# **Summary of the Annual Plan 2025/2026 — Te Whakarāpopoto o te Mahere ā-Tau 2025/2026**

## **We're getting on with it**

Our proposed Annual Plan 2025/2026 focuses on getting on with year two of our Long-term Plan (LTP) 2024-2034. It continues to progress the financial and physical resilience committed to in our LTP, while building a more efficient council focussed on value for money for Aucklanders.

In 2025/2026 that includes prioritising investment in transport, water and enabling local boards to better respond to the needs of their communities.

Our proposed annual plan does this in a way that continues to recognise cost of living concerns while providing for our communities of greatest need.

## **Bed night visitor levy**

In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals like Diwali but that without a bed night visitor levy, we would have a \$7 million budget shortfall for funding of major events such as the ASB Classic, Auckland Marathon and Auckland Writers Festival. A bed night visitor levy requires central government legislation. As we consult on this annual plan,

we continue to work with central government on this. They have yet to provide a commitment, or assurance that this will happen. As we continue to advocate for this, we welcome your views about introducing a bed night visitor levy paid by visitors who stay in short-stay commercial accommodation to fund major events and destination management and marketing activity.

## **Delivering on our vision**

We are creating an Auckland that is beautiful, thriving and safe for all Aucklanders.

Our proposed annual plan supports this vision by:

- delivering key programmes across seven areas of Investment: Transport, Water, Built environment, Natural environment, Community, Economic and cultural development and Well-managed local government.
- delivering \$4 billion of capital expenditure for the 2025/2026 financial year; investing in assets such as roads, pipes and transport infrastructure to provide further services to Aucklanders and build a more resilient region.
- implementing fairer funding for local boards. This enables local boards to better respond to the needs of their communities. The annual plan begins to address the funding imbalances between the 21 local boards

that have been in place since Auckland Council was established in 2010.

- setting an overall rates increase of 5.80 per cent for the average value residential property for 2025/2026, or around \$223 a year (\$4.29 a week). This is in line with what we said in the LTP.

We encourage you to read more in our consultation document before giving your feedback. Please share your thoughts through this consultation on what you think of our proposed annual plan.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities.

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

For more information, read **Part one (print pages 5-15)** of the Consultation document.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to

central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short— stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

For more information, read **print page 8** of the Consultation document and section four of the Supporting information.
