1.1 Local board overview

SHARED GOVERNANCE MODEL

The Governing Body (mayor and 20 councillors)

- focus on big picture and Auckland-wide issues
- develop Auckland-wide strategies and plans
- decision making of regulatory activities such as bylaws, licencing, inspection and animal management.

21 local boards (chairperson and local board members)

- represent local communities
- provide local leadership
- make decisions on local issues and activities
- allocate local discretionary funding such as community grants and events
- input to regional strategies and plans
- advocate to the Governing Body and council-controlled organisations (CCOs) on behalf of local communities.

Introduction

Auckland Council has a unique model of local government in New Zealand, comprising the Governing Body (made up of the mayor and 20 ward councillors) and 21 local boards. The Governing Body focuses on Auckland-wide issues while local boards are responsible for decision making on local issues, activities and services and providing input into regional strategies, policies and plans. Together, this is a shared governance model where decisions can be made both regionally and locally.

Local board decision-making comes from three sources:

1. **Legislation** – local boards are responsible for activities such as community engagement, preparing local board plans, agreeing and monitoring local board agreements and communicating local views to the Governing Body on regional strategies, policies, plans and bylaws.
2. **Allocation of decision-making for non-regulatory activities** – the Governing Body has allocated decision-making responsibility for certain non-regulatory activities to local boards. Local boards make decisions on, and have oversight of, a broad range of local activities such as local parks, libraries, events, recreational facilities and community activities. Please see Volume 2, Part 3 for the Allocation of decision-making responsibilities for non-regulatory activities.
3. **Delegation of decision-making responsibilities** – the Governing Body may delegate responsibility for some regulatory activities to local boards and Auckland Transport may delegate some decision-making responsibilities to local boards. Please see Volume 2, Part 3 for the list of delegated responsibilities to local boards.

1.2 Developing local priorities

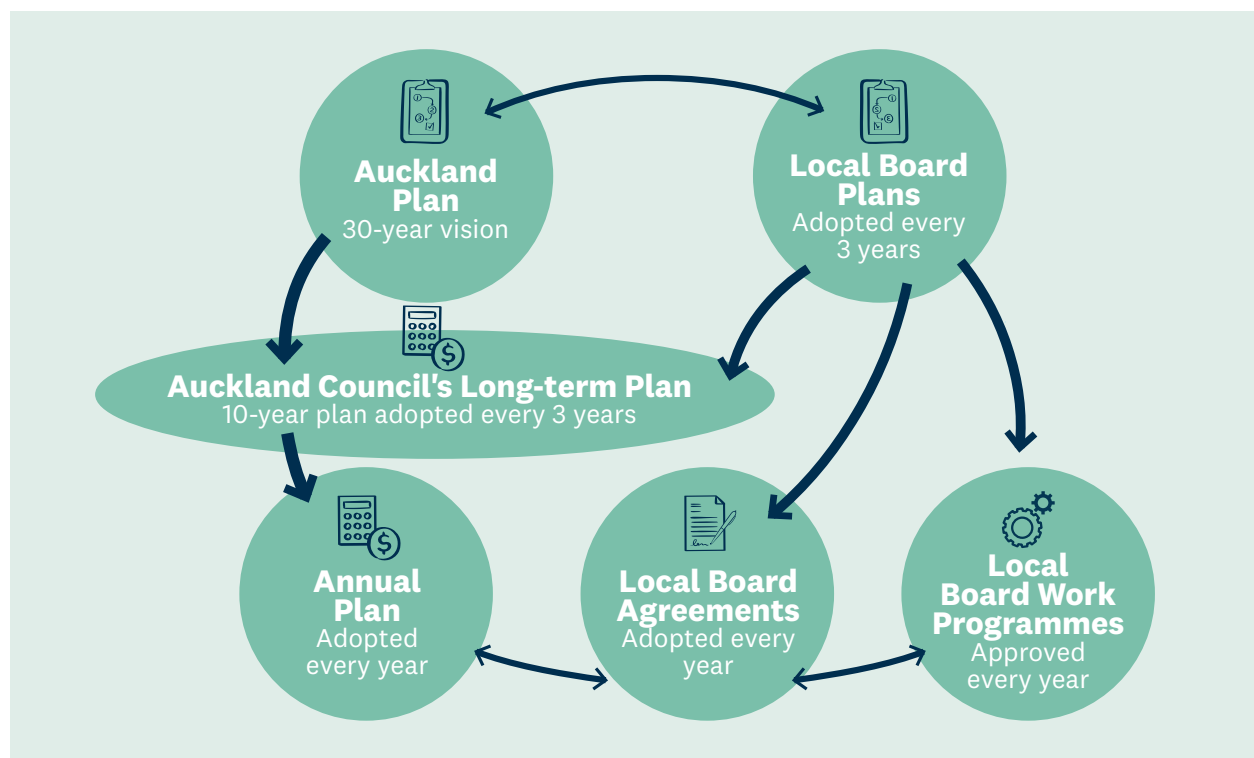

Local board plans are strategic documents that set the direction for local boards and also inform the 10-year budget (long-term plan). Reflecting community priorities and preferences, the plans are developed every three years to guide local board activity, funding and investment decisions. They also influence local board input into regional strategies and plans and provide a basis for developing local board agreements.

Every year, a local board agreement is agreed between the Governing Body and each local board. These local board agreements set out the activities to be provided in each local board area, how those local activities are to be funded, intended levels of service, performance measures and targets, for the year. The agreements take into account local board plan priorities but also reflect Governing Body decisions such as Auckland-wide priorities, budget constraints and trade-offs across all council activities.

Each local board also agrees annual work programmes in line with their local board agreement. These are operational and capital work programmes for the local activities for which they have decision-making responsibility. The work programmes contain specific initiatives and projects in greater detail than appears in a local board agreement. Local board work programmes play a critical role in delivering on the needs of communities and are informed by local board plans.

Local board agreements for 2024/2025 have been agreed between each local board and the Governing Body and are set out in Part 2.

Diagram 1: The relationship between Auckland Council plans and agreements.

Local activities

Local boards have decision making responsibility for a range of activities, as set out in the following list.

1. Local Community Services
2. Local Planning and Development
3. Local Environmental Management
4. Local Governance.

Local board agreements outline for each activity area the key initiatives and funding for the 2024/2025 financial year.

1.3 Funding

Auckland Council has a shared governance model for making decisions on local activities. Under the Local Board Funding Policy, funding is allocated to local boards to deliver local services, through the following methods:

1. **Asset based services** – the Governing Body allocates funds to deliver local activities based on decisions about region-wide service levels. This includes allocation of funds for local asset-based services, such as building a new swimming pool or library.
2. **Locally driven initiatives** – an allocation is based on a formula applied to each local board, with the exception of Aotea / Great Barrier and Waiheke Local Boards who agree funding requirements with the Governing Body on an annual basis.
3. **Governance services** – an allocation is based on the number of elected members and associated administrative costs for each local board.

The total estimated funding allocation for all 21 local boards over the 2024-2034 financial years is shown in following table. The budgets for each local board for the 2024/2025 financial year are included within the individual local board agreements in this volume.

2.6 Hibiscus and Bays Local Board

He kōrero mai i te Heamana

Message from the Chairperson

I am pleased to present our Local Board Agreement for 2024/2025, which outlines the projects and services we aim to deliver.

We received 2,082 submissions relevant to our local board area, and it was heartening to read that 77 per cent of individual submitters and 82 per cent of our local organisations supported all or most of our priorities. Our agreement reflects this support and our community's aspirations.

As a coastal community, home to some of the most popular beaches in Auckland and the Long Bay-Okura Marine Reserve, it was of little surprise that submitters sent us a very clear message – a high priority especially is to protect the Hauraki Gulf, fresh water and soil from contaminants and sedimentation.

Quite often a lot of the improvements and changes our community want to see is out of the realm of our decision-making, and so we need to use our position to advocate effectively to Auckland Council's Governing Body or to central government.

We will continue to advocate for sufficient funding to Auckland Transport and Waka Kotahi New Zealand Transport Agency to deliver essential and long-awaited transport projects like the Glenvar and East Coast Roads Improvements Project, Whangaparāoa Bus Station Interchange, and opening and upgrading Vaughans Road to Te Oneroa Way. We will continue advocating to retain and improve the Gulf Harbour Ferry service.

We will also work to ensure continued funding for coastal projects along Ōrewa Beach, for greater education and advice for property owners at risk from the effects of climate change, and for new and expanded community recycling centres to service our area.

Thank you for your contribution, we value your engagement to continue making our local board area the best place in Auckland for families to grow and thrive.

Ngā mihi,

Alexis Poppelbaum JP

Hibiscus and Bays Local Board Plan 2023

The Hibiscus and Bays Local Board Plan 2023 sets out the aspirations the local board has for the area. The outcomes in the Hibiscus and Bays Local Board Plan are:

Ō Tātou Tāngata

Our People

The voices of our community are heard, our youth thrive, and everyone feels welcome. Our resilience networks enable us to be prepared for emergencies.

Tō Tātou Taiao

Our Environment

Native birds, plants and animals thrive in an environment where pests are controlled. We have planned and designed our coastlines to be resilient to storms and the effects of climate change, our waterways and coastal areas are clean, and we minimise waste as we move to a circular economy.

Tō Tātou Hapori

Our Community

In a word, vibrant. Our past is remembered, and our facilities cater for future needs. Our open spaces can be used by all, and we have an abundance of recreation facilities.

Ō Tātou Wāhi me Tō Tātou Ōhanga

Our Places and Economy

Our town centres are lively and dynamic, with a network of paths and cycleways that are as equally connected as our current roading network, all serving to create a safe, busy, and pleasant neighbourhoods.

The local board agreement outlined in this document reflects how we plan to support these outcomes through agreed activities in the 2024/2025 financial year. In addition, each local board carries out responsibilities delegated by the Governing Body in accordance with the delegated power, and with the general priorities and preferences in the local board plan.

Working with Māori

Delivering on Auckland Council's commitment to Māori at a local level is a priority for local boards. The council is committed to meeting its responsibilities under Te Tiriti o Waitangi / the Treaty of Waitangi and its broader statutory obligations to Māori.

To meet this commitment, the Hibiscus and Bays Local Board seeks to deliver outcomes for Māori. Initiatives that deliver Māori outcomes are those which support maintaining a harmonious relationship between the people, the land, and the sea. Examples of this include:

- Acknowledging the mana whenua the local board works closest with, Ngāti Manuhiri and Ngāti Whātua o Kaipara by initiating conversations intended to lead to the development of relationship agreements.
- Supporting Ngāti Manuhiri, other mana whenua and mataawaka to draw on mātauranga Māori (Māori knowledge) to enrich the work of those groups working to restore the land and the sea.
- Continuing to support the telling of our local heritage stories, resulting in the adoption of te reo Māori names to add to the English names of parks and places of our area, as well as making the historical stories from all peoples from this area more accessible.
- Engaging with our community, and in particular mana whenua, on the future recreational uses of our undeveloped reserves, and older established ones, and investigate cost effective options for other informal recreation and play in these areas.

Local Planning and Development

Local planning and development includes supporting local town centres and communities to thrive by developing town centre plans and development, supporting Business Improvement Districts (BIDs), and heritage plans and initiatives.

Our annual operating budget to deliver these activities is \$1.1 million.

The key initiatives we have planned for 2024/2025 include:

- Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents.

The local planning and development activity, including the key initiatives outlined above contribute towards achieving the following outcome/s in the Hibiscus and Bays Local Board Plan:

- Outcome 4: Our Places and Economy
