Gordon** ph 027 482 3527 andrew.gordon@aucklandcouncil.govt.nz

#	Category of missing information	Specific Information request	Reason for request	Applicant response (please reference any attachments)
NV/A	Existing railway noise and vibration environment	Please provide empirical rail noise and vibration measurements for this site.	The Eastern Line has recently reopened to passenger and freight trains. Rail movements can now be measured. The provision of ambient noise and vibration measurements would provide greater confidence in the predictions provided by Styles Group in their response to our earlier request for further information and enable a more considered response to points NV1-NV3.	

If you have any queries, please do not hesitate to contact me.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'M Perwick', with a small dot at the end.
