1.1 Local board overview

SHARED GOVERNANCE MODEL

The Governing Body (mayor and 20 councillors)

- focus on big picture and Auckland-wide issues
- develop Auckland-wide strategies and plans
- decision making of regulatory activities such as bylaws, licencing, inspection and animal management.

21 local boards (chairperson and local board members)

- represent local communities
- provide local leadership
- make decisions on local issues and activities
- allocate local discretionary funding such as community grants and events
- input to regional strategies and plans
- advocate to the Governing Body and council-controlled organisations (CCOs) on behalf of local communities.

Introduction

Auckland Council has a unique model of local government in New Zealand, comprising the Governing Body (made up of the mayor and 20 ward councillors) and 21 local boards. The Governing Body focuses on Auckland-wide issues while local boards are responsible for decision making on local issues, activities and services and providing input into regional strategies, policies and plans. Together, this is a shared governance model where decisions can be made both regionally and locally.

Local board decision-making comes from three sources:

1. **Legislation** – local boards are responsible for activities such as community engagement, preparing local board plans, agreeing and monitoring local board agreements and communicating local views to the Governing Body on regional strategies, policies, plans and bylaws.
2. **Allocation of decision-making for non-regulatory activities** – the Governing Body has allocated decision-making responsibility for certain non-regulatory activities to local boards. Local boards make decisions on, and have oversight of, a broad range of local activities such as local parks, libraries, events, recreational facilities and community activities. Please see Volume 2, Part 3 for the Allocation of decision-making responsibilities for non-regulatory activities.
3. **Delegation of decision-making responsibilities** – the Governing Body may delegate responsibility for some regulatory activities to local boards and Auckland Transport may delegate some decision-making responsibilities to local boards. Please see Volume 2, Part 3 for the list of delegated responsibilities to local boards.

1.2 Developing local priorities

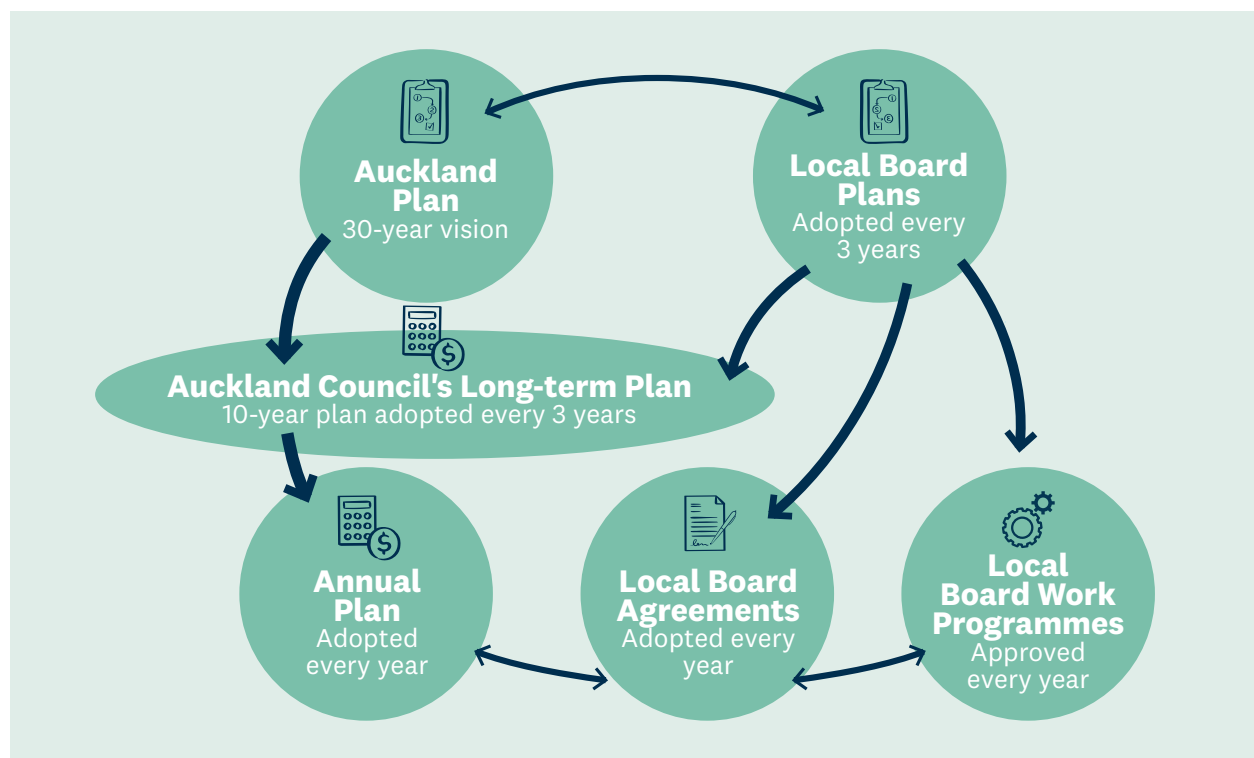

Local board plans are strategic documents that set the direction for local boards and also inform the 10-year budget (long-term plan). Reflecting community priorities and preferences, the plans are developed every three years to guide local board activity, funding and investment decisions. They also influence local board input into regional strategies and plans and provide a basis for developing local board agreements.

Every year, a local board agreement is agreed between the Governing Body and each local board. These local board agreements set out the activities to be provided in each local board area, how those local activities are to be funded, intended levels of service, performance measures and targets, for the year. The agreements take into account local board plan priorities but also reflect Governing Body decisions such as Auckland-wide priorities, budget constraints and trade-offs across all council activities.

Each local board also agrees annual work programmes in line with their local board agreement. These are operational and capital work programmes for the local activities for which they have decision-making responsibility. The work programmes contain specific initiatives and projects in greater detail than appears in a local board agreement. Local board work programmes play a critical role in delivering on the needs of communities and are informed by local board plans.

Local board agreements for 2024/2025 have been agreed between each local board and the Governing Body and are set out in Part 2.

Diagram 1: The relationship between Auckland Council plans and agreements.

Local activities

Local boards have decision making responsibility for a range of activities, as set out in the following list.

1. Local Community Services
2. Local Planning and Development
3. Local Environmental Management
4. Local Governance.

Local board agreements outline for each activity area the key initiatives and funding for the 2024/2025 financial year.

1.3 Funding

Auckland Council has a shared governance model for making decisions on local activities. Under the Local Board Funding Policy, funding is allocated to local boards to deliver local services, through the following methods:

- 1. Asset based services** – the Governing Body allocates funds to deliver local activities based on decisions about region-wide service levels. This includes allocation of funds for local asset-based services, such as building a new swimming pool or library.
- 2. Locally driven initiatives** – an allocation is based on a formula applied to each local board, with the exception of Aotea / Great Barrier and Waiheke Local Boards who agree funding requirements with the Governing Body on an annual basis.
- 3. Governance services** – an allocation is based on the number of elected members and associated administrative costs for each local board.

The total estimated funding allocation for all 21 local boards over the 2024-2034 financial years is shown in following table. The budgets for each local board for the 2024/2025 financial year are included within the individual local board agreements in this volume.

2.5 Henderson-Massey Local Board

He kōrero mai i te Heamana

Message from the Chair

I want to thank everyone who provided feedback on this local board agreement for the 2024/2025 financial year. We received 1,683 individual responses from people living in the Henderson-Massey Local Board area. That feedback helps us understand the priorities and aspirations of our community and the people who we represent.

Most of the submissions supported the local board's priorities as outlined in our section of the extensive consultation document. The Henderson-Massey community consistently tells us that community services and environmental initiatives are important, especially initiatives that help protect our community from potential future weather events like the recent severe flooding.

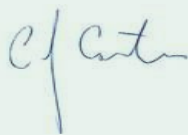

The work programme for the 2024/2025 financial year includes two new initiatives starting this financial year – developing a community and business emergency response plan; and implementing play opportunities outside of traditional playground spaces.

We will continue to work with our business associations to support the local economy and revitalise their town centres. We will also fund Te Whau Coastal Walkway Environment Trust to promote and advocate for completion of the Te Whau Pathway project, and we will work with Auckland Transport and Eke Panuku Development Auckland on connecting and expanding the walking and cycling networks in our area.

We will also continue supporting volunteer ecological and environmental initiatives, delivering signature free local events such as Snow in the Park and Come Fly a Kite and supporting our community organisations to provide programmes and activities that support local community needs and priorities.

Finally, I would like to acknowledge the contribution that Auckland Council staff have made in reaching out to a wide cross section of our local community in seeking comment and response to the proposals outlined in the Long-term Plan.

Ngā mihi,

Hon Chris Carter

The local board agreement outlined in this document reflects how we plan to support these outcomes through agreed activities in the 2024/2025 financial year. In addition, each local board carries out responsibilities delegated by the Governing Body in accordance with the delegated power, and with the general priorities and preferences in the local board plan.

Working with Māori

Delivering on Auckland Council's commitment to Māori at a local level is a priority for local boards. The council is committed to meeting its responsibilities under Te Tiriti o Waitangi / the Treaty of Waitangi and its broader statutory obligations to Māori.

The Henderson-Massey Local Board acknowledges Te Kawerau ā Maki as mana whenua of the rohe and looks forward to working together to take care of the land and waters for future generations.

The board seeks to deliver outcomes for Māori through initiatives that support Māori identity and culture, advance Māori well-being and support Māori to participate in local decision-making. Examples of this include:

- collaborating on significant projects such as the community and business emergency response plans and resilience programme
- Supporting Te Kete Rukuruku programme - renaming or dual-naming some of the area's parks and facilities in te reo and sharing stories about them
- funding Te Korowai Ariki to deliver the Tumoana Dive Programme for local rangatahi, building confidence and leadership in a whānau environment
- contributing funding support for Matariki celebrations.

Local Environmental Management

We support healthy ecosystems and sustainability through local board-funded initiatives such as planting, pest control, stream and water quality enhancements, healthy homes, and waste minimisation projects.

Our annual operating budget to deliver these activities is \$337,000.

The key initiatives we have planned for 2024/2025 include:

- supporting Te Wai o Pareira community group to engage with the local community to support water quality improvements in Te Wai o Pairera (Henderson Creek)
- funding to support volunteer ecological and environmental initiatives including the Project Twin Streams programme
- funding a climate action activator to facilitate community-led local climate action
- funding grant to the Whau Coastal Walkway Environment Trust to promote and advocate for completion of the Te Whau Pathway project.

The local environmental management activity and key initiatives outlined above contribute towards achieving the following outcome/s in the Henderson-Massey Local Board Plan:

- Our Environment
- Our People
- Our Community
