- input to regional strategies and plans
- advocate to the Governing Body and council-controlled organisations (CCOs) on behalf of local communities.

## Introduction

Auckland Council has a unique model of local government in New Zealand, comprising the Governing Body (made up of the mayor and 20 ward councillors) and 21 local boards. The Governing Body focuses on Auckland-wide issues while local boards are responsible for decision making on local issues, activities and services and providing input into regional strategies, policies and plans. Together, this is a shared governance model where decisions can be made both regionally and locally.

Local board decision-making comes from three sources:

1. **Legislation** – local boards are responsible for activities such as community engagement, preparing local board plans, agreeing and monitoring local board agreements and communicating local views to the Governing Body on regional strategies, policies, plans and bylaws.
2. **Allocation of decision-making for non-regulatory activities** – the Governing Body has allocated decision-making responsibility for certain non-regulatory activities to local boards. Local boards make decisions on, and have oversight of, a broad range of local activities such as local parks, libraries, events, recreational facilities and community activities. Please see Volume 2, Part 3 for the Allocation of decision-making responsibilities for non-regulatory activities.
3. **Delegation of decision-making responsibilities** – the Governing Body may delegate responsibility for some regulatory activities to local boards and Auckland Transport may delegate some decision-making responsibilities to local boards. Please see Volume 2, Part 3 for the list of delegated responsibilities to local boards.

## 1.2 Developing local priorities

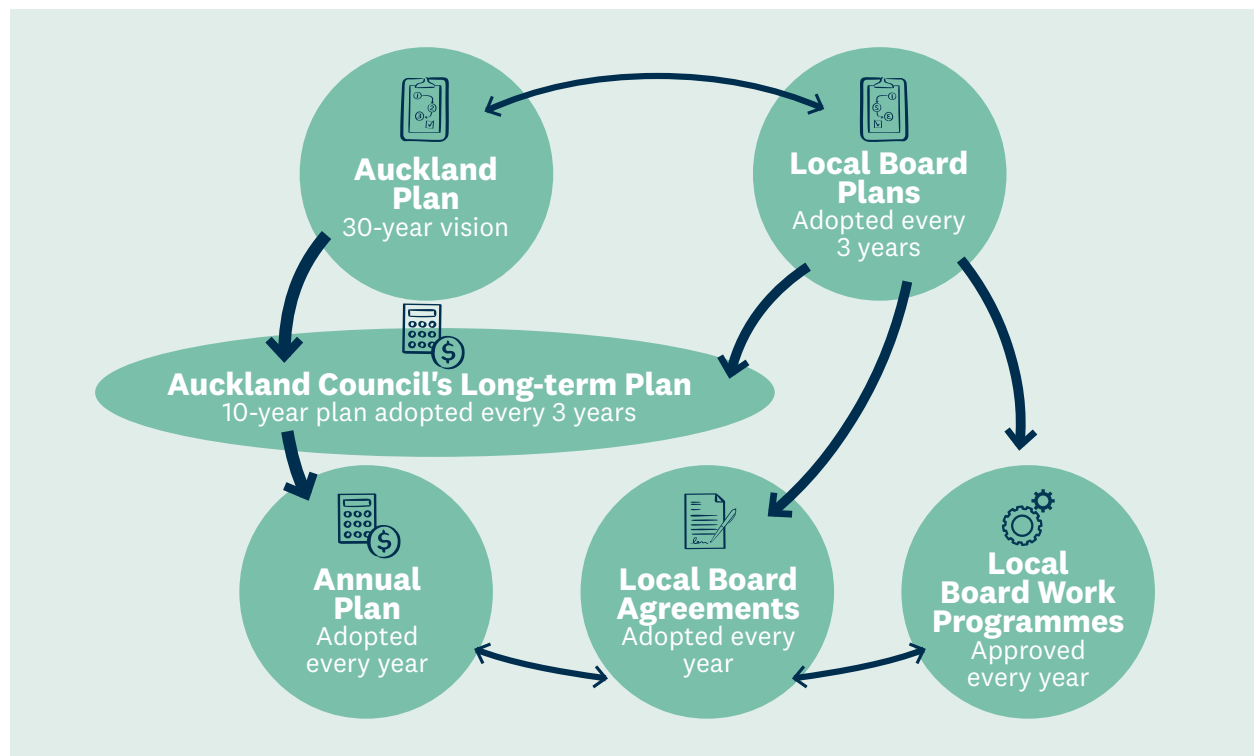

Local board plans are strategic documents that set the direction for local boards and also inform the 10-year budget (long-term plan). Reflecting community priorities and preferences, the plans are developed every three years to guide local board activity, funding and investment decisions. They also influence local board input into regional strategies and plans and provide a basis for developing local board agreements.

Every year, a local board agreement is agreed between the Governing Body and each local board. These local board agreements set out the activities to be provided in each local board area, how those local activities are to be funded, intended levels of service, performance measures and targets, for the year. The agreements take into account local board plan priorities but also reflect Governing Body decisions such as Auckland-wide priorities, budget constraints and trade-offs across all council activities.

Each local board also agrees annual work programmes in line with their local board agreement. These are operational and capital work programmes for the local activities for which they have decision-making responsibility. The work programmes contain specific initiatives and projects in greater detail than appears in a local board agreement. Local board work programmes play a critical role in delivering on the needs of communities and are informed by local board plans.

Local board agreements for 2024/2025 have been agreed between each local board and the Governing Body and are set out in Part 2.

Diagram 1: The relationship between Auckland Council plans and agreements.

### Local activities

Local boards have decision making responsibility for a range of activities, as set out in the following list.

1. Local Community Services
2. Local Planning and Development
3. Local Environmental Management
4. Local Governance.

Local board agreements outline for each activity area the key initiatives and funding for the 2024/2025 financial year.

# 1.3 Funding

Auckland Council has a shared governance model for making decisions on local activities. Under the Local Board Funding Policy, funding is allocated to local boards to deliver local services, through the following methods:

- 1. Asset based services** – the Governing Body allocates funds to deliver local activities based on decisions about region-wide service levels. This includes allocation of funds for local asset-based services, such as building a new swimming pool or library.
- 2. Locally driven initiatives** – an allocation is based on a formula applied to each local board, with the exception of Aotea / Great Barrier and Waiheke Local Boards who agree funding requirements with the Governing Body on an annual basis.
- 3. Governance services** – an allocation is based on the number of elected members and associated administrative costs for each local board.

The total estimated funding allocation for all 21 local boards over the 2024-2034 financial years is shown in following table. The budgets for each local board for the 2024/2025 financial year are included within the individual local board agreements in this volume.

### 2.3 Devonport-Takapuna Local Board

He kōrero mai i te Heamana

#### Message from the Chair

I am pleased to present the Devonport-Takapuna Local Board Agreement for the financial year 2024/2025. This has been informed by your feedback through the Long-term Plan 2024-2034 consultation and reflects the priorities in the Devonport-Takapuna Local Board Plan 2023.

Of the 27,960 submissions to the Long-term Plan consultation, 975 came from the Devonport-Takapuna area. This shows a high level of engagement from our communities and tells us clearly what is important to you.

As always, our budgets are tight. We will prioritise and invest in the areas you value including management of our natural environment by supporting Pupuke Birdsong Project, Restoring Takarunga Hauraki, our ecological and environmental parks volunteer programmes and continuing to progress our urban ngahere strategy. The funding we provide to improve environmental outcomes is complimented by the regional funding support received from the water quality and natural environment targeted rates.

We will also support our community houses and Activators who are becoming more visible in the areas they serve and helping people to connect to the programmes and services they need.

Our capital budgets will be used to progress the detailed business and design phase for the Takapuna Library and Community Hub and deliver new playgrounds at Achilles and Belle Verde Reserves. Priority will be given to renewing buildings and assets that are well used so that they continue to meet your needs including the toilet block at Becroft Park and determining the best use for the heritage building at 139 Beach Road in Castor Bay.

We will advocate for the Lake Road project and the Bayswater Ferry Service in the Regional Land Transport Plan recognising that both of these projects are of critical importance to those living on the Devonport Peninsula.

Finally, I would like to acknowledge the contribution that our not-for-profit organisations and volunteers give to this area. Many things may be changing but this constant stands us in good stead for the future.

Ngā mihi,

Toni van Tonder

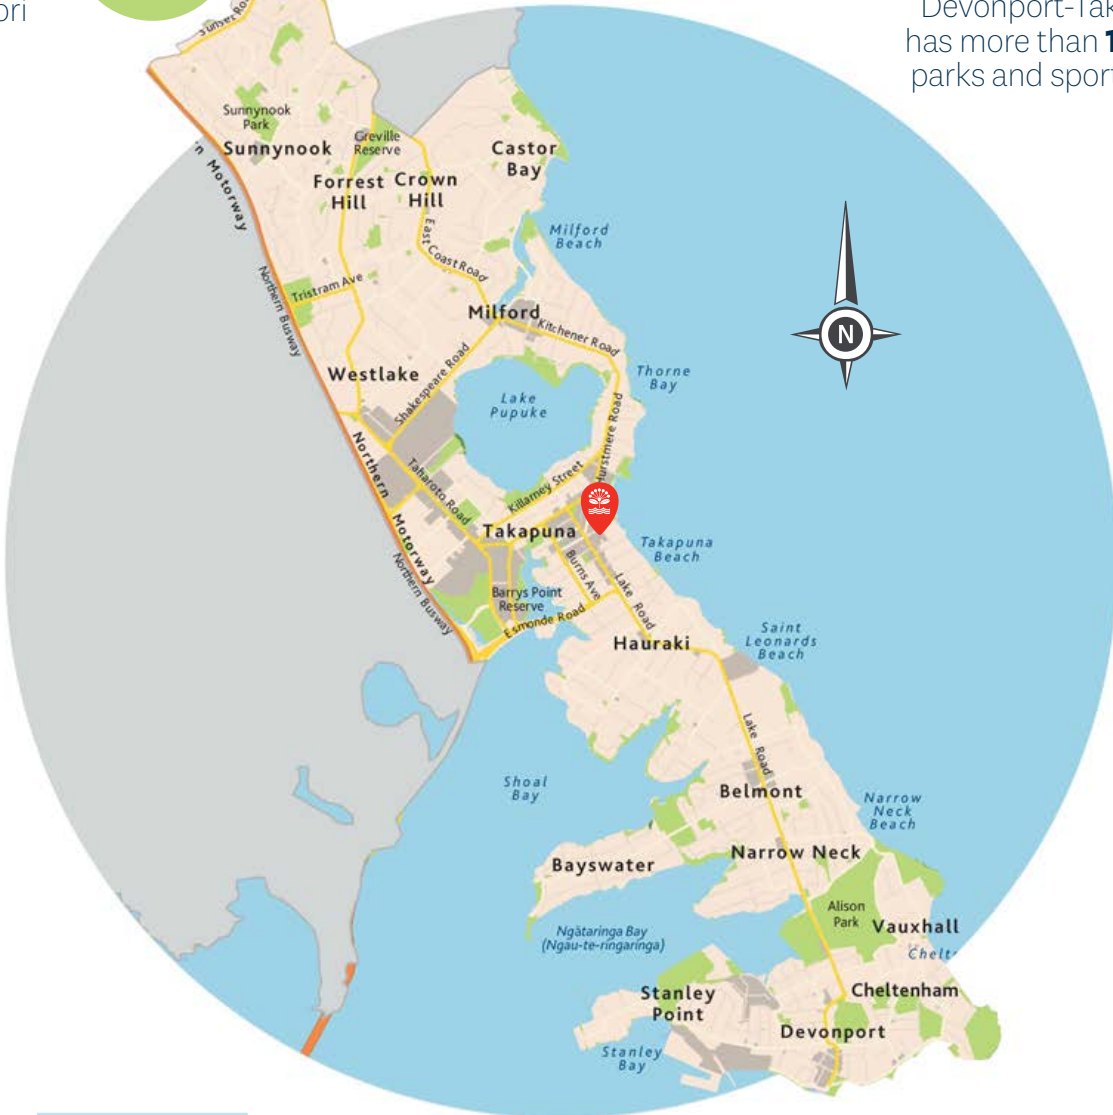

Chair, Devonport-Takapuna Local Board

## Working with Māori

Delivering on Auckland Council's commitment to Māori at a local level is a priority for local boards. The council is committed to meeting its responsibilities under Te Tiriti o Waitangi / the Treaty of Waitangi and its broader statutory obligations to Māori.

To meet this commitment, the Devonport-Takapuna Local Board Plan seeks to deliver outcomes for Māori. Initiatives that deliver Māori outcomes are those which support Māori identity and culture, advance Māori well-being and support Māori to participate in local decision-making as identified in the "Kia Ora Tāmaki Makaurau" framework. Examples of this include:

- Identifying opportunities to work together to build strong relationships with Mana Whenua and share information with Māori.
- Collaborating with iwi on projects of significance such as Te Uru Tapu Sacred Grove.
- Taking opportunities to create a Māori identity in our parks and facilities through actions such as the Te Kete Ruku Ruku dual naming project and sharing stories about the area's heritage through interpretative signage.
- Recognise and enhance management of Te Rahopara Pa o Peretū
- Encourage use of Mana Whenua design features in parks and facilities.
- Promote the use of Te Reo Māori in places and spaces.
