### Comparison of Council Funding to Opex Costs - Annual

Compared to the two most similar galleries in scale and function Te uru is significantly underfunded for an institution of its stature and size.

### A Comparison of Staffing Numbers

Compared to the two most similar galleries in scale and function Te Uru is significantly understaffed.

### Comparison of Actual Salaries

Compared to the two similar galleries for which we have data Te Urur is currently unable to meet the market expectations for our key roles.

### Electricity 40%

### Insurance 55%

### Cleaning 40%

### Wages 2.5%

The core costs to simply keep Te Uru's doors open have increased remarkably over the last 5 years.

## How is the Funding Spent?

● All Other Opex Costs

● Energy & Building Costs

● Wages

With increasing costs across the board Te Uru is struggling with a small staff and limited access to external funding to cover the costs of running such a large and prestigious gallery.

### Comparison of Actual CPI Increases and Auckland Council CPI Adjustments to Annual Grant

	STATS NZ	AC CPI Adjusment
2023-2024	4.7	2
2022-2023	6	2.2
2021-2022	7.3	2.75
2020-2021	3.3	1.25
2019-2020	1.5	1.5

What would \$93,500 afford:	
Full Time Technician	\$36,400.00
Industry Payrates	\$35,000.00
Increased Power ETC	\$22,100.00

Te Uru’s funding has not kept up with inflation making it difficult to keep up with the salary expectations for key roles that add to the galleries success.

## Message from the Chair

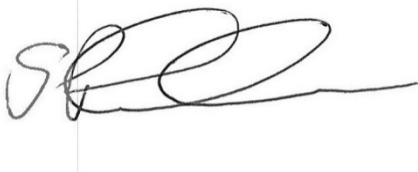

It has been over a year since the storm and flooding events of 2023. Progress towards recovery out west has been made, though some are still recovering. Supporting our communities to be more resilient is a priority for the Waitākere Ranges Local Board, and we intend making further progress on this throughout 2024 and 2025.

Auckland Council has asked for your say on various issues of importance this year. In February and March, we consulted on the proposed Long-term Plan (LTP). We wanted to hear your thoughts on regional proposals and the board's proposed priorities and advocacy items. In May, we formalised our feedback on the LTP. As part of this, we presented to Council on some of the key projects we believe need further resourcing and funding, including making improvements to Glen Eden, a greater emphasis on environmental protection and better resourcing of the Waitākere Ranges Heritage Area.

The Waitākere Ranges Heritage Area is an area of national significance with its own legislation, the Waitākere Ranges Heritage Area Act. This legislation underpins much of our work as a local board as the Heritage Area is a key focus for us. We have heard our community express how important this area is to them, yet we believe its funding is inadequate and that we can and should do better.

I would like to take this opportunity to thank everyone for their feedback and also for the tremendous amount of voluntary work that happens out west. With the help of the community, we intend to continue to work on protecting and enhancing the area. Where we live is very special, and it deserves our ongoing care and attention.

Ngā mihi,

## Waitākere Ranges Local Board Plan 2023

The Waitākere Ranges Local Board Plan 2023 sets out the aspirations the local board has for the area. The outcomes in the Waitākere Ranges Local Board Plan are:

### Ō Tātou Tāngata

Our distinctive and diverse communities are thriving, resilient and adaptable. People are connected, feel a sense of belonging, and work together to support wellbeing.

### Tō Tātou Taiao

#### **Our Environment**

Biodiversity is enhanced, significant ecological areas are protected and restored as a sanctuary for native plants and wildlife. Our people are connected to and care for the environment. The mauri of our freshwater streams, the Manukau Harbour, and West Coast lagoons and wetlands are restored.

We have thriving town and village centres, connected by a reliable, resilient and sustainable transport network. The Waitākere Ranges Heritage Area is protected and restored for current and future generations. The relationship with Te Kawerau ā Maki and Ngāti Whātua is acknowledged.

### Tā Tātou Ōhanga

#### **Our Economy**

Sustainable local economic activity is supported. Our business centres are active and successful. Home-based businesses and innovation are fostered. Opportunities for rural activities continue.

The local board agreement outlined in this document reflects how we plan to support these outcomes through agreed activities in the 2024/2025 financial year. In addition, each local board carries out responsibilities delegated by the Governing Body in accordance with the delegated power, and with the general priorities and preferences in the local board plan.

## Working with Māori

Delivering on Auckland Council's commitment to Māori at a local level is a priority for local boards. The council is committed to meeting its responsibilities under Te Tiriti o Waitangi / the Treaty of Waitangi and its broader statutory obligations to Māori.

To meet this commitment, the Waitākere Ranges Local Board Plan seeks to deliver outcomes for Māori. Initiatives that deliver Māori outcomes are those which support Māori identity and culture, advance Māori well-being and support Māori to participate in local decision-making as identified in the "Kia Ora Tāmaki Makaurau" framework. Examples of this include:

- strengthening our governance partnerships with mātāwaka and mana whenua partners
- support for local projects and activities that contribute towards Māori educational, cultural, leadership, and employment outcomes, such as funding rangatahi-led Matariki activations
- taking opportunities to create a Māori identity in our parks and facilities through actions such as naming or renaming and sharing stories about the area's heritage through interpretative signage
- an operational maintenance contribution to Hoani Waititi Marae
- providing funding for mana whenua engagement governance hui.

## Appendix A: Advocacy initiatives

A key role of the local board is to advocate for initiatives that the local board may not have decision-making responsibility or funding for but recognise the value it will add to the local community.

The key initiatives that the local board advocated for as part of the long-term plan were:

Initiative	Description
<b>Waitākere Ranges Heritage Area funding</b>	The Waitākere Ranges Local Board urge council to fund the Waitakere Ranges Heritage Area projects to an appropriate level, noting our support for Te Kawerau ā Maki's proposal to increase the fund to \$5 million per year. We consider this increase as consistent with Council's obligations under section 22 of the Waitākere Ranges Heritage Area Act.
<b>Surf Club Funding</b>	We support accelerated funding for reconstruction of Te Henga / Bethells Surf Life Saving Club which is extremely compromised.
<b>Te Kawerau ā Maki Marae</b>	We fully support Auckland Council providing significant support for Te Kawerau ā Maki's plans to construct a marae at Te Henga.
<b>Bus services to outer area</b>	The Board fully supports a trial of public transport services to commence, with shuttle services to Piha and Huia.
<b>Glen Eden town centre</b>	We support Glen Eden town centre redevelopment being promoted. We also note that previous plans for improvement were completed in 2010, 2013 and 2018 (local board OLI) and the Waitākere Ranges Local Board lost \$3.5 million of its Transport Capital Funding, which was set aside but for the Glen Eden OLI.
<b>West Auckland pool</b>	The Board fully supports the construction of a second and third pool in West Auckland in Whau and in Henderson-Massey local board areas. We note that West Wave is consistently packed and that while Central Auckland has six pools, East Auckland has two, the North Shore has five and South Auckland has seven, West Auckland only has one publicly owned pool.

## Appendix B: How to contact your Local Board
