1.1 Local board overview

SHARED GOVERNANCE MODEL

The Governing Body (mayor and 20 councillors)

- focus on big picture and Auckland-wide issues
- develop Auckland-wide strategies and plans
- decision making of regulatory activities such as bylaws, licencing, inspection and animal management.

21 local boards (chairperson and local board members)

- represent local communities
- provide local leadership
- make decisions on local issues and activities
- allocate local discretionary funding such as community grants and events
- input to regional strategies and plans
- advocate to the Governing Body and council-controlled organisations (CCOs) on behalf of local communities.

Introduction

Auckland Council has a unique model of local government in New Zealand, comprising the Governing Body (made up of the mayor and 20 ward councillors) and 21 local boards. The Governing Body focuses on Auckland-wide issues while local boards are responsible for decision making on local issues, activities and services and providing input into regional strategies, policies and plans. Together, this is a shared governance model where decisions can be made both regionally and locally.

Local board decision-making comes from three sources:

1. **Legislation** – local boards are responsible for activities such as community engagement, preparing local board plans, agreeing and monitoring local board agreements and communicating local views to the Governing Body on regional strategies, policies, plans and bylaws.
2. **Allocation of decision-making for non-regulatory activities** – the Governing Body has allocated decision-making responsibility for certain non-regulatory activities to local boards. Local boards make decisions on, and have oversight of, a broad range of local activities such as local parks, libraries, events, recreational facilities and community activities. Please see Volume 2, Part 3 for the Allocation of decision-making responsibilities for non-regulatory activities.
3. **Delegation of decision-making responsibilities** – the Governing Body may delegate responsibility for some regulatory activities to local boards and Auckland Transport may delegate some decision-making responsibilities to local boards. Please see Volume 2, Part 3 for the list of delegated responsibilities to local boards.

1.2 Developing local priorities

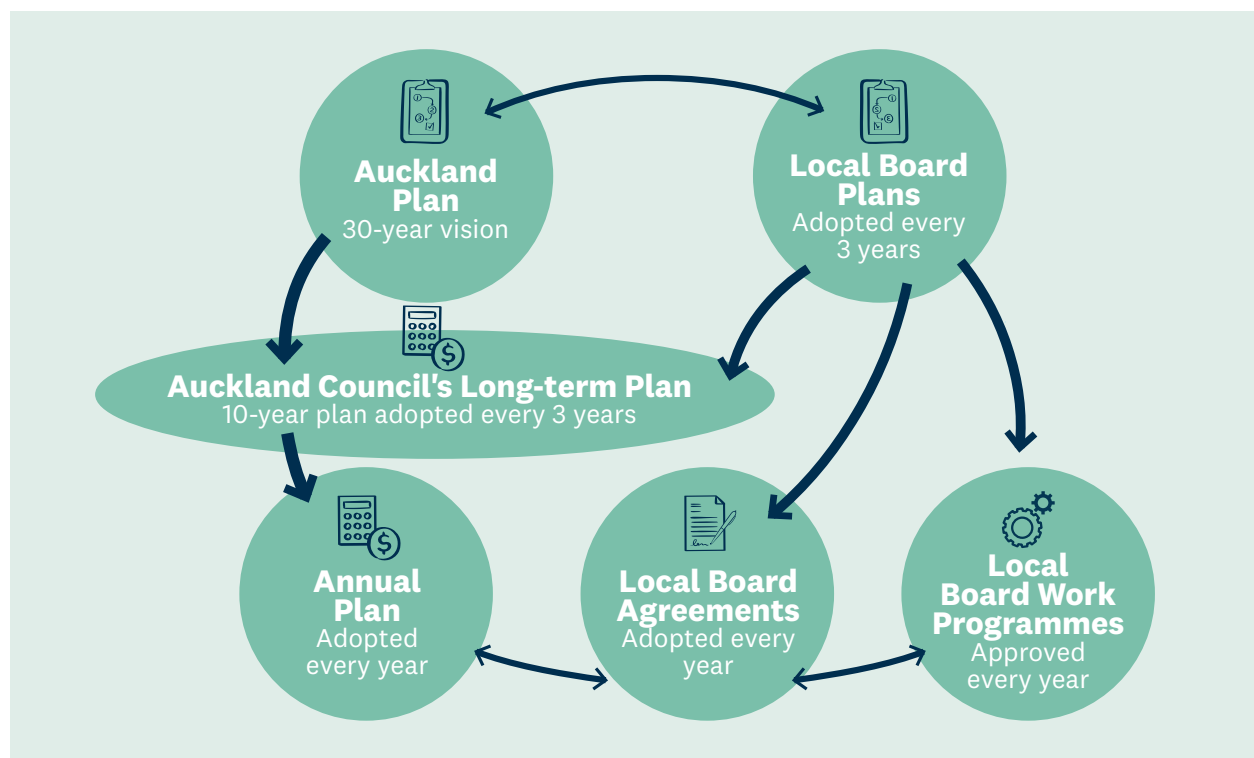

Local board plans are strategic documents that set the direction for local boards and also inform the 10-year budget (long-term plan). Reflecting community priorities and preferences, the plans are developed every three years to guide local board activity, funding and investment decisions. They also influence local board input into regional strategies and plans and provide a basis for developing local board agreements.

Every year, a local board agreement is agreed between the Governing Body and each local board. These local board agreements set out the activities to be provided in each local board area, how those local activities are to be funded, intended levels of service, performance measures and targets, for the year. The agreements take into account local board plan priorities but also reflect Governing Body decisions such as Auckland-wide priorities, budget constraints and trade-offs across all council activities.

Each local board also agrees annual work programmes in line with their local board agreement. These are operational and capital work programmes for the local activities for which they have decision-making responsibility. The work programmes contain specific initiatives and projects in greater detail than appears in a local board agreement. Local board work programmes play a critical role in delivering on the needs of communities and are informed by local board plans.

Local board agreements for 2024/2025 have been agreed between each local board and the Governing Body and are set out in Part 2.

Diagram 1: The relationship between Auckland Council plans and agreements.

Local activities

Local boards have decision making responsibility for a range of activities, as set out in the following list.

1. Local Community Services
2. Local Planning and Development
3. Local Environmental Management
4. Local Governance.

Local board agreements outline for each activity area the key initiatives and funding for the 2024/2025 financial year.

1.3 Funding

Auckland Council has a shared governance model for making decisions on local activities. Under the Local Board Funding Policy, funding is allocated to local boards to deliver local services, through the following methods:

1. **Asset based services** – the Governing Body allocates funds to deliver local activities based on decisions about region-wide service levels. This includes allocation of funds for local asset-based services, such as building a new swimming pool or library.
2. **Locally driven initiatives** – an allocation is based on a formula applied to each local board, with the exception of Aotea / Great Barrier and Waiheke Local Boards who agree funding requirements with the Governing Body on an annual basis.
3. **Governance services** – an allocation is based on the number of elected members and associated administrative costs for each local board.

The total estimated funding allocation for all 21 local boards over the 2024-2034 financial years is shown in following table. The budgets for each local board for the 2024/2025 financial year are included within the individual local board agreements in this volume.

2.16 Rodney Local Board

He kōrero mai i te Heamana

Message from the Chairperson

The last 12 months have been a challenge for all elected members in Auckland.

Post Cyclone Gabrielle, a tremendous effort and investment is being made to repair the damage to our infrastructure, roading network, parks and community facilities. In addition, the recovery office is working through the acquisition of high risk properties, and healthy waters staff are developing the “Making Space for Water” program that will allow further investment to make the city more resilient in future extreme weather events.

This has and will continue to place a financial burden on ratepayers and compromises have been required. Rodney Local Board has taken a pragmatic approach to our work programme and some things are clearly going to take a little longer to deliver than we had previously hoped.

Despite this, we continue to advocate for improved maintenance of our rural roading network, public transport and community facilities. Rodney has sustained decades of growth but in Kumeū we have had precious little transport and infrastructure investment. This same level of growth is set to continue in Dairy Flat and Warkworth.

To be effective, the elected members have needed to balance the vocal and passionately expressed wants of their local communities with the wider needs of the whole of Rodney and Auckland. This has been a steep learning curve for some. All in all, I feel we have done a creditable job.

Again, thank you for your feedback on what’s important to you. It has played a crucial role in our decision-making process.

Brent Bailey

Rodney Local Board Plan 2023

The Rodney Local Board Plan 2023 sets out the aspirations the local board has for the area. The outcomes in the Rodney Local Board Plan are:

Ō Tātou Tāngata

Our People

Our people support each other, have what they need to live well and are able to adapt to change

Tō Tātou Taiao

Our Environment

Our land, waterways and coastlines are cared for and protected.

Tō Tātou Hapori

Our Community

Our community facilities, libraries and parks are great places to connect, play and learn

Ō Tātou Wāhi

Our Places

Our towns, villages and rural areas are vibrant, prosperous, and liveable

Tā Tātou Waka

Our Transport

Our transport networks are safe, accessible, and well maintained

The local board agreement outlined in this document reflects how we plan to support these outcomes through agreed activities in the 2024/2025 financial year. In addition, each local board carries out responsibilities delegated by the Governing Body in accordance with the delegated power, and with the general priorities and preferences in the local board plan.

Working with Māori

Delivering on Auckland Council's commitment to Māori at a local level is a priority for local boards. The council is committed to meeting its responsibilities under Te Tiriti o Waitangi / the Treaty of Waitangi and its broader statutory obligations to Māori.

The Rodney Local Board acknowledges Te Uri o Hau, Ngāti Manuhiri and Ngāti Whātua o Kaipara, as mana whenua of the rohe and commits to foster an environment that allows for meaningful engagement, understanding their priorities and nurturing enduring relationships.

To meet this commitment, the Rodney Local Board Plan seeks to deliver outcomes for Māori. Initiatives that deliver Māori outcomes are those which support Māori identity and culture, advance Māori well-being and support Māori to participate in local decision-making as identified in the "Kia Ora Tāmaki Makaurau" framework. Examples of this include:

- Identifying opportunities to work together to build strong relationships with Mana Whenua and share information with Māori.
- Taking opportunities to create a Māori identity in our parks and facilities through actions such as naming or renaming and sharing stories about the area's heritage through interpretative signage
- Encourage use of Mana Whenua design features in parks and facilities such as Shoesmith Reserve playground
- Promote the use of Te Reo Māori in places and spaces.
- Provide support and promote significant events such as Waitangi Day and Matariki and encourage stories of Māori culture and history through our network of libraries in Rodney
- A funded project of Celebration of Māori and Māori Zero Waste Practices that provides a space where Māori will feel valued through a celebration of their history and zero waste practices.

Rodney Local Board Transport Targeted Rate

The Rodney Local Board Transport Targeted Rate (RLBTTR) was introduced mid-2018 to accelerate transport investment in the Rodney Local Board Area. Ring-fenced for transport projects not included in the Regional Land Transport Plan, the RLBTTR supports and funds transport services identified as a priority by the Rodney community. The \$150 per annum rateable property charge is projected to raise \$46 million over ten years to pay for new bus services and bus stops, park and ride facilities, footpaths and unsealed road improvements.

Bus services: Three bus services have been introduced (route 998, route 128 and route 126). Twenty new bus stops have been installed to support these bus routes, several following specific requests from the community. A new one-way loop bus service (999 route) to enhance accessibility to public transport for local commuters in Warkworth along with six new bus stops will begin later in 2024.

Footpaths project: A key priority for the local board and Rodney's communities is expanding the footpath network in and between towns and villages to make it safer and easier for people to get around. Criteria for footpath funding includes footpaths situated on busy school routes, on well-used pedestrian routes and that link existing areas to new developments.

Unsealed Road Improvement Programme: In November 2023 the local board approved funding from the targeted rate for the unsealed roading improvement programme of roads in the Warkworth subdivision to be subsidised 50/50 by New Zealand Transport Agency Waka Kotahi.

Appendix A: Advocacy initiatives

A key role of the local board is to advocate for initiatives that the local board may not have decision-making responsibility or funding for but recognise the value it will add to the local community.

The key initiatives that the local board advocated for as part of the long-term plan are in the table below. These advocacy initiatives were considered by the Governing Body when making decisions and some may continue to be considered by the council group throughout the duration of the Long-term Plan.

Initiative
<p>Advocate to Auckland Transport for increased funding in the 10-year budget (long-term plan) for rural roads that are resilient including:</p> <ul style="list-style-type: none"> • \$124 million for Auckland Transport’s Unsealed Roads Improvement Programme to improve unsealed roads through strengthening and other methods • An increase of funding, ring-fenced for maintenance and renewals exclusively, that allows Auckland Transport to renew and maintain at least eight to nine per cent of Auckland’s roads in any given year as per Auckland Transport’s Asset Management Plan.
<p>Advocate to the Governing Body for sensitive planning to avoid any impact on our natural landscapes with high biodiversity values, working with the environment to protect and preserve it.</p>
<p>Advocate to the Governing Body for adequately resourced and effectively enforced environmental compliance to both public and private entities to protect our environment.</p>
