1.1 Local board overview

SHARED GOVERNANCE MODEL

The Governing Body (mayor and 20 councillors)

- focus on big picture and Auckland-wide issues
- develop Auckland-wide strategies and plans
- decision making of regulatory activities such as bylaws, licencing, inspection and animal management.

21 local boards (chairperson and local board members)

- represent local communities
- provide local leadership
- make decisions on local issues and activities
- allocate local discretionary funding such as community grants and events
- input to regional strategies and plans
- advocate to the Governing Body and council-controlled organisations (CCOs) on behalf of local communities.

Introduction

Auckland Council has a unique model of local government in New Zealand, comprising the Governing Body (made up of the mayor and 20 ward councillors) and 21 local boards. The Governing Body focuses on Auckland-wide issues while local boards are responsible for decision making on local issues, activities and services and providing input into regional strategies, policies and plans. Together, this is a shared governance model where decisions can be made both regionally and locally.

Local board decision-making comes from three sources:

1. **Legislation** – local boards are responsible for activities such as community engagement, preparing local board plans, agreeing and monitoring local board agreements and communicating local views to the Governing Body on regional strategies, policies, plans and bylaws.
2. **Allocation of decision-making for non-regulatory activities** – the Governing Body has allocated decision-making responsibility for certain non-regulatory activities to local boards. Local boards make decisions on, and have oversight of, a broad range of local activities such as local parks, libraries, events, recreational facilities and community activities. Please see Volume 2, Part 3 for the Allocation of decision-making responsibilities for non-regulatory activities.
3. **Delegation of decision-making responsibilities** – the Governing Body may delegate responsibility for some regulatory activities to local boards and Auckland Transport may delegate some decision-making responsibilities to local boards. Please see Volume 2, Part 3 for the list of delegated responsibilities to local boards.

1.2 Developing local priorities

Local board plans are strategic documents that set the direction for local boards and also inform the 10-year budget (long-term plan). Reflecting community priorities and preferences, the plans are developed every three years to guide local board activity, funding and investment decisions. They also influence local board input into regional strategies and plans and provide a basis for developing local board agreements.

Every year, a local board agreement is agreed between the Governing Body and each local board. These local board agreements set out the activities to be provided in each local board area, how those local activities are to be funded, intended levels of service, performance measures and targets, for the year. The agreements take into account local board plan priorities but also reflect Governing Body decisions such as Auckland-wide priorities, budget constraints and trade-offs across all council activities.

Each local board also agrees annual work programmes in line with their local board agreement. These are operational and capital work programmes for the local activities for which they have decision-making responsibility. The work programmes contain specific initiatives and projects in greater detail than appears in a local board agreement. Local board work programmes play a critical role in delivering on the needs of communities and are informed by local board plans.

Local board agreements for 2024/2025 have been agreed between each local board and the Governing Body and are set out in Part 2.

Diagram 1: The relationship between Auckland Council plans and agreements.

Local activities

Local boards have decision making responsibility for a range of activities, as set out in the following list.

1. Local Community Services
2. Local Planning and Development
3. Local Environmental Management
4. Local Governance.

Local board agreements outline for each activity area the key initiatives and funding for the 2024/2025 financial year.

1.3 Funding

Auckland Council has a shared governance model for making decisions on local activities. Under the Local Board Funding Policy, funding is allocated to local boards to deliver local services, through the following methods:

- 1. Asset based services** – the Governing Body allocates funds to deliver local activities based on decisions about region-wide service levels. This includes allocation of funds for local asset-based services, such as building a new swimming pool or library.
- 2. Locally driven initiatives** – an allocation is based on a formula applied to each local board, with the exception of Aotea / Great Barrier and Waiheke Local Boards who agree funding requirements with the Governing Body on an annual basis.
- 3. Governance services** – an allocation is based on the number of elected members and associated administrative costs for each local board.

The total estimated funding allocation for all 21 local boards over the 2024-2034 financial years is shown in following table. The budgets for each local board for the 2024/2025 financial year are included within the individual local board agreements in this volume.

2.8 Kaipātiki Local Board

He kōrero mai i te Heamana

Message from the Chair

Tēnā koutou,

As we look ahead into the next decade, I want to thank you for taking the time to help shape the future of Tāmaki Makaurau / Auckland. Council received 27,960 submissions in total and 1,168 of these were from the Kaipātiki Local Board area.

This agreement covers the first financial year of Council’s new Long-term Plan 2024-2034. The Kaipātiki Local Board consulted on its high-level priorities for the 2024/2025 financial year and Long-term Plan 2024-2034. These priorities come from our recently adopted 2023 Local Board Plan and cover the areas of local community, environment, parks, and planning. We were pleased that we received a majority support for investing in our stated priorities, meaning they are now included within this agreement.

We’re committed to continuing to work collaboratively with our community to lead and deliver the services that are needed and are relevant to you. This includes in community development and wellbeing, the natural environment, our parks and reserves, and our town centres. We are focused on ensuring that we continue to provide quality outcomes through investing in the operation, maintenance, and renewal of our facilities and services, in the most cost-effective way possible.

Investment in achieving high quality outcomes for the natural environment remains a top priority. In 2024/2025 we intend to invest over \$650,000 in environmental initiatives that span across our Local Community Services and Local Environmental Management activity areas.

We welcome increased decision-making over our local assets and services when compared to previous years. We are pleased that the Governing Body responded favourably to our concerns about redistributing local board budgets as part of the “fairer funding” proposal. We will continue to strongly advocate that the Governing Body provide the Kaipātiki Local Board with sufficient funding to maintain and build on services and assets invested in by previous generations.

We will keep our community updated on progress of this agreement as the year progresses, and as we head into year two of the Long-term Plan when our reorganised budgets are known.

Ngā mihi,

John Gillon

Kaipātiki Local Board Plan 2023

The Kaipātiki Local Board Plan 2023 sets out the aspirations the local board has for the area. The outcomes in the Kaipātiki Local Board Plan are:

Te Whai Wāhitanga me te Oranga

Belonging and wellbeing

Our people are engaged, connected, healthy, thriving, and are proud to live in Kaipātiki

Te Taiao

Environment

Our natural environment is restored and protected for future generations to enjoy

Ngā Wāhi me ngā Takiwā

Places and spaces

Our built environment is vibrant, well-maintained, reflects the culture and heritage of Kaipātiki, meets our people’s needs, and has a low impact on our climate

Te Ikiiki me ngā Tūhononga

Transport and connections

Our people have many transport options and can easily and safely move around and find their way

Te Āheinga me te Taurikura

The local board agreement outlined in this document reflects how we plan to support these outcomes through agreed activities in the 2024/2025 financial year. In addition, each local board carries out responsibilities delegated by the Governing Body in accordance with the delegated power, and with the general priorities and preferences in the local board plan.

Working with Māori

Delivering on Auckland Council’s commitment to Māori at a local level is a priority for local boards. The council is committed to meeting its responsibilities under Te Tiriti o Waitangi / the Treaty of Waitangi and its broader statutory obligations to Māori.

To meet this commitment, the Kaipātiki Local Board Plan seeks to deliver outcomes for Māori. Initiatives that deliver Māori outcomes are those which support Māori identity and culture, advance Māori well-being and support Māori to participate in local decision-making as identified in the “Kia Ora Tāmaki Makaurau” framework. Examples of this include:

- supporting activities such as weaving workshops, Mau Rākau sessions, kapa haka, and Matariki celebrations that showcase Māori identity and culture
- building relationships with local iwi, including Ngāi Tai ki Tāmaki, Ngāti Pāoa, Ngāti Whātua Ōrākei, Te Kawerau ā Maki, and Te Rūnanga o Ngāti Whātua
- building relationships with local mataawaka groups, including Awataha Marae Trust, Te Raki Paewhenua Committee, and He Oranga Wairua Marae Committee (formally known as Uruamo Maranga Ake Marae)
- working with mana whenua to restore names significant to Māori to our local parks through Te Kete Rukuruku programme
- incorporating te reo Māori into local programmes, services, and facility developments
- partnering with mana whenua on existing and new climate action and environmental projects that tautoko (support) kaitakitanga outcomes, such as the shoreline adaptation plan development and implementation

Appendix A: Advocacy initiatives

A key role of the local board is to advocate for initiatives that the local board may not have decision-making responsibility or funding for but recognise the value it will add to the local community.

The key initiatives that the local board advocated for as part of the long-term plan are in the table below. These advocacy initiatives were considered by the Governing Body when making decisions and some may continue to be considered by the council group throughout the duration of the Long-term Plan.

Initiative	Description
Local Board budgets	Advocate for sufficient funding to maintain facilities and the service provided through our parks, community facilities, and recreational spaces
Coastal assets	Advocate for investment into coastal assets around the Kaipātiki coastline, including continuing the budgets already tagged to the outcomes of the Little Shoal Bay Shoreline Adaptation Plan
Quality Development with adequate infrastructure	Advocate for and support the development of a quality compact, urban form that supports low carbon, resilient development, while ensuring adequate infrastructure to support it
Compliance investment	Advocate for increased resource for compliance enforcement teams so they can respond to all requests and complaints received in the Kaipātiki area
Improved public transport	Advocate to continue improving the bus and ferry network serving Kaipātiki through cheaper ferry and bus fares, maintaining our existing three ferry services – with increased frequency, and more buses going to more destinations more often
Targeted Rate investment	Advocate for the continued investment of the Water Quality, Natural Environment, and Climate Action Targeted Rates into Kaipātiki
Flood mitigation	Advocate for work to be undertaken to reduce flooding of the Wairau Valley, and to protect community assets such as the Eventfinda Stadium
Sport and Recreation investment	Advocate for an increase to, and greater share of, regional funding to support delivery of sport and recreation opportunities in Kaipātiki, including through the Regional Sport and Recreation Facility Investment Fund and Regional Sport and Recreation Facilities Operating Grant.
