

National Environmental Standards for Commercial Forestry Permitted Activity Notification

The NES-CF regulations require those undertaking an activity in a forestry block greater than one hectare to give notice to the Council. These activities include afforestation, forestry quarrying, river crossings, earthworks, harvesting, and replanting.

You must use this form to notify Auckland Council of the proposed commercial forest activities you intend to undertake as a **permitted activity**.

Please email the completed form and any associated documents to: monitoring@aucklandcouncil.govt.nz.
